**Identities obreras pretéritas** Eleocadio Martínez Silva, presente trabajo busca evidenciar la existencia de culturas e identidades obreras vivas en América Latina; concretamente, pone la mira en los trabajadores que experimentan procesos de reestructuración industrial en México y que han permanecido inmersos en la (re)construcción continua de la identidad social, en un contexto en que la profesión que ejercen de por vida parece estar en vías de extinción, y, con ella, la extinción de todo un mundo de valores fundamentados en la actividad laboral.

Más que tiempo Hernando Bayona-Rodríguez, 2023-05-29 Más que tiempo. Experiencias destacadas de ampliación de la jornada escolar en Bogotá es un libro escrito por maestros para maestros. Aquí se presentan los resultados de la sistematización de diez experiencias de instituciones educativas en Bogotá que han implementado la jornada única o

extendida. Cada equipo de trabajo comparte su proceso a partir de su trayectoria profesional e institucional. Esta diversidad de formatos da cuenta de la pluralidad que caracteriza la apropiación y la traducción de una política como la de jornada única. Los agentes institucionales —en este caso, maestros, estudiantes y directivas— interpretan y recontextualizan la invitación que hace el gobierno distrital de ampliar la jornada según sus contextos, necesidades particulares, proyecto educativo institucional y enfoques. Al leer la obra completa el lector descubre una riqueza tal de imaginación pedagógica que servirá de inspiración para aquellas instituciones que decidan emprender el trabajo de ampliar su jornada. En esta obra encontrarán suficientes indicaciones y experiencias como para imaginar su propio camino.
