Sebastian Brünink

Las escuelas de artes y oficios en Colombia (1860-1960) Alberto Mayor,Cielo Quiñones,Gloria Barrera,Juliana Trejos,2013-05-17 Las escuelas de arte y oficios en Colombia reflexiona en torno a un tema que esperó por muchos años para ser documentado convenientemente. Un siglo es el itinerario temporal escogido por los investigadores, quienes emprendieron la tarea de recolectar, analizar y proponer evidencias de un fenómeno múltiple y complejo. Además, siguen con dedicación el impacto de la creación de las escuelas dedicadas a enseñar artes y oficios para mostrar un panorama sorprendente y enriquecedor.

Paisajes culturales mineros y geoparques en España María del Carmen Cañizares Ruiz,2024-07-10 La reformulación de los conceptos de patrimonio -que se ha ampliado notablemente- o de paisaje -que incluye la percepción de la población- despierta un notable interés, especialmente cuando estos se vinculan al desarrollo territorial. Desde el análisis patrimonial del territorio y con el acento en los paisajes culturales, destacamos los recursos con valor que conforman el patrimonio industrial minero a partir de elementos materiales (pozos, construcciones, maquinaria, etc.) e inmateriales (fiestas y tradiciones, eventos, memoria del trabajo, etc.). Muchos de ellos se localizan en cuencas mineras ya clausuradas, generalmente en territorios en crisis y poco poblados, y han sido puestos en valor a través de intervenciones que permiten su musealización. En concreto, analizamos los Geoparques Mundiales UNESCO, centrándonos en los recursos del patrimonio industrial minero y el patrimonio geológico que diversos geoparques de España han incorporado como factor esencial de su oferta, lo que ha reforzado sus atractivos didácticos, técnico-científicos y turísticos. Visibilizar sus paisajes culturales mineros no solo les permite singularizarse, sino que sirve para aprovechar su potencial geoturístico, principalmente desde el enfoque teórico de la resiliencia territorial y el desarrollo sostenible.

Porfirio Díaz. Su vida y su tiempo I Carlos Tello Díaz,2015-09-15 De Carlos Tello, ganador del Premio Mazatlán de Literatura 2016. Porfirio Díaz. Su vida y su tiempo es la biografía definitiva sobre esta figura indiscutible de nuestra historia. Sin redimir ni satanizar, este libro es el mayor esfuerzo por contar las cosas como en realidad sucedieron. Héroe para unos, villano para otros. Una biografía más justa y argumentada de una de las figuras más importantes de la historia de México. La guerra, primera entrega de tres, descubre pasajes de la vida de Porfirio Díaz antes de su ascensión al poder. Porfirio Díaz. Su vida y su tiempo narra la historia de uno de los personajes más fascinantes en la historia de México. Héroe para unos, villano

para otros, su vida de soldado ilustra en plenitud una novela de aventuras del siglo XIX. Es el tema que aborda La guerra. Díaz nació en un mundo donde la gente despertaba a las cuatro de la madrugada para rezar el Rosario; formó parte de la generación que derribó a sablazos aquel mundo durante la Reforma y destacó como nadie en la lucha contra la Intervención y el Imperio. Sus fugas de prisión y sus hazañas de guerra fueron legendarias, y lo convirtieron, a los treinta y seis años, en el general más popular del Ejército de la República. Esta biografía retrata al militar y al estadista, pero también somete a revisión al hombre, con todas sus debilidades y su grandeza. Basada en documentos apenas conocidos, en archivos perdidos en los confines del país, y también en recuerdos de familia, está escrita con la maestría del historiador Carlos Tello Díaz.

Porfirio Díaz. Su vida y su tiempo II Carlos Tello Díaz, 2018-09-28 Uno de los personajes más fascinantes en la historia de México. Porfirio Díaz. Su vida y su tiempo es la biografía definitiva sobre esta figura indiscutible de nuestra historia. Sin redimir ni satanizar, este libro es el mayor esfuerzo por contar las cosas como en realidad sucedieron. Al triunfar la República contra la Intervención y el Imperio, los liberales conquistaron el poder en México, pero fueron consumidos por la discordia, divididos con respecto de la reelección del presidente Juárez. Unos estaban a favor; otros estaban en contra. Los que estaban en contra postularon la candidatura de Porfirio Díaz, el general más popular del Ejército de la República, hasta entonces amigo y aliado de don Benito. Así comienza la historia que cuenta La ambición (1867-1884), continuación de La guerra (1830-1867), obra galardonada con el Premio Mazatlán de Literatura. El libro relata los años trágicos de Porfirio en la finca de La Noria; el fracaso de su rebelión contra Juárez; su paso por La Habana, Nueva York y San Francisco; las vicisitudes que vivió hasta triunfar en la revolución que lo llevó a la Presidencia. Narra con detalle la defensa que hizo de la patria frente a la amenaza de guerra con los Estados Unidos y rescata, también, el telegrama en clave donde ordenó reprimir la rebelión de Veracruz, que pasó a la historia con la frase Mátalos en caliente. Esta biografía retrata al rebelde y al estadista, pero también al hombre. Privilegia la voz de los protagonistas de los hechos, que escuchamos a través de sus cartas, sus diarios y sus testimonios, rescatados de los archivos por el historiador Carlos Tello Díaz.

State And Capital In Mexico James M Cypher, 2019-06-04 For the past twenty-eight years I have traveled to and periodically lived in Mexico. As an extranjero I have enjoyed the advantage of association with nearly every social strata-from descamisados in ciudades perdidas to members of the elite. These have been my maestros, and I owe them a great deal.

Humanities Lawrence Boudon,2002-08-01 Beginning with volume 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is the oldest continuing reference work in the field. Lawrence Boudon became the editor in 2000. The subject categories for Volume 58 are as follows: Electronic Resources for the Humanities Art History (including ethnohistory) Literature (including translations from the Spanish and Portuguese) Philosophy: Latin American Thought Music

Improving Health and Nutrition through Bioactive Compounds Maira Rubi Segura Campos,2024-11-22 Improving Health and Nutrition through Bioactive Compounds: Benefits and Applications presents bioactive compounds and functional foods as a therapeutic approach to disease and overall health and well-being. It covers various bioactive compounds, including peptides, phenols, and flavonoids as foods to consider for complementary treatment in disease management. Written for nutrition researchers, food scientists, graduate students and other food science and health professionals, this book is a welcomed reference for those who wish to better understand the role of bioactive compounds and functional foods in the treatment and prevention of disease. - Highlights dietary alternatives to health management and disease treatment and prevention - Covers bioactive constituents of foods, phytochemicals, and the effect of digestion or processing on food components - Considers the link between food composition and processing on the nutritional and functional quality of foods, along with the role of diet in enhancing consumer health

Arquitectura y universidad para la ciudad ,2003

Estado y capital en México James M. Cypher,1992 Desde los días de la Revolución, México ha pasado por tres etapas de relación entre Estado y capital: primero, un Estado capitalista-rentista (1940-1982) y, por último, un Estado neoliberal. Esta “evolución en retroceso” tiene, según el profesor californiano Cypher, un punto crucial de inflexión en 1982 con el colapso de la bonanza petrolera. El examen de la política económica durante ese proceso es muy aleccionador. El libro termina con “el gran fracaso económico del Pacto de Solidaridad” de De la Madrid, con el “programa estatal de desmantelamiento del Estado” y con la “implacable redistribución del ingreso hacia arriba”.

Jurisprudencia civil Spain. Tribunal Supremo,1886

Urban Interactions Michael J. Kelly,Michael Burrows,2020 This volume is dedicated to eliciting the interactions between localities across late antique and early medieval Europe and the wider Mediterranean. Significant research has been done in

recent years to explore how late Roman and post-Roman cities, towns and other localities communicated vis-à-vis larger structural phenomena, such as provinces, empires, kingdoms, institutions and so on. This research has contributed considerably to our understanding of the place of the city in its context, but tends to portray the city as a necessarily subordinate conduit within larger structures, rather than an entity in itself, or as a hermeneutical object of enquiry. Consequently, not enough research has been committed to examining how local people and communities thought about, engaged with, and struggled against nearby or distant urban neighbors. *Urban Interactions* addresses this lacuna in urban history by presenting articles that apply a diverse spectrum of approaches, from archaeological investigation to critical analyses of historiographical and historical biases and developmental consideration of antagonisms between ecclesiastical centers. Through these avenues of investigation, this volume elucidates the relationship between the urban centers and their immediate hinterlands and neighboring cities with which they might vie or collaborate. This entanglement and competition, whether subterranean or explicit across overarching political, religious or other macro categories, is evaluated through a broad geographical range of late Roman provinces and post-Roman states to maintain an expansive perspective of developmental trends within and about the city.

Art and Identity in Spain, 1833-1956 Claudia Hopkins, 2024-08-08 Richly illustrated, this is the first study in English to explore the longevity of Orientalist art in Spain over a period of 120 years. It highlights how artists in Spain shaped perceptions of Al-Andalus (Iberia under Islam 711-1492) and northern Morocco, from Spain's liberal revolution of the 1830s to the end of the Protectorate of Morocco in 1956. Combining art history with a cultural studies approach, and using exemplary case studies, Hopkins foregrounds the diverse issues that underpin Orientalist expression: reflections on history and the nation, cultural nationalism, gender and sexuality, aesthetics and art commerce, colonialism and racial thinking. In the process, the book challenges over-familiar understandings of Western Orientalism. Beyond Fortuny and Sorolla, many unfamiliar artists and exhibitions are introduced, amongst them Villaamil, whose nostalgic landscapes evoked the loss of Andalusi culture; Bécquer, who celebrated Spanish-Moroccan peace-making through the lens of Velázquez; the Symbolist Rusiñol, whose images of the Alhambra are infused with melancholy; Morcillo, whose extraordinary camp images opened a new space for male subjectivity; Tapiró and Bertuchi, who dedicated their lives to Morocco, and the Moroccan Sarghini, who participated in the state-funded Painters of Africa exhibitions in Franco's Madrid - an annual exhibition that served the colonial concept of a Hispano-Moroccan brotherhood under the dictatorship. This book traces the shifting impulses and meanings of Orientalist expression in Spain. It makes an original intervention in the field of Spanish art studies and contributes new material to the ongoing debates about Western Orientalism.
