*Literatura latinoamericana mundial* Gustavo Guerrero,Jorge J. Locane,Benjamin Loy,Gesine Müller,2020-01-20 From the perspective of Latin American Studies, this volume offers a critical contribution to the current debate on world literature. It is structured around three conceptual blocks: gatekeepers, as the dispositives and actors mediating the international circulation of literature; translation, as an unavoidable but always problematic mechanism; and local literatures, as modes of writing that remain intrinsically tied to their contexts.

**Ojo sociológico** Jesús M. de Miguel,2022 Esta obra aborda la investigación de la realidad social con imágenes. Analiza el canon visual, centrándose en las imágenes en movimiento, conocidas como documentales y también como vídeos. Estudia en detalle una docena de los mejores proyectos visuales realizados en los últimos cien años. Se complementa con las películas accesibles (gratuitamente) con los enlaces Web que se reseñan en cada capítulo, especialmente en Youtube. Presenta además una decena de «películas híbridas» — entre ficción y documental— que sirven para seguir investigando. Se trata de un texto válido para las diversas ciencias sociales. Su objetivo es doble. En primer lugar analiza la forma en que las imágenes en movimiento (películas, documentales, y vídeos) muestran la realidad contribuyendo al mismo tiempo al cambio social. En segundo lugar motiva y estimula para que las personas que lean el texto — y visionen los filmes— decidan algún día producir documentales sociales similares. La sociología visual está poco desarrollada en España, pero es cada vez más importante. A su lectura hay que agregar la de la monografía Sociología Visual (de Jesús M. De Miguel y Carmelo Pinto) accesible, próximamente, en abierto en la librería del CIS. Para cuestiones y preguntas se puede contactar directamente con el autor en mananaconsulting@gmail.com
