Narrative Inquiries of School Reform Cheryl J. Craig, 2003-05-01 This book culminates five years of extensive field-based inquiry with teachers and principals in four reforming school contexts. It arises from living alongside teachers and principals, entering into their realities, engaging them in conversations, seeing school life through their eyes, and employing the words and images they use to wrap around their experiences. It involved thinking narratively about schools as sites of high drama within which teachers and principals negotiate meaning as knowledgeable and knowing human beings. It gave primacy to everyday events taking shape on school landscapes. It meant creating spaces and devoting enormous amounts of time to observing and listening hard to what teachers and principals say and do when reform initiatives become personally lived in context--from their points of view.

The Raven and the Monkey's Paw Edgar Allan Poe, Edith Wharton, Saki, Charles Dickens, O. Henry, 2012-08-22 The third in the Modern Library's series of original compilations, *The Raven and the Monkey's Paw* is a collection of classic tales and poems to engage our fear-seeking senses. The beauty of these stories and poems lies in their readability: ideal for sharing aloud around the campfire or for a quick, thrilling dip . . . under the covers with a flashlight. The writing itself sends as many awe-inspired shivers down the spine as do the ghosts and goblins on these pages. Edgar Allan Poe, the master of the horror story and the chiming lyric poem, opens the volume with his best-loved stories: *The Murders in the Rue Morgue*, *The Black Cat*, *The Fall of the House of Usher*, *The Pit and the Pendulum*, *The Premature Burial*, *The Tell-Tale Heart*, *Berenice*, and *Ligeia*. Every bit as chilling now as on the day they were written, these tales retain their power to stir the reader again and

again. Poe, who was as well known for his poems as for his stories, is also represented by such verse standards as *The Raven*, *Lenore*, *To Helen*, *Ulalume*, and *Annabel Lee*, among others. Numerous other practitioners of the supernatural story are included: Edith Wharton, with her gripping *Afterward*; Charles Dickens and his famed ghost story *The Signalman*; W. W. Jacobs, with this compilation's inspiration, *The Monkey's Paw*. Also here are Saki's engrossing *Sredni Vashtar*; O. Henry's story of love lost and hopes dashed, *The Furnished Room*; Wilkie Collins's lively *A Terribly Strange Bed*; and *The Boarded Window*, Ambrose Bierce's tale of the bizarre. A year-round collection for reading aloud—and frightening your friends—*The Raven and the Monkey's Paw* will gratify all manner of thrill-seekers.

Teaching Tainted Lit Janet G. Casey, 2015-11-15 Popular American fiction has now secured a routine position in the higher education classroom despite its historic status as culturally suspect. This newfound respect and inclusion have almost certainly changed the pedagogical landscape, and *Teaching Tainted Lit* explores that altered terrain. If the academy has historically ignored, or even sneered at, the popular, then its new accommodation within the framework of college English is noteworthy: surely the popular introduces both pleasures and problems that did not exist when faculty exclusively taught literature from an established “high” canon. How, then, does the assumption that the popular matters affect teaching strategies, classroom climates, and both personal and institutional notions about what it means to study literature? The essays in this collection presume that the popular is here to stay and that its instructive implications are not merely noteworthy, but richly nuanced and deeply compelling. They address a broad variety of issues concerning canonicity, literature, genre, and the classroom, as its contributors teach everything from Stephen King and Lady Gaga to nineteenth-century dime novels and the 1852 best-seller *Uncle Tom’s Cabin*. It is no secret that teaching popular texts fuels controversies about the value of cultural studies, the alleged relaxation of aesthetic standards, and the possible “dumbing

down” of Americans. By implicitly and explicitly addressing such contentious issues, these essays invite a broader conversation about the place of the popular not only in higher education but in the reading lives of all Americans.
