UFOs Karl Svozil, 2023-08-01 Unidentified phenomena in space, in the Earth's atmosphere, and in waters are too important to leave their exploration to the military and scientific laypersons. Their proper scientific study is important for a variety of reasons; in particular, scientists and the public at large need to know the basic facts, to be informed about the way evidence is recorded, and to understand the difference between reliable evidence and fiction, as well as between plausible explanations and fantasy. With this objective, the book surveys the history of UFO observations, the variety of recorded phenomena, and recounts the efforts of investigative commissions and their published findings. Although wild rumors are demystified in the process, this is not an exercise in rumor-bashing. An open and at the same time critical mindset is the key. Many narratives and hypothesis appear implausible relative to our present state of knowledge; but this alone should not lead to their outright exclusion. Thus the author also pays attention to UFO sightings that have so far eluded explanation in terms of known physics or meteorology. Here the reader will encounter some of the more speculative but scientifically tenable proposals, for example, relating to sudden zigzag motion without apparent inertia or recognizable propulsion, yet always with a clear guide to their plausibility. Last but not least, the book outlines plans and suggestions for future research capable of revealing the existence and intentions of extraterrestrial intelligences, outer-space engineers, or technologies so far known only from science fiction.

Comparing Religions Jeffrey J. Kripal, Ata Anzali, Andrea R. Jain, Erin Prophet, Stefan Sanchez, 2024-03-15 Teaches students the art and practice of comparison in the globalizing world, fully updated to reflect recent scholarship and major developments in the field Comparing Religions: The Study of Us that Changes Us is a wholly original, absorbing, and provocative reimagining of the comparative study of religion in the 21st century. The first textbook of its kind to foreground the extraordinary or “paranormal” aspects of religious experience, this innovative volume reviews the fundamental tenets of the world’s religions, discusses the benefits and problems of comparative inquiry, explores how the practice can impact a

person's worldview and values, and much more. Asserting that religions have always engaged in comparing one another, the authors provide insights into the history, trends, debates, and questions of explicit comparativism in the modern world. Easily accessible chapters examine the challenges of studying religion using a comparative approach rather than focusing on religious identity, inspiring students to think seriously about religious pluralism as they engage in comparative practice. Throughout the text, a wealth of diverse case studies and vivid illustrations are complemented by chapter outlines, summaries, toolkits, discussion questions, and other learning features. Substantially updated with new and revised material, the second edition of *Comparing Religions: Draws from both comparative work and critical theory to present a well-balanced introduction to contemporary practice* Explains classic comparative themes, provides a historical outline of comparative practices, and offers key strategies for understanding, analyzing, and re-reading religion Draws on a wide range of religious traditions to illustrate the complexity and efficacy of comparative practice Embraces the transcendent nature of the religious experience in all its forms, including in popular culture, film, and television Contains a classroom-proven, three-part structure with easy-to-digest, thematically organized chapters Features a companion website with information on individual religious traditions, additional images, a glossary, discussion questions, and links to supplementary material *Comparing Religions: The Study of Us that Changes Us, Second Edition*, is the perfect textbook for undergraduate students and faculty in comparative religion, the study of religion, and world religions, as well as a valuable resource for general readers interested in understanding this rewarding area.

Ovnis - Briser le silence Daniel Robin, Sarah Witeneim, 2025-04-07 Que s'est-il passé dans les milieux du Renseignement et dans certains cercles fermés des milieux de l'armée américaine pour que des « objets inconnus » (UAP : Unidentified Anomalous Phenomena) qui n'existaient pas officiellement auparavant, et à tout le moins ne représentaient pas une menace directe pour les États-Unis, occupent soudain le devant de la scène médiatique ? Le Renseignement et les militaires ont-ils découvert « quelque chose » de si important concernant les UAP qu'ils ne pouvaient plus se taire ? C'est à ces questions, et à bien d'autres encore, que tente de répondre cette étude exceptionnelle entreprise par quelques-uns des meilleurs spécialistes de la question ovni en France. Sarah Witeneim, Daniel Robin et Jean-Jacques Velasco nous offrent ici une somme de connaissances peu connues du public. Ils révèlent les agissements de certaines « officines secrètes » qui cherchent à comprendre comment fonctionnent les UAP pour en tirer un avantage en termes d'armements. Les grandes puissances de notre planète se livrent en effet une guerre secrète sans merci, avec pour objectif de mettre au point des technologies incroyables issues de la rétro-ingénierie. Le complexe militaro-industriel ne peut se permettre de perdre la main sur ces technologies totalement disruptives, et ce livre montre, sans doute pour la première fois, quels moyens criminels il utilise pour faire taire ceux qui voudraient s'opposer à ses objectifs.

Obcy wśród nas Konrad Bartkiewicz, 2025-04-08 Czy obce cywilizacje naprawdę istnieją? A może stanowią jedynie

wytwór ludzkiej wyobraźni? Książka „Obcy wśród nas” stanowi fascynującą eksplorację jednego z najbardziej intrygujących pytań naszych czasów: Czy jesteśmy sami we wszechświecie? Autor, od ponad dwudziestu lat dążący do poznania prawdy, łączy naukową dociekliwość z głęboką analizą społeczną i polityczną. Jak sam przyznaje: „Jestem sceptykiem w odniesieniu do propagowanych teorii spiskowych i każdej nowo wygłaszanej teorii naukowej. Moim zamierzeniem było ukazanie prawdziwości zjawiska UFO pod kątem czysto naukowym, politycznym i psychosocjologicznym”. Autor analizuje, czy obecność obcych cywilizacji to realne zjawisko, czy może manipulacja mająca na celu kontrolę społeczeństwa. Skupia się na fundamentalnych zagadnieniach: Kim jesteśmy w obliczu kosmosu? Jakie znaczenie mamy jako ludzkość? I w jaki sposób wysoko rozwinięte cywilizacje pozaziemskie mogą wpłynąć na nasze społeczeństwo, politykę i psychologię? Podkreśla przy tym, że choć każdy słyszał o UFO, temat ten pozostaje marginalizowany, bagatelizowany i często ośmieszany. Pyta wprost: „Dlaczego państwa nie badają tego zjawiska oficjalnie? A może robią to w tajemnicy, aby nie wywoływać ogólnej paniki?”. „Obcy wśród nas” to intelektualna podróż, która rzuca światło na jedno z najbardziej tajemniczych zjawisk ludzkości. Autor zgłębia temat od podstaw, starając się wyjaśnić brak logicznej interpretacji tego fenomenu w XXI wieku, pomimo postępu technologicznego. Stwierdza, że bagatelizowanie UFO i potencjalnego istnienia pozaziemskich ras jest przyczyną globalnej dezinformacji i zahamowania rozwoju społecznego. To obowiązkowa lektura dla wszystkich, którzy pragną głębiej zrozumieć zjawisko UFO i jego potencjalny wpływ na nasz świat. Napisana przystępnym językiem, zachęca zarówno laików, jak i pasjonatów do spojrzenia na ten temat z nowej perspektywy. Autor stara się odpowiedzieć na trudne pytania, jednocześnie zachęcając czytelników do refleksji nad tym, co kryje się poza granicami naszej planety i wyobraźni.

The UFO Witness & The Apocalypse DREW. PONDER, 2025-02-17 When a humble North Carolina contractor named Chris Bledsoe experienced a series of stunning UFO encounters-otherworldly orbs, missing time, and glimpses of mysterious red-eyed beings-his life changed forever. What began as a single harrowing night along the Cape Fear River spiraled into an ongoing saga of secret government interest, spiritual apparitions, and electrifying prophecies. Now, author Drew Ponder shines a revelatory light on Bledsoe's extraordinary story and its startling connections to biblical End Times, AI-driven global control, and the so-called Beast System described in Revelation. Inside this book, you will discover: The dramatic events of January 2007, when Chris and multiple witnesses encountered massive glowing craft-and came face-to-face with childlike entities-along the riverbank. How these encounters led to miraculous healing, repeated sightings of orbs on Chris's property, and the emergence of a radiant female presence Chris calls The Lady-possibly angelic, possibly Marian, yet unmistakably tied to higher purpose. Why intelligence agencies, NASA-linked scientists, and top UFO researchers quietly converged around the Bledsoe case, searching for answers in advanced physics and spiritual revelation alike. How Chris's experiences resonate with End Times prophecy, as the Beast System's AI, financial domination, and the Four Horsemen's chaos seem to unfold on the world stage. The UFO Witness & The Apocalypse weaves rigorous investigation and firsthand testimony into a gripping narrative that challenges our notions of UFOs, biblical prophecy, and humanity's future. Whether you're drawn by advanced technology, spiritual awakenings, or the prophecy-laden urgency of our times, Chris Bledsoe's journey stands at the intersection of them all-urging each of us to question what we believe, why we believe it, and what might be revealed if we dare to look beyond the veil.

UFO David Allen Lewis, Robert Shreckhise, 1991 Lewis, the best-selling author of *Prophecy 2000*, shares fascinating research into the diabolical source of flying saucers and the hunger of a society looking to the great beyond for answers to its immense problems. Why are supermarket tabloids filled with wise messages from space, detailing the true nature of God and alternate roads to salvation? Are these aliens demonic counterfeits?

It starts with a vision or a dream that has stayed with me all of my life. I personally believe it actually happened. This took place around 1936 in a small town in Maine. This book tells about my childhood and growing up alone with no siblings, my school years and an attempted abduction, first UFO sighting, various jobs, really close encounter of an UFO, my military years, getting married, more UFOs, a vision of God, a call from God, and a salvation experience and more. After all these years of UFO experiences I will explain what these actually are to

me by almighty God revealed. I am sure everyone would like to know who and what these crafts and beings in them actually are.

UFOs: God's Chariots? Ted Peters, 2014-05-19 Are UFOs celestial saviors, coming to save Earth from self-destruction? Are UFO-nauts advancing human evolution by birthing hybrid children? Is it time for a new "astrotheology" that enshrines the UFO phenomenon at the same level as the space sciences at NASA and SETI? *UFOs: God's Chariots?* uncovers and exposes the clandestine spiritual dimensions within the UFO phenomenon. UFOs vibrate with transcendence, omniscience, perfection, and redemption. *UFOs: God's Chariots?* delves deeply into government conspiracies, analyzes the newest models of close encounter interpretation, and reveals the results of The Peters ETI Religious Crisis Survey, in which self-identified believers were asked if making contact with an intelligent extraterrestrial civilization would undermine our historic religious traditions. They said no. Does this mean we're ready to share our pews with aliens?

UFO's: The Great Last Days Deception Billy Crone, 2018-03-16 Mention the topic of UFO's and Aliens and not only have most people already formed their opinions about them, but virtually everyone on the planet now believes in them. More people believe in Aliens than in the existence of God and more people believe that Aliens have visited planet earth than that Jesus is the Son of God. Ufology has become a new religion for 21st century where people now believe that Aliens will save them, not God. The problem is hardly anyone recognizes the true identity of UFO's let alone how they are being used to usher in one of the darkest, most deceptive times in the history of mankind. Therefore, this book, *UFO's: The Great Last Days Deception* seeks to equip you with the truth concerning so-called extraterrestrial visitors and their hidden demonic agenda. One of the biggest lies in the history of mankind is about to be foisted upon the whole world. The Rapture of the Church is

going to happen, but it won't be from a liftoff in UFO's like we are being told. Don't fall for the lie!

The UFO Abduction Book Brad Steiger,2022 An astonishing collection of stories of extraterrestrial abduction, time travel, experimentation, teleportation, and alien-human hybrids. Brad Steiger's book does an excellent--indeed, essential--job of setting the scene and providing a foundation of the facts as they were known at the time it was written. It is to be hoped that, in time, this provocative and disturbing reality will come into ever greater focus. --Whitley Strieber, from the foreword Here is the startling proof--in one comprehensive, eye-opening volume. Brad Steiger, the world-renowned authority on unexplained phenomena, presents a collection of UFO encounters and abductions. His provocative theories provide answers to the most puzzling questions: Why are they here? What do they want? And how will they change the fate of the human race? Included here are stories of airplane disappearances, alien experimentation, close encounters of many strange kinds, and hybrid children. Alternately entertaining and terrifying, this is a book for anyone who has gazed into the night sky and wondered if we are alone in the universe.

The UFO-Christianity Connection Fred R. David,2010-11 For many centuries, science and religion have remained staunchly independent. Whenever issues have developed that simultaneously touched on both areas, debate often ensued for example, when scientists first proposed that the earth revolved around the sun, or when the theory of evolution was proposed. There has always been a cultural disconnect between science and religion that has caused dissention and distrust. Research conducted by author Fred R. David, however, reveals that the missing link between science and religion may be UFOs or, more specifically, the beings inside those crafts. *The UFO Christianity Connection: Fact or Fiction* reveals that UFOs played a significant role in how ancient civilizations built megalithic structures and predicted celestial events perfectly; brings to life the close association that ancient civilizations had with ancient astronauts whom they called gods or sky people; reveals that many events described in ancient writings, including the Bible, involved UFO encounters; gives readers a unique perspective to engage others in discussing angels, God, UFOs, Bigfoot, Satan, giants, the underworld, the flood, Atlantis, and Jesus. The scientific information presented here is vital for people of all faiths on all continents. Explore the missing link that bridges the gap between science and religion.

The 37th Parallel Ben Mezrich,2016-09-06 This real-life *The X-Files* and *Close Encounters of the Third Kind* tells the true story of a computer programmer who tracks paranormal events along a 3,000-mile stretch through the heart of America and is drawn deeper and deeper into a vast conspiracy. Like "Agent Mulder" of *The X-Files*, computer programmer and sheriff's deputy Zukowski is obsessed with tracking down UFO reports in Colorado. He would take the family with him on weekend trips to look for evidence of aliens. But this innocent hobby takes on a sinister urgency when Zukowski learns of mutilated livestock, and sees the bodies of dead horses and cattle—whose exsanguination is inexplicable by any known human or

animal means. Along an expanse of land stretching across the southern borders of Utah, Colorado, and Kansas, Zukowski discovers multiple bizarre incidences of mutilations, and suddenly realizes that they cluster around the 37th Parallel or "UFO Highway." So begins an extraordinary and fascinating journey from El Paso and Rush, Colorado, to a mysterious space studies company and MUFON, from Roswell and Area 51 to the Pentagon and beyond; to underground secret military caverns and Indian sacred sites; beneath strange, unexplained lights in the sky and into corporations that obstruct and try to take over investigations. Inspiring and terrifying, this true story will keep you up at night, staring at the sky, and wondering if we really are alone...and what could happen next.
