Anne Innis Dagg

Family Secrets Jean-Yves Soucy, Annette Dionne, Cecile Dionne, Yvonne Dionne, 1997 Presents the sad, behind-the-scenes story of the Dionne quintuplets, bringing to light their struggle with social isolation, parental physical and sexual abuse, and their efforts toward recovery.

The Miracle & Tragedy of the Dionne Quintuplets Sarah Miller, 2019-08-27 In this riveting, beyond-belief true story from the author of *The Borden Murders*, meet the five children who captivated the entire world. When the Dionne Quintuplets were born on May 28, 1934, weighing a grand total of just over 13 pounds, no one expected them to live so much as an hour. Overnight, Yvonne, Annette, Cécile, Émilie, and Marie Dionne mesmerized the globe, defying medical history with every breath they took. In an effort to protect them from hucksters and showmen, the Ontario government took custody of the five identical babies, sequestering them in a private, custom-built hospital across the road from their family--and then, in a stunning act of hypocrisy, proceeded to exploit them for the next nine years. The Dionne Quintuplets became a more popular attraction than Niagara Falls, ogled through one-way screens by sightseers as they splashed in their wading pool at the center of a tourist hotspot known as Quintland. Here, Sarah Miller reconstructs their unprecedented upbringing with fresh depth and subtlety, bringing to new light their resilience and the indelible bond of their unique sisterhood.

The Feminine Gaze Anne Innis Dagg, 2006-01-01 Many Canadian women fiction writers have become justifiably famous. But what about women who have written non-fiction? When Anne Innis Dagg set out on a personal quest to make such non-fiction authors better known, she expected to find just a few dozen. To her delight, she unearthed 473 writers who have produced over 674 books. These women describe not only their country and its inhabitants, but a remarkable variety of other subjects: from the story of transportation to the legacy of Canadian missionary activity around the world. While most of the writers lived in what is now Canada, other authors were British or American travellers who visited Canada throughout the years and reported on what they found here. This compendium has brief biographies of all these women, short descriptions of their books, and a comprehensive index of their books' subject matters. *The Feminine Gaze: A Canadian Compendium of*

Non-Fiction Women Authors and Their Books, 1836-1945 will be an invaluable research tool for women's studies and for all who wish to supplement the male gaze on Canada's past.

Limelight Katja Lee,2020-02-20 At the heart of fame is the tricky business of image management. Over the last 115 years, the celebrity autobiography has emerged as a popular and useful tool for that project. In *Limelight*, Katja Lee examines the memoirs of famous Canadian women like L. M. Montgomery, Nellie McClung, the Dionne Quintuplets, Margaret Trudeau,

and Shania Twain to trace the rise of celebrity autobiography in Canada and the role gender has played in the rise to fame and in writing about that experience. Arguing that the celebrity autobiography is always negotiating historically specific conditions, Lee charts a history of celebrity in English Canada and the conditions that shape the way women access and experience fame. These contexts shed light on the stories women tell about their lives and the public images they cultivate in their autobiographies. As strategies of self-representation change and the pressure to represent the private life escalates, the celebrity autobiography undergoes distinct shifts—in form, function, and content—during the period examined in this study. *Limelight: Canadian Women and the Rise of Celebrity Autobiography* is the first book to explore the history and development of the celebrity autobiography and offers compelling evidence of the critical role of gender and nation in the way fame is experienced and represented.

Auprès des jumelles Dionne Shelley Wood, 2021-04-28T00:00:00-04:00 Corbeil, Ontario, mai 1934. Dans une petite maison de ferme, Elzire Dionne met au monde cinq fillettes, les premières quintuplées à survivre à leur naissance. Emma Trimpany, 17 ans, qui assiste la sage-femme du village, est rapidement happée par le tourbillon qui s'empare de la famille et des environs. Pour les quatre années qui suivent la naissance des jumelles Dionne, elle fera partie de l'équipe d'infirmières aux petits soins pour ces bébés qui suscitent la curiosité dans le monde entier et attirent dans l'Ontario rurale des hordes de visiteurs. En immersion presque totale dans l'environnement des jumelles, Emma tient un journal auquel elle confie son quotidien dans un univers surprenant et fascinant. Tous voient en ces cinq enfants une similarité inouïe mais Emma, elle, les connaît et les distingue, contrairement à tous ces gens qui cherchent à tirer profit de l'engouement qu'elles suscitent. À travers le regard d'Emma Trimpany, un personnage fictif, l'autrice présente cette saga bien connue sous un jour nouveau. Parfaitement intégrée à la trame historique et ses acteurs, Emma, discrète et effacée, profite d'une perspective privilégiée sur une des histoires les plus singulières du siècle dernier

Girls and Their Monsters Audrey Clare Farley, 2023-06-13 For readers of Hidden Valley Road and Patient H.M., an “intimate and compassionate portrait” (Grace M. Cho) of the Genain quadruplets, the harrowing violence they experienced, and its psychological and political consequences. In 1954, researchers at the newly formed National Institute of Mental Health set out to study the genetics of schizophrenia. When they got word that four 24-year-old identical quadruplets in Lansing, Michigan, had all been diagnosed with the mental illness, they could hardly believe their ears. Here was incontrovertible proof of hereditary transmission and, thus, a chance to bring international fame to their fledgling institution. The case of the pseudonymous Genain quadruplets, they soon found, was hardly so straightforward. Contrary to fawning media portrayals of a picture-perfect Christian family, the sisters had endured the stuff of nightmares. Behind closed doors, their parents had taken shocking measures to preserve their innocence while sowing fears of sex and the outside world. In public, the quadruplets were treated as communal property, as townsfolk and members of the press had long ago projected their own paranoid fantasies about the rapidly diversifying American landscape onto the fair-skinned, ribbon-wearing quartet who danced and sang about Christopher Columbus. Even as the sisters’ erratic behaviors became impossible to ignore and the NIMH whisked the women off for study, their sterling image did not falter. *Girls and Their Monsters* chronicles the extraordinary lives of the quadruplets and the lead psychologist who studied them, asking questions that speak directly to our times: How do delusions come to take root, both in individuals and in nations? Why does society profess to be “saving the children” when it readily exploits them? What are the authoritarian ends of innocence myths? And how do people, particularly those with serious mental illness, go on after enduring the unspeakable? Can the unbreakable bonds of sisterhood help the deeply wounded heal?

Great Misadventures: Exploration and adventure Betz Des Chenes, 1999 Explores over 100 historical, political, military, and social events where human error has led to disaster.
