A Different College Experience Brian Mills,Ben Trueblood,2019-01-15 For many, the college experience is defined by drinking, sex, impulsive decision-making, and a journey of self discovery. It's packaged as a consequence-free zone to have the best time of your life. But the reality is that what happens in college doesn't stay in college. There are real, lasting consequences to your decisions. Student ministry leaders Ben Trueblood and Brian Mills have seen this firsthand. With decades of student-ministry leadership under their belts, they have seen too many lives fall apart because of the world's view of what the college experience should be. You don't have to have that kind of college experience. Fortunately, just as the gospel redeems all of life, the gospel redeems the college experience. It tells us there is another way. In this book, Ben and Brian provide a biblical and practical guide for how you can have a fun, joy-filled, and spiritually enriching college experience while avoiding the pitfalls that have captured so many before you.

A Charter School Principal Story Barbara J. Smith,2024-03-18 What happens when a Canadian principal, guided by the teachings of Fullan and Hargreaves, takes on the role of school leader in an inner-city charter school in the United States? This inside story of a principal in the DC charter school system, reveals much about the desire for educators and students to experience more than a life of multiple-choice testing that tends to be so commonplace in these schools. While such a case adds to the mound of research that supports the 'change takes time' findings, it nevertheless demonstrates the reality, on a

day-to-day basis, of what's worth fighting for in schools. Student and teacher engagement and empowerment matter, and to get to such ends, a school must fiercely focus on targets well beyond test scores.

Musings of a Baby Boomer Kay Hoflander, 2022-04-26 An honest, humorous, and refreshing look back on the experiences of a unique generation and the challenges of growing older in the digital age. *Musings of a Baby Boomer: Life Before X, Y, and Z* is a collection of selected shorts from Hoflander's weekly newspaper column "Full Circle," featuring sometimes funny and sometimes philosophical stories with a continuous theme: the reluctant, but generally happy, aging of the Baby Boomer generation. In this collection, Hoflander tells stories about everything from yard flamingos and college move-in day to battling internet bots. She reflects on the simpler times of her childhood and addresses present-day changes to which, as a baby boomer, she adapts: memory loss, evolving technology, and politics. Through it all, she uses humor and wit to remind readers not to take life too seriously—and to focus on the things that really matter. "This book entails family, friends, and wisdom from the perspective of the baby boomer generation! A great read for all! Delightful." —Teresa Parson, First Lady of Missouri "America needs healing, and instead of destroying our history, perhaps musings from those who have been part of history can provide a way forward. That is what Kay Hoflander's book offers." —Lieutenant Colonel Allen B. West (US Army, Retired), Member, 112th U.S. Congress, Former Chairman, Republican Party of Texas "Hoflander has the magical skills to hit upon daily life with humor and understanding . . . For younger readers, this book just may help you better understand your parents or grandparents. It is a book for all generations to enjoy." —Suzanne Skelly, University of Missouri Graduate Educator, Realtor, Genealogist and life-long Bibliophile

Quiet Desperation Gerald W. Neal, 2008-04-22 With standardized testing and predetermined subgroups garnering the attention of educational leaders, abused and neglected children have fallen deeper into the crevice of the system. For years these children have been ignored, save the obvious, visible bruises or child-initiated confessions. Because researching children is difficult without parental consent, it is nearly impossible to expose this problem with any level of legitimacy. By combining research from scientific research and the humanities, autobiographical flashbacks fuse with narratives that vividly

detail the author's disturbing encounters with abused children as a school administrator. The effect is the realization that public schools unknowingly feed on weaker children beneath the awning of accountability.
