**Daniel Hahn, Leonie Flynn, Susan Reuben**

**Hornblower's Historical Shipmates** Heather Noel-Smith, Lorna M. Campbell, 2016 A fascinating account of varied careers, providing a rich snapshot of the later eighteenth-century sailing navy in microcosm. This book sets out the lives of seventeen 'young gentlemen' who were midshipmen under the famous Captain Sir Edward Pellew. Together, aboard the frigate HMS Indefatigable, they fought a celebrated action in 1797 against the French ship of the line *Les Droits de l'Homme*. C. S. Forester, the historical novelist, placed his famous hero, Horatio Hornblower, aboard Pellew's ship as a midshipman, so this book tells, as it were, the actual stories of Hornblower's real-life shipmates. And what stories they were! From diverse backgrounds, aristocratic and humble, they bonded closely with Pellew, learned their naval leadership skills from him, and benefited from his patronage and his friendship in their subsequent, very varied careers. The group provides a fascinating snapshot of the later eighteenth-century sailing navy in microcosm. Besides tracing the men's naval lives, the book shows how they adapted to peace after 1815, presenting details of their civilian careers. The colourful lives recounted include those of the Honourable George Cadogan, son of an earl, who survived three courts martial and a duel to retire with honours as an admiral in 1813; Thomas Groube, of a Falmouth merchant family, who commanded a fleet of boats which destroyed the Dutch shipping at Batavia, capital of the Dutch East Indies, in 1806; and James Bray, of Irish Catholic descent, who was killed commanding a sloop during the American war of 1812. Heather Noel-Smith is a genealogist and a retired Methodist minister. Lorna Campbell is a digital education manager at the University of Edinburgh and an education technology consultant. They are both independent researchers.

**C. S. Forester and the Hornblower Saga** Sanford Sternlicht, 1999-11-01 Sternlicht includes little-known facts about Forester's background, his days in Hollywood as a screenwriter, and the genesis of the models for the major characters in the Saga—many of whom were friends and acquaintances of Forester's. Sternlicht discusses extensively the research and writing techniques Forester used in his depiction of naval warfare and specific campaigns and actions of the Napoleonic period with actual procedures, events, and outcomes. In addition, Sternlicht offers readings and historical background to Forester's two other great historical novels, *The African Queen* and *The General*.

100 Must-read Historical Novels Nick Rennison, 2009-09-21 This latest guide in the highly successful Must-Read series depicts 100 of the finest historical fiction tales published, with a further 500 recommendations. The text covers a wide range

of classic works and key authors.

*The Historical Novel* Jerome De Groot, 2009-09-10 The historical novel is not only an immensely popular genre, but also one that raises fascinating questions about the nature of key foundational concepts such as fact and fiction, history, reading and writing. This wide-ranging guide offers an accessible introduction to both the genre and the critical debates around it.

**Second Reading** Jonathan Yardley, 2011-06-28 The Pulitzer Prize-winning book critic shares recollections and reviews from his career at the Washington Post. In this book, Jonathan Yardley considers lesser-known works from renowned authors and underappreciated talents, and offers fresh takes on old favorites. Yardley's reviews of sixty titles include fiction by Gabriel García Márquez, John Cheever, and Henry Fielding; the autobiography of Louis Armstrong; essays by Nora Ephron; and Margaret Leech's history of Washington during the Civil War. *Second Reading* is also the memoir of a passionate and lifelong reader told through the books that have meant the most to him. Playing the part of both reviewer and bibliophile, Yardley takes on Steinbeck and Salinger, explores the southern fiction of Shirley Ann Grau and Eudora Welty, looks into a darker side of Roald Dahl, and praises the pulp fiction of William Bradford Huie and the crime novels of John D. MacDonald. Collected from a popular Washington Post column of the same name, *Second Reading* is an incisive and entertaining look at the career and times of an esteemed critic and the venerable books that shaped him. This delightful consideration reminds readers that thoughtful criticism and a lively sense of fun can exist side by side.

*The Mariner's Book of Days* 2008 Peter H. Spectre, 2007-05 Now in its 17th year, *The Mariner's Book of Days* is an ever-growing encyclopedia of nautical fact, fiction, and folklore, and has been hailed as the best, most entertaining nautical desk diary and calendar to see print. An invaluable reference, each annual edition is completely different from its predecessors, and all have become collector's items. On each left-hand page is a collection of nautical miscellany evoking the rich traditions of the sea. Entertaining and informative, illustrated with a variety of lovely etchings, engravings, sketches, and watercolors, *The Mariner's Book of Days* takes readers on a 365-day voyage through history.

Bestsellers: Popular Fiction since 1900 C. Bloom, 2002-07-09 This guide and reference work of all of the bestselling books, authors and genres since the beginning of the 20th century, provides an insight into over 100 years of publishing and reading as well as taking us on a journey into the heart of the British imagination.

**Brown on Resolution** C. S. Forester, 2022-08-10 In *Brown on Resolution*, C. S. Forester delves into the complexities of naval warfare through the lens of a gripping narrative centered on the British merchant ship *Resolution*. Forester's adept storytelling encapsulates the unique tensions of maritime conflict during the early 19th century, showcasing vivid depictions of life at sea, the psychology of sailors, and the morally ambiguous decisions faced by those at war. His narrative style is both atmospheric and immersive, reflecting the historical realities of the Napoleonic era while engaging with themes of duty,

honor, and the unforeseen consequences of human actions. C. S. Forester, an accomplished British author, is best known for his Horatio Hornblower series, which has influenced the genre of historical naval fiction. Forester's experiences as a war correspondent during World War II and his understanding of maritime history deeply informed his writing, allowing him to create authentic characters and intricate plots. This duality of experiences—both on land in conflict and at sea—shapes the narrative dynamics of *Brown on Resolution*, providing readers with a poignant exploration of maritime bravery and ethical dilemmas of war. Recommended for enthusiasts of historical fiction and naval history alike, *Brown on Resolution* is a profound exploration of the human spirit amidst the backdrop of brutal warfare. Forester's ability to blend authentic historical context with riveting character development makes this novel an essential read for those seeking insight into the trials of seafaring life and the moral quandaries faced by men at war.

Star Trek and the British Age of Sail Stefan Rabitsch, 2018-12-06 Clear all moorings, one-half impulse power and set course for a mare incognitum... A popular culture artifact of the New Frontier/Space Race era, Star Trek is often mistakenly viewed as a Space Western. However, the Western format is not what governs the worldbuilding of Star Trek, which was, after all, also pitched as Hornblower in space. Star Trek is modeled on the world of the British Golden Age of Sail as it is commonly found in the genre of sea fiction. This book re-historicizes and remaps the origins of the franchise and subsequently the entirety of its fictional world--the Star Trek continuum--on an as yet uncharted transatlantic bearing.

**The Little Lost Library** Ellery Adams, 2024-10-22 Big clues come in small packages as Miracle Books owner Nora Pennington and the Secret, Book, and Scone Society attempt to solve a series of murders connected to a bibliophile's missing books in the latest cozy mystery from New York Times bestselling author Ellery Adams . . . When an elderly Miracle Springs resident, Lucille Wynter, arranges for Nora to deliver an order of books to her creepy, crumbling Southern Gothic mansion on the outskirts of town, Nora doesn't expect to be invited in. An agoraphobe, Lucille doesn't leave Wynter House. But when Lucille doesn't come to the door to collect her books, Nora begins to worry. Forcing her way into Lucille's dilapidated home, Nora is shocked to find rooms bursting with books and a lifeless Lucille at the foot of her stairs. After reading a note left behind by Lucille, Nora wonders if her death was an accident. Did she fall or was she pushed by someone seeking a valuable item hidden within Wynter House? Lucille's children are clearly confident the house contains something of value, because they hire Nora to sift through the piles of books. Nora's obsession with Lucille's collection becomes cause for concern among her friends in the Secret, Book, and Scone Society—she's even neglecting her bookshop! But Nora does find something valuable deep inside Wynter House—a revelation about Lucille's terrible past . . . and a secret worth a small fortune. But there's someone who'd do anything to keep the truth buried amid the moldering tomes, and it's up to Nora and her friends to track down a murderer before Wynter House's lost library claims another victim . . .

Nelson's Navy in Fiction and Film Sue Parrill, 2009-12-21 This book provides summaries and analyses of more than 250

novels and nearly 30 films and examines the extent to which they accurately reflect the history, mores and manners of the period--and the extent to which they reveal the ideas and attitudes of their authors and of the periods in which they were written. Particular emphasis is placed on the nature and importance of the war at sea for the British and on the role of famous naval officers such as Nelson, Pellew, Duncan, Smith and Cochrane in the defeat of Napoleon.

*Of Sex and Faerie: Further Essays on Genre Fiction* John Lennard, 2010-01-01 Taking up where the author's book *Of Modern Dragons* (2007) left off, these essays continue Lennard's investigation of the praxis of serial reading and the best genre fiction of recent decades, including work by Bill James, Walter Mosley, Lois McMaster Bujold, and Ursula K. Le Guin. There are groundbreaking studies of contemporary paranormal romance, and of Hornblower's transition to space, while the final essay deals with the phenomenon and explosive growth of fanfiction, and with the increasingly empowered status of the reader in a digital world. There is an extensive bibliography of genre and critical work, with eight illustrations and many hyperlinks.

### **Quill & Quire** ,1966

**The Seaforth Bibliography** Eugene Rasor, 2009-04-17 This remarkable work is a comprehensive historiographical and bibliographical survey of the most important scholarly and printed materials about the naval and maritime history of England and Great Britain from the earliest times to 1815. More than 4,000 popular, standard and official histories, important articles in journals and periodicals, anthologies, conference, symposium and seminar papers, guides, documents and doctoral theses are covered so that the emphasis is the broadest possible. But the work is far, far more than a listing. The works are all evaluated, assessed and analysed and then integrated into an historical narrative that makes the book a hugely useful reference work for student, scholar, and enthusiast alike. It is divided into twenty-one chapters which cover resource centres, significant naval writers, pre-eminent and general histories, the chronological periods from Julius Caesar through the Vikings, Tudors and Stuarts to Nelson and Bligh, major naval personalities, warships, piracy, strategy and tactics, exploration, discovery and navigation, archaeology and even naval fiction. Quite simply, no-one with an interest and enthusiasm for naval history can afford to be without this book at their side.

**Fictions of the Sea** Bernhard Klein, 2017-03-02 This timely collection brings together twelve original essays on the cultural meaning of the sea in British literature and history, from early modern times to the present. Interdisciplinary in conception, it charts metaphorical and material links between the idea of the sea in the cultural imagination and its significance for the social and political history of Britain, offering a fresh analysis of the impact of the ocean on the formation of British cultural identities. Among the cultural and literary artifacts considered are early modern legal treatises on marine boundaries, Renaissance and Romantic poetry, 19th- and 20th-century novels, popular sea songs, recent Hollywood films, as well as a diverse range of historical and critical writings. Writers discussed include Shakespeare, Milton, Coleridge, Scott,

Conrad, du Maurier, Unsworth, O'Brian, and others. All these cultural and literary 'fictions of the sea' are set in relation to wider issues relevant to maritime history and the historical experience of seafaring: problems of navigation and orientation, piracy, empire, colonialism, slavery, multi-ethnic shipboard communities, masculinity, gender relations. By combining the interests of three related but distinct areas of study-the analysis of sea fiction, critical maritime history, and cultural studies-in a focus upon the historical meaning of the sea in relation to its textual and cultural representation, *Fictions of the Sea* offers an original contribution to the practice of existing disciplines.

*Patrick O'Brian's Bodies at Sea* Michael Leigh Sinowitz, 2014-07-18 An exploration of the complex roles that bodies--both literally and figuratively--play in the 21 volume Aubrey-Maturin series reveals much about the novels' many meditations on mind and body. Beginning with a consideration of genre norms and the bodies of the novels' main characters, the book's focus shifts to the ways the series offers interconnections between the human body and history. More literal considerations of the body examine O'Brian's depictions of drug use, particularly the opium addiction that afflicts Stephen Maturin, and human sexuality in its many guises. The work then focuses on *Desolation Island*, the fifth novel in the series, in light of the discussions above but also in terms of political and psychological tropes that draw upon the relationship of mind and body. Questions are examined about the relationship of reader to author, and what sustains such a long narrative and what continues to bring a reader back again and again.

**Maritime Fiction** J. Peck, 2001-03-08 In this important new study, John Peck examines the cultural significance of maritime novels from Defoe through to Conrad. Focusing in particular on the image of the body, he illustrates how these works are built around the disparity between the masculine and often brutal regime of the ship and the civilised values of those who remain on the shore. The first comprehensive discussion of its subject, *Maritime Fiction* is an original exploration of the relationship between national identity, fiction and the sea.

**The Mammoth Encyclopedia of Science Fiction** George Mann, 2012-03-01 This encyclopedia is the most up-to-date, concise, clear and affordable guide to all aspects of science fiction, from its background to generic themes and devices, from authors (established and new) to films. Science fiction has evolved into one of the most popular, cutting-edge and exciting fiction genres, with a proliferation of modern and classic authors, themes and ideas, movies, TV series and awards. Arranged in an A-Z format, and featuring a comprehensive index and cross-referencing system, *The Mammoth Encyclopedia of Science Fiction* is also the most accessible and easy to use encyclopedia of its kind currently available.

*The Ultimate Teen Book Guide* Daniel Hahn, Leonie Flynn, Susan Reuben, 2007-12-26 Covering such genres as fantasy, horror, chick lit, graphic novels, sci-fi, and mystery, an all-encompassing, must-have resource profiles more than 700 of the best books for teens, from the classics to the latest bestsellers. Simultaneous.

**The Pleasures and Horrors of Eating** Marion Gymnich, 2010-09-15 Browsing through books and TV channels we find

people pre-occupied with eating, cooking and competing with chefs. Eating and food in today's media have become a form of entertainment and art. A survey of literary history and culture shows to what extent eating used to be closely related to all areas of human life, to religion, eroticism and even to death. In this volume, early modern ideas of feasting, banqueting and culinary pleasures are juxtaposed with post-18th- and 19th-century concepts in which the intake of food is increasingly subjected to moral, theological and economic reservations. In a wide range of essays, various images, rhetorics and poetics of plenty are not only contrasted with the horrors of gluttony, they are also seen in the context of modern phenomena such as the anorexic body or the gourmandizing *bête humaine*. It is this vexing binary approach to eating and food which this volume traces within a wide chronological framework and which is at the core not only of literature, art and film, but also of a flourishing popular culture.
