The Encyclopedia of the Arab-Israeli Conflict Spencer C. Tucker, Priscilla Roberts, 2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military, political, social, cultural, and religious origins of the Arab-Israeli conflict. The Encyclopedia of the Arab-Israeli Conflict: A Political, Social, and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab-Israeli relationship from biblical times to the present, with an emphasis on the era beginning with World War I. The Encyclopedia of the Arab-Israeli Conflict goes beyond simply recapping military engagements. In four volumes, with more than 750 alphabetically organized entries, plus a separate documents volume, it provides a wide-ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews, exploring all aspects of the conflict. The objective analysis will help readers understand the dramatic events that have impacted the entire world, from the founding of modern Israel to the building of the Suez Canal; from the Six-Day War to the Camp David Accords; from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat, the 2006 Palestinian elections, and the Israeli-Hezbollah War in Lebanon.

The Wrong Jesus Gregory Monette, 2014-03-14 In a world where atheism is a growing movement, especially in the university setting, it's typical for students today to face doubts about the Christian faith. In fact, many have wondered at one time or another if the Bible stories about Jesus could possibly be true. Is there any way to back up what we've heard with real evidence? Can false information be discredited with historical proof? Now students can join Greg Monette as he explores the fascinating basis for belief in the biblical Jesus. Readers can trek through the ancient historical sources, biblical archaeology, and recent discoveries to uncover the facts about what Jesus really said and did—His birth, His miracles, His claims, and His resurrection. Written for believers, skeptics, and the non-expert, this book will help readers discover where history and faith collide— and it just might change everything.

Bridges in New Testament Interpretation Neil Elliott, Werner H. Kelber, 2018-04-30 The field of New Testament studies often appears splintered into widely different specializations and narrowly defined research projects. Nevertheless, some of

the most important insights have come about when curious men and women have defied disciplinary boundaries and drawn on other fields of knowledge in order to gain a more adequate view of history. The essays in *Bridges in New Testament Interpretation* offer surveys of the current scholarly discussion in areas of New Testament and Christian origins where cross-disciplinary fertilization has been decisive and describe the role that interdisciplinary 'bridges,' especially as led by Richard A. Horsley, have played. Topics include the socioeconomic history of Roman Palestine; the historical Jesus in political and media contexts; communication media, orality, and social context in the study of Q; the Gospels in the context of oral culture, performance, and social memory; reading Paul's letters in the context of Roman imperial culture; the narrativization of early Christianity in relation to the ancient media environment; and the role of power in shaping our understanding of history, as evident in 'people's history,' the historical agency of subordinate classes; and the role of public and 'hidden transcripts' in contexts shaped by power relations. Essays also address the role of the interpreter as engaged with the social and political concerns of our time. The sum is even greater than the parts, presenting a powerful argument for the value of further exploration across interdisciplinary bridges.

Bible and Tanakh Angel Gabriel, 2025-02-01 KING HENRY VIII INVENTED THE CONCEPT OF THE BIBLE AND THE QURAN The first Bible was written in English in 1526 by William Tyndale, who was burnt by the king in 1536. Archbishop Thomas Cranmer, an accomplice of King Henry VIII, was burnt in 1556. When Archbishop Cranmer was burning, he shouted that the Pope was the enemy of Jesus. Pope and Catholics have not heard of Jesus or Moses in those times. QURAN WAS THE MASTERSTROKE OF THE BIBLE CONSPIRACY Quran trapped Muslims into believing that the homeland of Palestinians was the homeland of Jews. The words "Jews" and "Israel" were invented in the Bible in 1526. Jacob, renamed Israel in the Bible, was a "wandering Aramean" as per the Bible. William Tyndale and Martin Luther invented Abraham, Jacob, Moses, Solomon's Temple, and Jesus at King Henry VIII's behest. ULTIMATELY, JEWS AND BRITAIN REVEALED THE SECRET WITH THE BALFOUR DECLARATION, WHICH CAUSED THE HOLOCAUST AND BLAMED HITLER.

Identity and Territory Eyal Ben-Eliyahu, 2019-04-30 Throughout history, the relationship between Jews and their land has been a vibrant, much-debated topic within the Jewish world and in international political discourse. Identity and Territory explores how ancient conceptions of Israel—of both the land itself and its shifting frontiers and borders—have played a decisive role in forming national and religious identities across the millennia. Through the works of Second Temple period Jews and rabbinic literature, Eyal Ben-Eliyahu examines the role of territorial status, boundaries, mental maps, and holy sites, drawing comparisons to popular Jewish and Christian perceptions of space. Showing how space defines nationhood and how Jewish identity influences perceptions of space, Ben-Eliyahu uncovers varied understandings of the land that resonate with contemporary views of the relationship between territory and ideology.

My Story Roger H. Guichard,2023-05-09 *My Story* tells the tale of one man's coming to adulthood in the late twentieth and early twenty-first centuries. Because of his international focus, the Author had said little about a subject that might interest a reader familiar with his existing body of work, that is, himself. So, he has turned a penetrating gaze from his customary subjects—people and places in the Middle East and South Asia—to a subject that provides context for his earlier books. From family histories of eighteenth-century Cevio in the Swiss Alps and Marseille in Provence; from childhood, youth, adolescence, and early adulthood in the United States; to the Navy and the Vietnam War; from “First Footsteps in the Middle East” to “Timeline,” “Red America,” and “Iran Odyssey,” these chapters play out against the backdrop of the family history now provided. As such, this work represents the capstone to a full career.

A History of the Jewish People in the Time of Jesus Christ Emil Schürer,2023-12-23 In *A History of the Jewish People in the Time of Jesus Christ*, Emil Schürer intricately examines the socio-political landscape of Judea during the Second Temple period. Through a meticulous blend of historical analysis and theological insight, Schürer contextualizes the life of Jesus within the broader tapestry of Jewish life, exploring factions such as the Pharisees, Sadducees, and Zealots. The book's scholarly approach, enriched with extensive references and primary sources, positions it as a critical text in both biblical scholarship and Jewish history, bridging the gap between ancient texts and contemporary understanding. Emil Schürer, a prominent German biblical scholar and historian, contributed significantly to the fields of theology and history during the late 19th century. His deep understanding of Jewish culture and languages was informed by his academic background and personal interests, which sought to illuminate the complexities of Jewish existence amidst Roman rule. Schürer's own faith, coupled with his scholarly rigor, spurred him to dissect the intersections of religion and daily life, ultimately crafting a narrative that resonates with both historians and theologians alike. This book is an essential read for anyone interested in understanding the nuances of First Century Judea and the formative years of early Christianity. Schürer's insightful analysis provides readers with a rich historical context that enhances their comprehension of biblical texts. Thus, whether you are a student of theology, a historian, or simply a curious reader, Schürer's work is an invaluable resource that deepens one's appreciation for this pivotal historical epoch.
