**Olivia de Havilland** Victoria Amador,2019-05-31 “There is much more to de Havilland’s story than her role as Melanie Wilkes, and it’s all here . . . a treat for film fans” (Booklist). Two-time Academy Award winner Olivia de Havilland is best known for her role as Melanie Wilkes in *Gone with the Wind*. She often inhabited characters who were delicate, elegant, and refined; yet at the same time, she was a survivor with a fierce desire to direct her own destiny on and off the screen. She fought and won a lawsuit against Warner Bros. over a contract dispute that changed the studio contract system forever. She is also noted for her long feud with her sister, fellow actress Joan Fontaine—a feud that lasted from 1975 until Fontaine’s death in 2013. Victoria Amador draws on extensive interviews and forty years of personal correspondence with de Havilland to present an in-depth look at her life and career. Amador begins with de Havilland’s childhood—she was born in Japan in 1916 to affluent British parents who had aspirations of success and fortune in faraway countries—and her theatrical ambitions at a young age. The book then follows her career as she skyrocketed to star status, becoming one of the most well-known starlets in Tinseltown. Readers are given an inside look at her love affairs with iconic cinema figures such as James Stewart and John Huston, and her onscreen partnership with Errol Flynn, with whom she starred in *The Adventures of Robin Hood* and *Dodge City*. After she moved to Europe, de Havilland became the first woman to serve as the president of the Cannes Film Festival in 1965, and remained active in film and television for another two decades. *Olivia de Havilland: Lady Triumphant* is a tribute to one of Hollywood’s greatest legends, tracing her evolution from a gentle heroine to a strong-willed, respected, and admired artist.

*The Encyclopedia of Epic Films* Constantine Santas,James M. Wilson,Maria Colavito,Djoymi Baker,2014-03-21 Soon after film came into existence, the term epic was used to describe productions that were lengthy, spectacular, live with action, and often filmed in exotic locales with large casts and staggering budgets. The effort and extravagance needed to mount an epic film paid off handsomely at the box office, for the genre became an immediate favorite with audiences. Epic films survived

the tribulations of two world wars and the Depression and have retained the basic characteristics of size and glamour for more than a hundred years. Length was, and still is, one of the traits of the epic, though monolithic three- to four-hour spectacles like *Gone with the Wind* (1939) and *Lawrence of Arabia* (1962) have been replaced today by such franchises as the Harry Potter films and the Lord of the Rings trilogy. Although the form has evolved during many decades of existence, its central elements have been retained, refined, and modernized to suit the tastes of every new generation. The *Encyclopedia of Epic Films* identifies, describes, and analyzes those films that meet the criteria of the epic—sweeping drama, panoramic landscapes, lengthy adventure sequences, and, in many cases, casts of thousands. This volume looks at the wide variety of epics produced over the last century—from the silent spectacles of D. W. Griffith and biblical melodramas of Cecil B. DeMille to the historical dramas of David Lean and rollercoaster thrillers of Steven Spielberg. Each entry contains: Major personnel behind the camera, including directors and screenwriters Cast and character listings Plot summary Analysis Academy Award wins and nominations DVD and Blu-ray availability Resources for further study This volume also includes appendixes of foreign epics, superhero spectaculars, and epics produced for television, along with a list of all the directors in the book. Despite a lack of overall critical recognition and respect as a genre, the epic remains a favorite of audiences, and this book pays homage to a form of mass entertainment that continues to fill movie theaters. The *Encyclopedia of Epic Films* will be of interest to academics and scholars, as well as any fan of films made on a grand scale.

**Oscar's Favorite Actors** Roger Leslie, 2017-07-07 Just as the Academy Awards have an impact upon stars and their careers, their filmic achievements influence the Academy and contribute to the rich history of the Oscars. Upset wins, jarring losses and glaring oversights have helped define the careers of Hollywood icons, while unknown actors have proven that timing sometimes beats notoriety or even talent. With detailed discussion of their performances and Awards night results, this book describes how 108 actors earned the Academy's favor--and how 129 others were overlooked.

**William Styron** James L. W. West, 2010-08-17 A "mesmerizing" biography of the #1 New York Times–bestselling author of *Sophie's Choice*, *The Confessions of Nat Turner*, and *Darkness Visible* (Entertainment Weekly). William Styron was one of the most highly regarded and controversial authors of his generation. In this illuminating biography, James L. W. West III draws upon letters, papers, and manuscripts as well as interviews with Styron's friends and family to recount in rich detail the experiences that shaped each of his groundbreaking books. From Styron's Southern upbringing, which deeply influenced the Pulitzer Prize–winning *The Confessions of Nat Turner* and National Book Award–winning *Sophie's Choice*, to his feud with Norman Mailer and the clinical depression that led to his acclaimed memoir *Darkness Visible*, West's remarkable biography provides invaluable insight into the life and works of a giant of American literature.

*Manderley Forever* Tatiana de Rosnay, 2017-04-18 The nonfiction debut from beloved international sensation and #1 New York Times bestselling author Tatiana de Rosnay: her bestselling biography of novelist Daphne du Maurier. "It's impressive how Tatiana was able to recreate the personality of my mother, including her sense of humor. It is very well written and very moving. I'm sure my mother would have loved this book." — Tessa Montgomery d'Alamein, daughter of Daphné du Maurier, as told to Pauline Sommelet in *Point de Vue* As a bilingual bestselling novelist with a mixed Franco-British bloodline and a host of eminent forebears, Tatiana de Rosnay is the perfect candidate to write a biography of Daphne du Maurier. As an eleven-year-old de Rosnay read and reread *Rebecca*, becoming a lifelong devotee of Du Maurier's fiction. Now de Rosnay pays homage to the writer who influenced her so deeply, following Du Maurier from a shy seven-year-old, a rebellious sixteen-year-old, a twenty-something newlywed, and finally a cantankerous old lady. With a rhythm and intimacy to its prose characteristic of all de Rosnay's works, *Manderley Forever* is a vividly compelling portrait and celebration of an intriguing, hugely popular and (at the time) critically underrated writer. *Manderley Forever* is a nominee for the 2018 Edgar Award for best critical/biographical work.

### **Showmen's Motion Picture Trade Review**, 1952

*George Cukor* Patrick McGilligan, 2013-02-01 One of the highest-paid studio contract directors of his time, George Cukor was nominated five times for an Academy Award as Best Director. In publicity and mystique he was dubbed the “women’s director” for guiding the most sensitive leading ladies to immortal performances, including Greta Garbo, Ingrid Bergman, Judy Garland, and—in ten films, among them *The Philadelphia Story* and *Adam’s Rib*—his lifelong friend and collaborator Katharine Hepburn. But behind the “women’s director” label lurked the open secret that set Cukor apart from a generally macho fraternity of directors: he was a homosexual, a rarity among the top echelon. Patrick McGilligan’s biography reveals how Cukor persevered within a system fraught with bigotry while becoming one of Hollywood’s consummate filmmakers.

**Genre and Hollywood** Steve Neale, 2005-06-20 *Genre and Hollywood* provides a comprehensive introduction to the study of genre. In this important new book, Steve Neale discusses all the major concepts, theories and accounts of Hollywood and genre, as well as the key genres which theorists have written about, from horror to the Western. He also puts forward new arguments about the importance of genre in understanding Hollywood cinema. Neale takes issue with much genre criticism and genre theory, which has provided only a partial and misleading account of Hollywood's output. He calls for broader and more flexible conceptions of genre and genres, for more attention to be paid to the discourses and practices of Hollywood itself, for the nature and range of Hollywood's films to be looked at in more detail, and for any assessment of the social and cultural significance of Hollywood's genres to take account of industrial factors. In detailed, revisionist accounts of two major genres - film noir and melodrama - Neale argues that genre remains an important and productive means of thinking about both New and old Hollywood, its history, its audiences and its films.

**After Austen** Lisa Hopkins, 2018-11-11 This collection of twelve new essays examines some of what Jane Austen has become in the two hundred years since her death. Some of the chapters explore adaptations or repurposings of her work

while others trace her influence on a surprising variety of different kinds of writing, sometimes even when there is no announced or obvious debt to her. In so doing they also inevitably shed light on Austen herself. Austen is often considered romantic and not often considered political, but both those perceptions are challenged her, as is the idea that she is primarily a writer for and about women. Her books are comic and ironic, but they have been reworked and drawn upon in very different genres and styles. Collectively these essays testify to the extraordinary versatility and resonance of Austen's books.

*Neo-Victorianism and Sensation Fiction* Jessica Cox, 2019-11-11 This book represents the first full-length study of the relationship between neo-Victorianism and nineteenth-century sensation fiction. It examines the diverse and multiple legacies of Victorian popular fiction by authors such as Wilkie Collins and Mary Elizabeth Braddon, tracing their influence on a range of genres and works, including detective fiction, YA writing, Gothic literature, and stage and screen adaptations. In doing so, it forces a reappraisal of critical understandings of neo-Victorianism in terms of its origins and meanings, as well as offering an important critical intervention in popular fiction studies. The work traces the afterlife of Victorian sensation fiction, taking in the neo-Gothic writing of Daphne du Maurier and Victoria Holt, contemporary popular historical detective and YA fiction by authors including Elizabeth Peters and Philip Pullman, and the literary fiction of writers such as Joanne Harris and Charles Palliser. The work will appeal to scholars and students of Victorian fiction, neo-Victorianism, and popular culture alike.
