America I AM Legends Smiley Books,2009-02-01 America I AM: The African American Imprint, a national traveling museum exhibition, was conceived by award-winning broadcaster and bestselling author Tavis Smiley as a one-of-a-kind multi-media experience that chronicles the distinct history of African Americans. This beautifully conceived companion volume addresses the central theme of the exhibition, posed by W. E. B. Du Bois: Would America have been America without her Negro people? Through exceptional photographic images and penetrating words, America I AM Legends captures the dynamism of 78 legendary African Americans, highlighting the indelible imprint each has made on the United States and the world. A statement illuminating a unique aspect of each iconic figure—made by the legend or by someone carrying on their legacy today—portrays the vision and contribution of each subject. Whether black artistic genius, athletic excellence, political leadership, or the struggle to hold America true to its promise, each legend reminds us that America would be unrecognizable without its African American imprint. America I AM Legends takes us on an unforgettable journey to the heart of the American experience.

Redemption of a Dream Nathan A Sowah,2017-08-08 Without a doubt, a journey of a thousand miles begins with a single step; but a journey to hell and back, may never be a pleasant story to tell. By all human standards, it is undeniable that rising from the dungeons of bondage to the highest offices in the land is nothing short of a miracle. Similarly, rising from the doldrums of Apartheid to the highest offices in the land is equally, nothing short of a miracle. Similarly, rising from the gas chambers and concentration camps of Auschwitz back to the promise land is equally, nothing short of a miracle. But what is even more miraculous is that, such shameful atrocities and such heinous crimes against humanity have all happened in human society. Nevertheless, such amazing triumphs of good over evil and such astounding achievements of beleaguered people, from the most humble beginnings to the highest levels of human dignity, have also happened in human society. Redemption of a Dream is the story of one race of people, sent on a treacherous journey, centuries ago and yet, the essence

of the story came to fulfillment right before our eyes, in this generation of our lifetime. This is a true story of the struggle for dignity among the various races, cultures, colors and religions within the largest melting pot on earth. Find out how the new world became a multi-racial, multi-cultural, multi-colored and multi-religious society, even before the Union was formed. This story also chronicles the reflections, recollections and lamentations of the author. Born and raised in the Gold Coast colony, he came to America to fulfill his dream of higher education. He also recalls his childhood experiences during the first-ever transfer of power from colonial-rule to self-rule in the first-ever Democracy formed in black Africa in 1957. The author strikes an interesting similarity between himself and the father of the 44th President of the United States; each came to America in pursuit of his dream of college education and if all goes well; maybe experience the American Dream and let the chips fall where they may. Find out what happened in each of their separate lives in America. Get to the roots of the struggle; find out the true origin of the black American struggle for dignity. Find out how the stone that the builders rejected, became the cornerstone of the finest mansion in the land, built by slave labor, reserved for nobility and eventually occupied by descendants of the same slaves who built it. I grew up in the small canoe-fishing town of Christiansborg, Osu, on the Atlantic coast of West Africa. As a child, I was fortunate enough to attend the schools that the early Missionaries built during the colonial era. Growing up under the shadow of the infamous Christiansborg Castle; I quickly learnt what many in our community already knew. It was common knowledge that our peaceful and picturesque, seaside neighborhood, was one of the most vicious slave market centers in black Africa; next only to the iniquitous Cape Coast Castle; a few hundred miles west of my hometown and the notorious Elmina Castle, further to the west of my hometown. All three colossal castles, still stand today on the sandy shores and in the salt waters of the Atlantic Ocean; each colonial castle, acting as giant window, looking back in retrospect to the ills of the colonial era and the evils of the slavery era. I decided to write this book, *Redemption of a Dream*, when America elected its first-ever African American president in almost three centuries. To me, this is the greatest and most significant change that ever happened since the new world was discovered. I wrote this book solely in honor of the brave heroes and legends of The Struggle from slavery to Presidency. Thanks for checking out my story and God bless.

Pindar and the Cult of Heroes Bruno Currie, 2010-04-29 Pindar and the Cult of Heroes combines a study of Greek culture and religion (hero cult) with a literary-critical study of Pindar's epinician poetry. It looks at hero cult generally, but focuses especially on heroization in the 5th century BC. There are individual chapters on the heroization of war dead, of athletes, and on the religious treatment of the living in the 5th century. Hero cult, Bruno Currie argues, could be anticipated, in different ways, in a person's lifetime. Epinician poetry too should be interpreted in the light of this cultural context; fundamentally, this genre explores the patron's religious status. The book features extensive studies of Pindar's Pythians 2, 3, 5, Isthmian 7, and Nemean 7.

The Flight of the Century Thomas Kessner, 2010-07-20 In late May 1927 an inexperienced and unassuming 25-year-old

Air Mail pilot from rural Minnesota stunned the world by making the first non-stop transatlantic flight. A spectacular feat of individual daring and collective technological accomplishment, Charles Lindbergh's flight from New York to Paris ushered in the modern age of commercial aviation. In *The Flight of the Century*, Thomas Kessner takes a fresh look at one of America's greatest moments, explaining how what was essentially a publicity stunt became a turning point in history. Kessner vividly recreates the flight itself and the euphoric reaction to it on both sides of the Atlantic, and argues that Lindbergh's amazing feat occurred just when the world--still struggling with the disillusionment of WWI--desperately needed a hero to restore a sense of optimism and innocence. Kessner also shows how new forms of mass media made Lindbergh into the most famous international celebrity of his time, casting him in the role of a humble yet dashing American hero of rural origins and traditional values. Much has been made of Lindbergh's personal integrity and his refusal to cash in on his fame, but Kessner reveals that Lindbergh was closely allied with, and managed by, a group of powerful businessmen--Harry Guggenheim, Dwight Morrow, and Henry Breckenridge chief among them--who sought to exploit aviation for mass transport and massive profits. Their efforts paid off as commercial air traffic soared from 6,000 passengers in 1926 to 173,000 passengers in 1929. Kessner's book is the first to fully explore Lindbergh's central role in promoting the airline industry--the rise of which has influenced everything from where we live to how we wage war and do business.

The Biblical Hero Elliott Rabin, 2020-03-01 Approaching the Bible in an original way—comparing biblical heroes to heroes in world literature—Elliott Rabin addresses a core biblical question: What is the Bible telling us about what it means to be a hero? Focusing on the lives of six major biblical characters—Moses, Samson, David, Esther, Abraham, and Jacob—Rabin examines their resemblance to hero types found in (and perhaps drawn from) other literatures and analyzes why the Bible depicts its heroes less gloriously than do the texts of other cultures: * Moses founds the nation of Israel—and is short-tempered and weak-armed. * Samson, arrogant and unhinged, can kill a thousand enemies with his bare hands. * David establishes a centralized, unified, triumphal government—through pretense and self-deception. * Esther saves her people but marries a murderous, misogynist king. * Abraham's relationships are wracked with tension. * Jacob fathers twelve tribes—and wins his inheritance through deceit. In the end, is God the real hero? Or is God too removed from human constraints to even be called a “hero”? Ultimately, Rabin excavates how the Bible’s unique perspective on heroism can address our own deep-seated need for human-scale heroes.

Female Action Heroes Gladys L. Knight, 2010-06-08 This book offers 25 profiles of some of the most popular female action heroes throughout the history of film, television, comic books, and video games. Female action heroes, like other fictional characters, not only reveal a lot about society, but greatly influence individuals in society. It is no surprise that the gradual development and increase in the number of female action heroes coincides with societal changes and social movements, such as feminism. Nor is it a surprise that characteristics of female action heroes echo the progressive toughening of women and young girls in the media. *Female Action Heroes: A Guide to Women in Comics, Video Games, Film, and Television* brings to the forefront the historical representation of women and girls in film, television, comic books, and video games. The book includes profiles of 25 of the most popular female action heroes, arranged in alphabetical order for easy reference. Each

chapter includes sections on the hero's origins, her power suit, weapons, abilities, and the villains with whom she grapples. Most significantly, each profile offers an analysis of the hero's story—and her impact on popular culture.

Studies in Islamic Civilization Ahmed Essa,Othman Ali,Othman Ali ,2010-01-01 Studies in Islamic Civilization draws upon the works of Western scholars to make the case that without the tremendous contribution of the Muslim world there would have been no Renaissance in Europe. For almost a thousand years Islam was arguably one of the leading civilizations of the world spanning a geographic area greater than any other. It eliminated social distinctions between classes and races, made clear that people should enjoy the bounties of the earth provided they did not ignore morals and ethics, and rescued knowledge that would have been lost, if not forever, then at least for centuries. The genius of its scholars triggered the intellectual tradition of Europe and for over seven hundred years its language, Arabic, was the international language of science. Strange then that its legacy lies largely ignored and buried in time. In the words of Aldous Huxley, "Great is truth, but still greater, from a practical point of view, is silence about truth. By simply not mentioning certain subjects... propagandists have influenced opinion much more effectively than they could have by the most eloquent denunciations." Studies in Islamic Civilization is a compelling attempt to redress this wrong and restore the historical truths of a "golden age" that ushered in the Islamic renaissance, and as a by-product that of the West. In doing so it gives a bird's eye view of the achievements of a culture that at its height was considered the model of human progress and development.

The Encyclopaedia Britannica: Harmony-Hurstmonceaux, 1910 The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained within its volumes. It is especially strong in its biographical entries.
