**Theatre Translation in Performance** Silvia Bigliazzi, Paola Ambrosi, Peter Kofler, 2013-04-02 This volume focuses on the highly debated topic of theatrical translation, one brought on by a renewed interest in the idea of performance and translation as a cooperative effort on the part of the translator, the director, and the actors. Exploring the role and function of the translator as co-subject of the performance, it addresses current issues concerning the role of the translator for the stage, as opposed to the one for the editorial market, within a multifarious cultural context. The current debate has shown a growing tendency to downplay and challenge the notion of translational accuracy in favor of a recreational and post-dramatic attitude, underlying the role of the director and playwright instead. This book discusses the delicate balance between translating and directing from an intercultural, semiotic, aesthetic, and interlingual perspective, taking a critical stance on approaches that belittle translation for the theatre or equate it to an editorial practice focused on literality. Chapters emphasize the idea of dramatic translation as a particular and extremely challenging type of performance, while consistently exploring its various textual, intertextual, intertranslational, contextual, cultural, and intercultural facets. The notion of performance is applied to textual interpretation as performance, interlingual versus intersemiotic performance, and

(inter)cultural performance in the adaptation of translated texts for the stage, providing a wide-ranging discussion from an international group of contributors, directors, and translators.

*Dimensions of Iconicity* Angelika Zirker,Matthias Bauer,Olga Fischer,Christina Ljungberg,2017-09-08 This volume addresses five different Dimensions of Iconicity. While some contributions examine the phonic dimensions of iconicity that are based on empirical, diachronic and theoretical work, others explore the function of similarity from a cognitive point of view. The section on multimodal dimensions takes into account philosophical, linguistic and literary perspectives in order to analyse, for example, the diagrammatic interplay of written texts and images. Contributions on performative dimensions of iconicity focus on Buddhist mantras, Hollywood films, and the dynamics of rhetorical structures in Shakespeare. Last but not least, the volume also addresses new ways of considering iconicity, including notational iconicity, the interplay of iconicity, ambiguity, interpretability, and the iconicity of literary analysis from a formal semanticist point of view.

The Medici: Portraits and Politics 1512-1570 Keith Christiansen,Carlo Falciani,Andrea Bayer,Elizabeth Cropper,Davide Gasparotto,Sefy Hendler,Antonella Fenech Kroke,Tommaso Mozziati,Elizabeth Pilliod,Julia Simon,Linda Wolk-Simon,2021-04-19 Between 1512 and 1570, Florence underwent dramatic political transformations. As citizens jockeyed for prominence, portraits became an essential means not only of recording a likeness but also of conveying a sitter's character, social position, and cultural ambitions. This fascinating book explores the ways that painters (including Jacopo Pontormo, Agnolo Bronzino, and Francesco Salviati), sculptors (such as Benvenuto Cellini), and artists in other media endowed their works with an erudite and self-consciously stylish character that made Florentine portraiture distinctive. The Medici family had ruled Florence without interruption between 1434 and 1494. Following their return to power in 1512, Cosimo I de' Medici, who became the second Duke of Florence in 1537, demonstrated a particularly shrewd ability to wield culture as a political tool in order to transform Florence into a dynastic duchy and give Florentine art the central position it has held ever since. Featuring more than ninety remarkable paintings, sculptures, works on paper, and medals, this volume is written by a team of leading international authors and presents a sweeping, penetrating exploration of a crucial and vibrant period in Italian art.
