Fashioning the Self: Identity and Style in British Culture Emily Priscott,2023-06-06 'Fashioning the Self: Identity and Style in British Culture' offers an eclectic approach to contemporary fashion studies. Taking a broad definition of British culture, this collection of essays explores the significance of style to issues such as colonialism, race, gender and class, embracing topics as diverse as eighteenth-century portraiture, literary dress culture and Edwardian working-class glamour. Examining the emblematic power of garments themselves and the context in which they are styled, this work interrogates the ways that personal style can itself decontextualize garments to radically reframe their meanings. Using an intentionally eclectic range of subjects from an interdisciplinary perspective, this collection builds on the work of theorists such as Aileen Ribeiro, Vika Martina Plock, Cheryl Buckley and Hilary Fawcett, to examine the social significance of personal style, while also highlighting the diversity of British culture itself.

Costumes of Sri Lanka K. D. G. Wimalaratne, Dian Gomes, 2001 The scope of this book is the evolution of Sri Lankan costumes spanning from around 6th century B.C. with the first available records of the island's dress form, to the post-independence era. This broad time span begins with hints of a pre-Vijayan culture of costumes and textiles and ends in the post independence politics and its relationship to dress both in prescription and practice. Sculptures, graffiti, paintings, literature and photographs in the book provide an engrossing glimpse of the traditions of clothing in this multi-cultural island.

Buddha in Sri Lanka Swarna Wickremeratne, 2012-02-01 This book provides both an erudite and intimate look at how Buddhism is lived in Sri Lanka. While India is known as the birthplace of Buddhism, Sri Lanka is its other home; Buddhism extends back over twenty-five hundred years on the island and remains at the center of its spiritual traditions and culture. Throughout the book, author Swarna Wickremeratne incorporates a personal view, sharing stories of herself, her family, friends, and acquaintances as they lived Buddhism both during her Sri Lankan girlhood and during more recent times. This personal view makes the traditions come alive as Wickremeratne details Buddhist beliefs, customs, rituals and ceremonies, and folklore. She also provides a fascinating discussion of the Sangha, the institutional monkhood in Sri Lanka, including its history, codes of conduct, and evolution and resilience over time. Wickremeratne explores the recent attempts by many monks to reinvent themselves in a society characterized by secularization, globalization, and a tide of aggressive Christian evangelization.

Sri Lanka Literary Essays & Sketches Charles Sarvan, 2011-04-08 This anthology consists of articles on Sri Lankan literary works written (with a few exceptions) in English. For the benefit of non-Sri Lankan readers, something of the necessary historical, political and cultural background is provided. Broadening into the field of 'cultural studies', the volume includes comment on films based on, or relevant to, Sri Lanka. Published over several years (the first in 1989), the articles reflect changes in the Island and, therefore, in the concern of its writers. Section 2, 'Related articles', consists of a reading of Conrad's *Heart of Darkness* from a Buddhist and Hindu perspective; an examination of the term racism, and a "meditation" on an aspect of the Sri Lankan exile experience. 'Sketches', the last section, contains two imaginative pieces and a factual, tsunami-related, incident. Altogether, this anthology will be of use not only to students of the Island's English-language literature but also to those who have a general interest in Asia and Sri Lanka.
