Broken Toys Neel Latchman,2023 Galan Rain is emotionally unavailable after chasing love his entire life in an attempt to mend his broken heart. When Aria Scarlet and her sister walk through the gates of Salt Pine Acres and into Grounded Coffee House, it rekindles his faith in love. Enraptured by Aria's presence, he inevitably falls in love. Though the urge to remain is strong, Galan is intent on leaving this town behind because he feels like he doesn't fit in. Now obsessed with Aria, Galan observes her every move. He saw her in ways no one else did. Learning from the mistakes of his past, Galan methodically plans his every move to win her love. His obsession becomes dangerous when the people in the Scarlets' lives turn into obstacles that stand between him and his plan to leave his past behind. Nothing stays hidden in Salt Pine Acres when the truth about Galan and the Scarlets comes to light. Aria's past becomes a major obstacle for him in his fight for love, and Galan's past catches up with him. Ultimately, a bloody turn of events forces him to abandon everything to protect the girl he fell for, by any means necessary--Page 4 of cover.

The Lives of Others Neel Mukherjee, 2014-06-13 'Ma, I feel exhausted with consuming, with taking and grabbing and using. I am so bloated that I feel I cannot breathe any more. I am leaving to find some air, some place where I shall be able to purge myself, push back against the life given me and make my own. I feel I live in a borrowed house. It's time to find my own . . . Forgive me . . .' Calcutta, 1967. Unnoticed by his family, Supratik has become dangerously involved in student unrest, agitation, extremist political activism. Compelled by an idealistic desire to change his life and the world around him, all he leaves behind before disappearing is this note . . . The ageing patriarch and matriarch of his family, the Ghoshes, preside over their large household, unaware that beneath the barely ruffled surface of their lives the sands are shifting. More than poisonous rivalries among sisters-in-law, destructive secrets, and the implosion of the family business, this is a family unraveling as the society around it fractures. For this is a moment of turbulence, of inevitable and unstoppable change: the chasm between the generations, and between those who have and those who have not, has never been wider. Ambitious, rich and compassionate, *The Lives of Others* unfolds a family history, and anatomizes a social class in all its contradictions. It asks: can we escape what is in our blood? How do we imagine our place amongst others in the world? Can that be reimaged? And at what cost? This is a novel of rare power and emotional force.
