Educators need to understand the context of learning and for that they need to understand student interests in both local and global aspects. This book values young people's expression of their own culture and personal interests. It is unique in that the starting point is the drawings of the young people - not to illustrate a predetermined theory, but to enable young people from different countries to express their visions about the world - illustrati.

Comics and Agency Vanessa Ossa,Jan-Noël Thon,Lukas R. A. Wilde,2022-11-21 This volume aims to intensify the interdisciplinary dialogue on comics and related popular multimodal forms (including manga, graphic novels, and cartoons) by focusing on the concept of medial, mediated, and mediating agency. To this end, a theoretically and methodologically diverse set of contributions explores the interrelations between individual, collective, and institutional actors within historical and contemporary comics cultures. Agency is at stake when recipients resist hegemonic readings of multimodal texts. In the same manner, “authorship” can be understood as the attribution of agency of and between various medial instances and roles such as writers, artists, colorists, letterers, or editors, as well as with regard to commercial rights holders such as publishing houses or conglomerates and reviewers or fans. From this perspective, aspects of comics production (authorship and institutionalization) can be related to aspects of comics reception (appropriation and discursivation), and circulation (participation and canonization), including their potential for transmedialization and making contributions to the formation of the public sphere.

The End of the Fucking World Charles Forsman, 2017-08-02 Fantagraphics is proud to publish this edition of TeotFW in conjunction with the 2017 television drama on UK's Channel 4 (with distribution via Netflix in the U.S.). Originally released to critical and public acclaim in 2013, Charles Forsman's graphic novel debut follows James and Alyssa, two teenagers living a seemingly typical teen experience as they face the fear of coming adulthood. Forsman tells their story through each character's perspective, jumping between points of view with each chapter. But quickly, this somewhat familiar teenage experience takes a more nihilistic turn as James's character exhibits a rapidly forming sociopathy that threatens both of their futures. He harbors violent fantasies and begins to act on them, while Alyssa remains as willfully ignorant for as long as she can, blinded by young love.

Representations of Islam in United States Comics, 1880-1922 Maryanne A. Rhett, 2019-09-19 Representations of Islam in United States Comics, 1880-1922 examines the depiction of Islam, Muslims, and the Islamic world in U.S. popular culture, particularly comics and related artifacts, between 1880 and 1922. Through cartoons, comics, editorial cartoons, serialized advertisements and other materials the book unfolds a narrative about how the Islamic world and its people were understood by the American government and its people. This "knowledge," garnered from popular culture of the day, produced a lens through which domestic and international relationships were created and maintained. Representing a wide swath of U.S. popular culture and discourse, the reflections these artifacts offer are united in their depiction of the "Oriental" in an era that is largely assumed to have been marked by American un-interest in the region, peoples and religion. An exciting contribution to a growing field, this book resituates the U.S. within the Islamic world, using the everyday medium of comics to provide a fresh perspective on the subject.

Super-History Jeffrey K. Johnson, 2014-01-10 In the less than eight decades since Superman's debut in 1938, comic book superheroes have become an indispensable part of American society and the nation's dominant mythology. They represent America's hopes, dreams, fears, and needs. As a form of popular literature, superhero narratives have closely mirrored trends and events in the nation. This study views American history from 1938 to 2010 through the lens of superhero comics, revealing the spandex-clad guardians to be not only fictional characters but barometers of the place and time in which they reside. Instructors considering this book for use in a course may request an examination copy here.

All this - and it is FREE Don't forget to tell your friends!

Is Superman Circumcised? Roy Schwartz,2021-05-19 Superman is the original superhero, an American icon, and arguably the most famous character in the world--and he's Jewish! Introduced in June 1938, the Man of Steel was created by two Jewish teens, Jerry Siegel, the son of immigrants from Eastern Europe, and Joe Shuster, an immigrant. They based their hero's origin story on Moses, his strength on Samson, his mission on the golem, and his nebbish secret identity on themselves. They made him a refugee fleeing catastrophe on the eve of World War II and sent him to tear Nazi tanks apart nearly two years before the US joined the war. In the following decades, Superman's mostly Jewish writers, artists, and editors continued to borrow Jewish motifs for their stories, basing Krypton's past on Genesis and Exodus, its society on Jewish culture, the trial of Lex Luthor on Adolf Eichmann's, and a future holiday celebrating Superman on Passover. A fascinating journey through comic book lore, American history, and Jewish tradition, this book examines the entirety of Superman's career from 1938 to date, and is sure to give readers a newfound appreciation for the Mensch of Steel!

Drawing Words and Writing Pictures Jessica Abel,Matt Madden,2008-06-10 A course on comics creation offers lessons on lettering, story, structure, and panel layout, providing a solid introduction for people interested in making their own comics.

All the Money in the World Laura Vanderkam,2012-03-01 How happy would you be if you had all the money in the world? The universal lament about money is that there is never enough. We spend endless hours obsessing over our budgets and investments, trying to figure out ways to stretch every dollar. We try to follow the advice of money gurus and financial planners, then kick ourselves whenever we spend too much or save too little. For all of the stress and effort we put into every choice, why are most of us unhappy about our finances? According to Laura Vanderkam, the key is to change your perspective. Instead of looking at money as a scarce resource, consider it a tool that you can use creatively to build a better life for yourself and the people you care about. For instance, the average couple spends \$5,000 on engagement and wedding

rings, making these pricey purchases largely because everyone else does. But what if you decided to spend \$300 on rings and apply the rest to future date nights, weekend getaways, and thinking-of-you bouquets over the next ten years? In the long run, what would bring more joy to your marriage? Likewise, will owning a home with a pristine lawn and a two-car garage—the American Dream—really make you more satisfied? Or are you saving up for this investment just because financial planners tell you it's worth it? Vanderkam shows how each of us can figure out better ways to use what we have to build the lives we want. Drawing on the latest happiness research as well as the stories of dozens of real people, Vanderkam offers a contrarian approach that forces us to examine our own beliefs, goals, and values. Among her advice: Laugh at the Joneses: It's human nature to compare yourself to those around you, but you can create lifestyle that brings you personal satisfaction without copying your neighbors. Give yourself the best weekend ever: Studies show that experiences often bring more pleasure than material goods. With a little planning and creativity, you can give yourself a memorable getaway without leaving town or going broke. Embrace the selfish joy of giving: Giving back not only helps you build karma, it also helps you build a community—which is much more fulfilling than a tax deduction. *All the Money in the World* is a practical and inspiring guide that shows how money can buy happiness—if we spend it wisely.

Indyfest Magazine #99 Ian Shires, Ellen Fleisher, Christie Hine, Trisha Sugarek, Louise Cochran-Mason, Douglas Owen, 2017-04-16 The 99th issue of IndyFest Magazine! is here. This April 2017 issue is one you need to read. Inside you will find in-depth interviews with: James C. Munch Brad Hayden Luanga Nuwame Tammy Garrison Travis Ware Johan Thompson Also included in this issue: Editorial by Ian Shires A Written View by Douglas Owen Motivational Moments by Trisha Sugarek Hall of Fame by Ian Shires Reviews by Ian Shires Published by Ian Shires, Dimestore Productions Managing Editor Ellen Fleisher Circulation Coordinator Douglas Owen IndyFest Magazine spotlights the creative efforts of artists taking control of their work. Each month you will find interviews, how to's and great advice from talented artists. Not stopping there, the magazine interviews the most amazing people and uncovers what it takes to be on the cutting edge of Self-Publishing. Don't forget to tell your friends!

Tech Jacket #1 Joe Keatinge, 2014-07-02 A new ongoing series from the creative team who brought you the hit TECH JACKET DIGITAL mini! Zack Thompson: community college drop out, lives with his parents... This is who protects us from what lies beyond our world?! But he's also Tech Jacket, the self-styled 'Galactic Guardian of Earth,' and when a big-ass space ship enters Earth's orbit, Zack will face the greatest challenge of his life!

COVID-19 and a World of Ad Hoc Geographies Stanley D. Brunn, Donna Gilbreath, 2022-09-15 This book provides an interdisciplinary overview of the causes and impacts of COVID-19 on populations, economies, politics, institutions and environments from all world regions. The book maps the causes, effects and impacts of the virus and describes the impact of the virus on among others health care, teaching and learning, travel, tourism, daily life, local and regional economies, media

impacts, elections, and indigenous populations and much more. Contributions to this book come from the humanities, social and policy science disciplines as well as from emerging transdisciplinary fields including climate change, sustainability, health care and epidemiology, security, art, visualization, economic and social well-being, law and borderland studies. As such, this book will be a rich source of information to all those geographers, social scientists and urban and regional planners working in this field.

The Walking Dead #12 Robert Kirkman,2004-09-15 It always comes down to this: At any moment, a zombie could leap out of the shadows and end your life. At last, it seems like there is a cause that unites mankind to end all our petty squabbles. But no. It's never that simple. Now Rick has a gun to his head.

Teaching Primary Geography Simon Catling,Tessa Willy,2010-07-21 Written with reference to the 2007 Professional Standards for the Award of QTS and initiatives such as the Primary National Strategy, each chapter offers practical guidance on topics such as planning, assessment and the creation of resources. It provides summaries of key topics in primary geography, including the study of places, environmental sustainability, learning beyond the classroom, global issues, citizenship and cross-curricular approaches to promote children's subject knowledge, well-being and learning within primary geography. With research summaries, practical and reflective tasks, and classroom examples, this book helps trainees and NQTs teach primary geography confidently and creatively throughout the primary school.

B.P.R.D. Hell on Earth #129 John Arcudi,Mike Mignola,2015-02-18 Howards uses his link to the past to save the BPRD from a rampaging monster in the snowy mountains. But will the secrets he has learned be enough? The conclusion to James Harren's epic arc! An excellent read.♦ SciFiPulse

Mass Communication Ralph E. Hanson,2018-11-15 Transform your students into smart, savvy media consumers. A book that students find fun to read and instructors consider educationally valuable, *Mass Communication: Living in a Media World* provides the media literacy principles and critical thinking skills that students need to become self-aware media consumers. Known for his storytelling approach, bestselling author Ralph E. Hanson uses examples drawn from everyday life to explain the many dimensions of mass media that operate in our society. This newly revised Seventh Edition is packed with contemporary examples and compelling stories that illustrate the latest developments and recent events that are changing the face of media today.

B.P.R.D. Hell on Earth #128 John Arcudi,Mike Mignola,2015-01-21 The BPRD's attempts to kill the monster terrorizing a snowy mountainside have failed. While the team tries desperately to escape, one man stands against the monster . . . the mysterious Agent Howards. Will this warrior from the past be able to kill the beast or be crushed in its path? Moody, tense and a joy to read. Bring on the next issue.♦Bloody Disgusting
