Jandy Nelson

I'll Give You the Sun Jandy Nelson, 2015-10-27 A New York Times bestseller • One of Time Magazine's 100 Best YA Books of All Time • Winner of the Michael L. Printz Award • A Stonewall Honor Book The radiant, award-winning story of first love, family, loss, and betrayal for fans of John Green, Becky Albertalli, and Adam Silvera Dazzling.—The New York Times Book Review A blazing prismatic explosion of color.—Entertainment Weekly Powerful and well-crafted . . . Stunning. —Time Magazine “We were all heading for each other on a collision course, no matter what. Maybe some people are just meant to be in the same story.” At first, Jude and her twin brother are Noah and Jude; inseparable. Noah draws constantly and is falling in love with the charismatic boy next door, while daredevil Jude wears red-red lipstick, cliff-dives, and does all the talking for both of them. Years later, they are barely speaking. Something has happened to change the twins in different yet equally devastating ways . . . but then Jude meets an intriguing, irresistible boy and a mysterious new mentor. The early years are Noah's to tell; the later years are Jude's. But they each have only half the story, and if they can only find their way back to one another, they'll have a chance to remake their world. From the acclaimed author of *The Sky Is Everywhere*, this exhilarating novel will leave you breathless and teary and laughing—often all at once.

The Summary, 1912

The Mathematician Jacob E. Goodman, 2023-09-15 Professor Claus Eisenstadt, a refugee from Nazi Germany, and a brilliant mathematician, disappears from Columbia University one day. After the police have given up the search, mathematics graduate student Judy Carter, compelled to solve puzzling problems—both in science and in real life—becomes intrigued with his sudden disappearance. As she tries to learn more about the whereabouts and welfare of the professor, Judy begins to suspect his unexpected absence may have something to do with his earlier days in Germany. Judy follows up on some of her theories about Professor Eisenstadt's mysterious disappearance, but she is forced to give up without a solution. Years later, Judy has herself become a professor. While on sabbatical in Germany, she decides to look further into Eisenstadt's disappearance, and begins to understand more about him, but is unable to find the answer to the puzzle of his vanishing. When Judy returns home to the US, she finds a thick envelope waiting for her, which contains an unusual request. She is surprised to find that it concerns Eisenstadt. Could this unexpected package be the link that helps Judy finally learn what happened to Claus and why he vanished? As the story unfolds, the novel travels between student days in prewar

Germany and postwar America, which were impacted by prewar anti-Semitism and postwar guilt. The reader is allowed a glimpse into the work of scientific researchers and the interplay of that work with their personal lives.

Spheres of Influence Ryk Spoor, 2025-02-18 Sequel to popular space adventure, Grand Central Arena! Leader of the Faction of Humanity. It was a ridiculous title, but the Arena said that was what Captain Ariane Austin was since she'd led the crew of the Holy Grail in their discovery of the impossible, physics-violating place and their eventual return, and when the nigh-omnipotent Arena said something, it meant it. Ariane must discover what it means to be the Leader of Humanity, both for herself and for humanity, before her enemies - at home or in the Arena - depose her, kill her, or worse. It will take all her luck, Marc DuQuesne's indomitable will, Simon Sandrisson's genius, and the peerless skill of a living legend. And, in the end, humanity's fate in the galaxy and beyond will hinge on the choice of an uncertain ally who has nothing to gain, and everything to lose, by aiding those neophyte upstarts, the humans.

The Price of Infamy Ember Leigh, Surprise niece. Estranged brothers. And now? The one who got away. Between dodging the avalanche of my crumbling business and learning how to change a two-year-old's diaper, my life has taken unexpected turns. But I'm nothing if not a resourceful billionaire. Of course I hire a nanny—and only the best. But there's one small problem. The best nanny tasked with helping my non-verbal niece come out of her shell is none other than Mercedes Hendricks. My ex. My first great love. The woman who told me to never contact her again six years ago. I'd send her away if she wasn't so damn good at what she does. But as she wins over Willow's heart, it has the unfortunate side effect of winning over me. I thought I was strong. I thought I was done with her. I thought I could ignore our steamy memories and her sweet smiles and all the little things that tell me our ending six years ago might have been a mistake... Wrong. I'm a pushover when it comes to this woman, and it doesn't even matter that she's engaged to somebody else. I plan to make her mine - the way she should have been six years ago. But as I work on setting up the next chapter of my life in Louisville, my infamy gets the best of me. There are dangerous people in Louisville who want me gone, which forces me to choose between the happiness I thought could be mine, and the safety my niece so desperately needs. Billionaires. Bad boys. Bleeding hearts. These outsiders are known as the Bad Boys of Wall Street and every book in the series features glittering Manhattan skyscrapers, swoon-worthy heroes, and a guaranteed HEA. The Price of Infamy is a second-chance, nanny, billionaire romance, book #4 in the Bad Boys of Wall Street series. This can be read as a stand-alone, but the series is best read in order, since the drama is chronological and cumulative throughout the books.

Unbridled D. Jackson Leigh, 2021-07-13 After a hard-fought battle to take control of her personal and professional life, mystery writer Lauren Everhart's star is finally rising. She vows never to give up control of anything in her life until she meets her niece's sexy horseback-riding instructor and signs up for her own private lessons, and more. Riding top horses on the show jumping circuit and igniting a woman's desire are simply games of power, and Marsh Langston is a master player.

Only this time, the flame she fans with Lauren Everhart burns too hot and so quickly it threatens to sear through Marsh's impenetrable control.

It's only accessible by a parachute drop that would put American GIs deep behind enemy lines. No point on the Ho Chi Minh Trail is more crucial to the Viet Cong war effort, and nowhere is more tightly guarded. Colonel David Tyreen has just sent a team to destroy the bridge, and none returned. It's time to assemble another team./divDIV /divDIVThe weather is awful, and the only plane available is a rickety old captured jet. So when the leader of a powerful faction of shifters turns up murdered, Fort finds himself tracking down a killer while navigating dangerous rivalries, longtime grudges, and hidden agendas. Even with the help of his foxy kitsune sidekick, Suzume, he'll need to pull out all the stops to hunt for the paranormal assassin. But as he calls on fairies, witches, and ghouls for help, he discovers that the problem is much bigger than a single dead werebear.
