M Planty

EL SUPER USUARIO OSCAR HINOSTROZA,2014-12-12 Una gran compañía de computadoras decide crear una súper computadora dotada con inteligencia artificial, capaz de descifrar el código genético en segundos, crear un nuevo virus mortal en minutos, ¿ hasta que punto controlaremos dicha tecnología ?, ¿ será nuestro fin o el inicio de algo nuevo ?, ¿que sería de esta tecnología en manos equivocadas?.

Una imprenta hispana del siglo XVII Pedraza Gracia, Manuel José,2021-11-25 Esta investigación parte del estudio de un documento excepcional: el Libro de cuentas de Pedro Blusón y Juan Francisco Larumbe, que hasta la fecha es el más antiguo «libro de cuenta y razón» de una imprenta localizado en la Península. Para una mejor comprensión del documento y de su información se ha completado con la revisión y análisis de otras fuentes bibliográficas y archivísticas. La presente obra ofrece una panorámica de la imprenta en Huesca en la primera mitad del siglo XVII que puede ser un buen ejemplo del funcionamiento de un pequeño taller de la época, revelando qué se imprime, cómo se producen los impresos y libros, cómo se distribuyen, qué gastos e ingresos se obtienen, qué relaciones existen entre los diferentes profesionales del libro... También permite conocer mejor a los protagonistas del libro y algunas de las facetas de su vida cotidiana. La imprenta de Pedro Blusón y Juan Francisco Larumbe es además la imprenta de la Universidad Sertoriana, por lo que su estudio ayuda a comprender mejor la actividad de los impresores de las universidades en el siglo XVII.

La historia de la escritura Ewan Clayton,2015-01-30 Un interesante recorrido a través de la historia de la escritura desde

sus orígenes hasta la época moderna, que nos revela cómo ha cambiado nuestra relación con la palabra escrita en la era digital. Desde las simples formas representativas que se usaban en el antiguo Egipto para registrar los trueques hasta los sofisticados recursos tipográficos disponibles en un ordenador del siglo XXI, podemos afirmar que los distintos periodos de la historia de la escritura conforman la historia de la civilización misma. En La historia de la escritura, Ewan Clayton analiza las distintas etapas de su evolución y explora el impacto social y cultural de cada una: la invención del alfabeto; la sustitución del rollo de papiro por el códice en la época tardorromana; el perfeccionamiento en el siglo XV de la imprenta que se vale de tipos móviles y la consiguiente extensión de la alfabetización; la industrialización de la imprenta durante la Revolución francesa; el impacto que tuvo en la palabra escrita el modernismo a principios del siglo XX, y los significativos cambios que la era digital ha supuesto en nuestros hábitos de escritura en el comienzo de este siglo.

Diccionario Nuevo de Las Dos Lenguas Espan~ola E' Inglesa en Quatro Tomos. : Thomas Connelly, 1797

Doce siglos de materialidad del libro. Estudios sobre manuscritos e impresos entre los siglos VIII y XIX Carvajal González, Helena, Sánchez Oliveira, Camino, 2017-10-24 El desentrañar el libro como un objeto material en cuya elaboración intervienen hombres y mujeres dedicados a su encargo y edición, su elaboración material y su distribución comercial sigue conformando el conjunto de los aspectos relacionados con el mundo del libro antiguo sobre el que más aportaciones científicas se realizan y más se investiga. Sin embargo, quedan todavía muchas facetas que continúan requiriendo profundización: el nombre de los oficiales de imprenta en los talleres; el de los artistas iluminadores, diseñadores de estampas, grabadores; las tiradas; los costes de producción..., entre otras muchas. Apreciar los caminos que sigue el libro para llegar a un lector, el editor que difunde la obra, las causas que llevan los libros a determinados lugares y determinadas manos, las relaciones comerciales que se establecen, las rutas, mercados y ferias, la actividad de los transportistas y la de los mercaderes de libros, la trascendencia que el lector posee en relación con la edición de nuevas obras, cerrándose así el círculo de la oferta y la demanda, son aspectos tratados los días 7, 8 y 9 de septiembre de 2016 en Zaragoza en el II Congreso Internacional sobre el Libro Medieval y Moderno con la participación autores de primera fila en la investigación sobre el libro que conforman más de una treintena de comunicaciones muy heterogéneas en torno a la materialidad del libro.

Materiales de apoyo. (Volumen 1) Espanya. Secretaría de Estado de Educación, 1990 Los trabajos aquí reunidos tienen como objetivo contribuir a la reflexión y al debate en torno al uso plural e innovador de los periódicos en las aulas. De acuerdo a la filosofía del Programa Prensa-Escuela del M. E. C., con la difusión de estos materiales de apoyo tan sólo

pretendemos incorporar una serie de propuestas que, esperamos, sean útiles para todos aquellos profesores y profesoras preocupados por la renovación de la escuela. Como se puede apreciar simplemente observando el índice de los diferentes volúmenes, la orientación de los trabajos es plural y tiene aspectos muy singulares. Conscientes de que no hay una fórmula única para incorporar los periódicos al quehacer escolar, hemos intentado reunir un conjunto de experiencias de carácter teórico y práctico centradas en las enseñanzas no universitarias.
