**The History of the Coptic Orthodox Church in the United States** E. M. Gabriel,2021-03-11 And He said to them, 'Go into all the world and preach the gospel to every creature.'-Mark 16:15 In the middle of the first century, God sent St. Mark the Evangelist to proclaim the Good News and teach the Egyptians about the true God. He became the first pope and patriarch of the See of St. Mark and the founder of the Coptic Orthodox Church. For centuries, the Coptic Church remained mostly within the boundaries of Egypt, and the majority of Copts, including the clergy, were against the idea of immigration. But there were exceptions: Pope Cyril VI, the late Bishop Samuel, and the blessed Fr. Mikhail Ibrahim supported and

encouraged immigration. And in the middle of the twentieth century, the Coptic diaspora slowly began. Within the last five decades, St. Mark continued to carry the Good News through his disciples to the United States and around the world. The History of the Coptic Orthodox Church in the United States tells the story of the earliest immigrants who left their beloved homeland to start a new life and establish the roots of the Coptic Orthodox Church in America. In rich detail, it pays lasting tribute to a remarkable cast of individuals, families, and servants, including: -The first pioneers who welcomed each new immigrant as they arrived on America's shore -The early priests who traveled tirelessly throughout the United States and Canada to minister to individuals and families in rented spaces and the domestic church -The great popes-HH Cyril VI, HH Shenouda III, and HH Tawadros II-who provided loving guidance from Alexandria Through the efforts of all these servants, St. George Coptic Orthodox Church in Philadelphia was established as one of the first Coptic churches in the United States, along with others in New York, New Jersey, and beyond. The History of the Coptic Orthodox Church in the United States recounts the celebrations, struggles, and growth of these congregations as they maintain the traditions and spirit of the Coptic Orthodox Church into the twenty-first century.

*Christianity and Monasticism in Alexandria and the Egyptian Deserts* Gawdat Gabra,Hani N. Takla,2020-10-06 The legacies of the Coptic Christian presence in Alexandria and the Egyptian Deserts from the fourth century to the present day The great city of Alexandria is undoubtedly the cradle of Egyptian Christianity, where the Catechetical School was established in the second century and became a leading center in the study of biblical exegesis and theology. According to tradition St. Mark the Evangelist brought Christianity to Alexandria in the middle of the first century and was martyred in that city, which was to become the residence of Egypt's Coptic patriarchs for nearly eleven centuries. By the fourth century Egyptian monasticism had begun to flourish in the Egyptian deserts and countryside. The contributors to this volume, international specialists in Coptology from around the world, examine the various aspects of Coptic civilization in Alexandria and its environs and in the Egyptian deserts over the past two millennia. The contributions explore Coptic art, archaeology, architecture, language, and literature. The impact of Alexandrian theology and its cultural heritage as well as the archaeology of its university are highlighted. Christian epigraphy in the Kharga Oasis, the art and architecture of the Bagawat cemetery, and the archaeological site of Kellis (Ismant al-Kharab) with its Manichaean texts are also discussed. **Touching Stories of My Life in Journey to Christian Holiness and Hands- on Patient Care in a Weeping Healthcare** Ramsis F. Ghaly FACS, MD, 2019-08-26 This is the twelfth book of the series "Christianity and the Human Brain." It integrates the neuroscience and the Bible, the Holy Book of our Lord Jesus. My love for our Lord, Jesus Christ, abides with my lifetime passion for neurosurgery and medicine, my continual obsession of spiritual connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation. It has been my belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside spiritual world, even while living on earth. In other words, a big part of the human brain is actually outside the skull and the body. As I perform brain surgeries for three decades, I realize my theory is so true. The majestic human brain can't be just the 1,500 grams of jelled matter inside the skull. The human journey, therefore, is transforming the human brain to become a brain of a man of God and the hand of man to a hand of a man of God. The spiritual human brain never dies, only the flesh. It is the center of my calling and unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demand of me. My life is dedicated to my Lord Jesus, patients, and residents. As a physician, I have reached the top in America, I am a professor of both neurological surgery and anesthesiology, and I am well-published in famous medical journals. As an academic teacher, I trained for more than thirty-four years, graduating thousands of trainee. But all is nothing as I strive for the Christian holiness and fullness. In a weeping healthcare with many patients' falling victims, I included actual patients' miracles, testimonials, and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine. This book is full of many vibrant stories that I love to share. It is timely since I consider my generation soon will be viewed obsolete to the future generations, and what will remain are the books I authored. The book is a text of wealth covering broad and diverse topics of my life's journey in 134 chapters and organized over 14 sections. So many chapters are written about my special love for Lord Jesus Christ and His children. In poems, deep reflections, and spiritual release of mind, I wrote extensively. In fact, I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories. A special section is dedicated to the mothers, newborns, and little children. While my soul is grieving, a section is designated on the ongoing Christian persecution, especially the genocide of Christians in my country Egypt, the ancient region of the Middle East, and the oldest historic continent of Africa. Furthermore, I wrote some of my dreams and thoughts that I couldn't otherwise convey for one reason and another, such as neuroscience in aerospace and some of the timely, touching subjects like drug overdose, human trafficking, and healthcare crises. Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics. Friends, human life starts with love and ends with eternal love for our Savior. It is never enough to share our love, write about love, and talk about actual love stories of heavenly roses, joy, Christmas, healing touch, miracles, and our calling for

his purpose. This is what my twelfth book is all about.

**Christianity and Monasticism in Aswan and Nubia** Saint Mark Foundation, Saint Shenouda the Archimandrite Coptic Society, 2013 Christianity and monasticism have flourished along the Nile Valley in the Aswan region of Upper Egypt and in what was once Nubia, from as early as the fourth century until the present day. The contributors to this volume, international specialists in Coptology from around the world, examine various aspects of Coptic civilization in Aswan and Nubia over the past centuries. The complexity of Christian identity in Nubia, as distinct from Egypt, is examined in the context of church ritual and architecture. Many of the studies explore Coptic material culture: inscriptions, art, architecture, and archaeology; and language and literature. The archaeological and artistic heritage of monastic sites in Edfu, Aswan, Makuria, and Kom Ombo are highlighted, attesting to their important legacies in the region.

**My Journey** Ramsis F. Ghaly MD FACS, 2020-03-16 My journey is documented in this two-volume book numbers 14th and 15th of my series "Christianity and the Human Brain". My journey is a testimony to Lord Jesus who took me by the hand from being a dismal soul to a renown neurosurgeon and anesthesiologist through a dream I had in 1974 with his words: "Son study all these books in my hand and I shall bless you and bless your patients". Today, 35 years later, I continue to dedicate my life to my Lord, my patients and the residents I mentor. The fulfillment of my joy is when my Almighty helps me to care for my patients and guides my hand in both neurosurgery and the teaching of coming generations. There are many stories and reflections to share with you. Lessons learned in various topics. It is my honor to share with you my journey and my Joy. The two volume books contain 181 chapters, distributed in twenty sections (ten in each volume) covering major highlights in my life journey. In addition to deep reflections from my own life stories in faith and medicine, topics include Jesus, love, patient care, the human brain, neurosurgery, illness, residents, healthcare crises, meditations and memories over four decades. I hope you, the reader, to take the positives of my journey and find it useful to your own journey as a participant sojourning in this world with me. Blessed are those striving early on in their life to serve our Savior Jesus Christ, to him is the glory for

ever and ever, Amen.

The Role of Images and the Veneration of Icons in the Oriental Orthodox Churches Christine Chaillot, 2018 The aim of this book is to demonstrate the presence in the very ancient Eastern Churches of religious images of all kinds (icons, paintings, illuminations), including the representation of Christ, together with the veneration (not the adoration) of icons/images. Presented here are not only the iconographic but also the liturgical and especially the Christological dimensions of the icon on the basis of texts used by these four traditions down the centuries. In contrast to the Byzantine Orthodox world which, after a controversy on this subject, officially established the veneration of icons from the time of the Second Council of Nicaea (787) and in 843, these Churches did not experience Iconoclasm. Christine Chaillot is Swiss and Orthodox (Patriarchate of Constantinople). She has published several books on the Orthodox Churches and the Oriental Orthodox Churches. **The Bible in Africa** Gerald West, Musa Dube, 2021-10-01 Although the arrival of the Bible in Africa has often been a tale of terror, the Bible has become an African book. This volume explores the many ways in which Africans have made the Bible their own. The essays in this book offer a glimpse of the rich resources that constitute Africa's engagement with the Bible. Among the topics are: the historical development of biblical interpretation in Africa, the relationship between African biblical scholarship and scholarship in the West, African resources for reading the Bible, the history and role of vernacular translation in particular African contexts, the ambiguity of the Bible in Africa, the power of the Bible as text and symbol, and the intersections between class, race, gender, and culture in African biblical interpretation. The book also contains an extensive bibliography of African biblical scholarship. In fact, it is one of the most comprehensive collections of African biblical scholarship available in print. **Between Desert and City: The Coptic Orthodox Church Today** Nelly van Doorn-Harder, Kari Vogt, 2012-02-01 The Coptic Orthodox Church in Egypt represents the largest Christian community in the Middle East today, but few works have appeared that discuss the situation of the contemporary Church. The Coptic Church has preserved ancient Christian traditions in a unique way. Not only has it survived centuries of living in a predominantly Muslim environment, but it has also managed to renew itself continuously during its long history. This book covers, for the first time, the most important aspects of the contemporary Coptic Orthodox Church in Egypt and in the diaspora, bringing together new knowledge which would otherwise remain largely inaccessible except to a small number of specialists.

**Copts in Modernity** ,2021-01-11 Copts in Modernity presents a collection of essays - many of which contain unpublished archival material - showcasing historical and contemporary aspects pertaining to the Coptic Orthodox Church. The volume covers three main themes: The first theme, History, gathers studies that look back to the nineteenth and late eighteenth centuries to understand the realities of the twentieth and twenty-first; the second theme, Education, Leadership and Service, explores the role of religious education in the revival of the Church and how Coptic religious principles influenced the ideas of leadership and service that resulted in the Church's spiritual revival; and the third theme, Identity and Material Culture, draws upon a broad range of material and visual culture to exemplify the role they play in creating and recreating identities. This volume brings together the work of senior and early career scholars from Australia, Europe, Egypt, and the United States.
