Sacred Space: Shrine, City, Land Benjamin Z. Kedar,R.J. Zwi Werblowsky,2016-07-27 Sacred Space: Shrine, City, Land - a collection of articles that deal with Holy Places from Antiquity to the present; from the lands of the Fertile Crescent to Europe, India, Japan and Mexico; from mountains and seas to temples, cities and countries; from the construction, perception and functioning of sacred sites to the psychotic breakdowns they bring on some visitors.

The Last Days of Jesus Participant's Guide Matt Williams,2009-08-31 DVD 2: The Last Days of Jesus Do you ever feel dead--spiritually dead? Do you ever wonder, If Christianity is supposed to be so great and Jesus' death was supposed to take care of everything, why is my life so messed up? It is only when we drink deeply from the life and death of Jesus--understanding the main events of his death--that we can find a full life. These studies (along with The Life of Jesus) invite us to see the behind-the-scenes truth of the main events of Jesus' death--so that his death can affect our lives...today...right where we live...in the midst of our weaknesses and failures. With maps and pictures, outlines, key scripture verses, discussion questions, plenty of room for note taking, and a personal five-day Bible study for each session, this participant's guide will help you get the most out of The Life of Jesus, both in your group and in applying what you learn to your life. TAKE A DEEPER LOOK The Deeper Connections series is unique. Unlike any other Bible study available, this visually stunning DVD series is written and taught by biblical experts--six professors with specialized areas of knowledge. Don't let the word deeper scare you. These engaging and accessible studies are for everyone who wants to deepen their understanding of God's Word and apply it more faithfully and effectively. In fact, a full one-third of each study is centered on modern application of Jesus' life and teachings. Hosted by Margaret Feinberg, who introduces each session from Israel, and filmed in locations as diverse as the Rocky Mountains, the Arizona desert, downtown Chicago, and Little Rock, Arkansas, each volume consists of six fascinating sessions. Each session is taught by a different teacher and emphasizes three components: 1. Historical and cultural background 2. An engaging, close look at the biblical text and its meaning 3. Accurate, encouraging, and challenging applications of the Bible's message to life today Are you seeking more from your Bible study? With three hours of teaching per DVD by Bible professors who know how to communicate the world of the biblical text to today's world, Deeper Connections will provide the depth for which you have been looking. Through alternating sections of teaching and group

discussion or individual reflection, this Bible Study series will allow you to make DEEPER CONNECTIONS with three main areas: 1. Historical Background: Jewish, Old Testament, historical, social, and cultural backgrounds, along with New Testament parallels, will be examined in order to bring out the full and deeper meaning of the biblical text. 2. Biblical Text: Bible professors who teach this subject matter in Bible colleges and seminaries will teach the biblical text. This is not a study filled only with entertaining stories. It gets at the real meaning of the text through stimulating teaching. 3. Real-life Application: Challenging and accurate applications that come directly out of the biblical text will help you to live the truth of the Bible in today's difficult world. The Cult of St Swithun Michael Lapidge, 2025-04-03 Following the translation of his relics from a conspicuous tomb into the Old Minster, Winchester, the massive rebuilding of the cathedral, and a vigorous publicity campaign by Bishop Aethelwold (963-84), St Swithun became one of the most popular and important English saints, whose cult was widespread in England, Ireland, Scandinavia, and France.

Sacred Images and Sacred Power in Byzantium Gary Vikan, 2024-10-28 In these studies Gary Vikan has opened new perspectives on the daily life and material culture of Late Antiquity - more specifically, on icons and relics, and on objects revealing of the world of pilgrimage, the early cult of saints, and marriage. He contextualizes these familiar categories of object in the patterns of belief and ritual extracted from contemporary texts and the objects themselves, in order to understand their meaning within the everyday lives of those by whom and for whom they were made. The studies give a nuanced delineation of the inherently ambiguous boundary between conventional religion and magic, noting repeatedly those instances wherein the two are invoked in the same breath (and by way of the same art object), toward the same end. From this historically constructed matrix of art, belief, and ritual, the author derives an anthropologically defined paradigm of charisma and pilgrimage (applied in one essay, as an intriguing parallel, to deconstructing the world of a contemporary secular saint, Elvis Presley).

City of Demons Dayna S. Kalleres, 2015-10-13 Although it would appear in studies of late antique ecclesiastical authority and power that scholars have covered everything, an important aspect of the urban bishop has long been neglected: his role as demonologist and exorcist. When the emperor Constantine made Christianity the official religion of the realm, bishops and priests everywhere struggled to Christianize the urban spaces still dominated by Greco-Roman monuments and festivals. During this period of upheaval, when congregants seemingly attended everything but their own Orthodox church, many ecclesiastical leaders began simultaneously to promote aggressive and insidious depictions of the demonic. In *City of*

Demons, Dayna S. Kalleres investigates this developing discourse and the church-sponsored rituals that went along with it, showing how shifting ecclesiastical demonologies and evolving practices of exorcism profoundly shaped Christian life in the fourth century.

Miracles and Wonders Michael Goodich, 2007-01-01 In this absorbing book, Michael Goodich explores the changing perception of the miracle in medieval Western society. He employs a wealth of primary sources, including canonization dossiers, hagiographical texts, theological treatises and sermons, to examine the Christian church's desire to create a sounder legal definition of the miracle.

Natural Materials of the Holy Land and the Visual Translation of Place, 500-1500 Renana Bartal, Neta Bodner, Bianca Kuhnel, 2017-04-21 Since early Christianity, wood, earth, water and stone were taken from loca sancta to signify them elsewhere. Unlike textual or visual representations, natural materials not only represent the Holy Land; they are part of it. This book examines the processes of their sanctification and how, although inherently abstract, they become charged with meaning.

The Routledge History of Medieval Christianity R. N. Swanson, 2015-04-10 The Routledge History of Medieval Christianity explores the role of Christianity in European society from the middle of the eleventh-century until the dawning of the Reformation. Arranged in four thematic sections and comprising 23 originally commissioned chapters plus introductory overviews to each part by the editor, this book provides an authoritative survey of a vital element of medieval history. Comprehensive and cohesive, the volume provides a holistic view of Christianity in medieval Europe, examining not only the church itself but also its role in, influence on, and tensions with, contemporary society. Chapters therefore range from examinations of structures, theology and devotional practices within the church to topics such as gender, violence and holy warfare, the economy, morality, culture, and many more besides, demonstrating the pervasiveness and importance of the church and Christianity in the medieval world. Despite the transition into an increasingly post-Christian age, the historic role of Christianity in the development of Europe remains essential to the understanding of European history – particularly in the medieval period. This collection will be essential reading for students and scholars of medieval studies across a broad range of disciplines.

Utopian Thought in the Western World Frank Edward MANUEL, Fritzie Prigohzy Manuel, Frank Edward Manuel, 2009-06-30 This masterly study has a grand sweep. It ranges over centuries, with a long look backward over several

millennia. Yet the history it unfolds is primarily the story of individuals: thinkers and dreamers who envisaged an ideal social order and described it persuasively, leaving a mark on their own and later times. The roster of utopians includes men of all stripes in different countries and eras--figures as disparate as More and Fourier, the Marquis de Sade and Edward Bellamy, Rousseau and Marx. Fascinating character studies of the major figures are among the delights of the book. Utopian writings run the gamut from fictional narratives to theoretical treatises, from political manifestos to constitutions for a new society. The Manuels have structured five centuries of utopian invention by identifying successive constellations, groups of thinkers joined by common social and moral concerns. Within this framework they analyze individual writings, in the context of the author's life and of the socio-economic, religious, and political exigencies of his time. Concentrating on innovative works, they highlight disjunctures as well as continuities in utopian thought from the Renaissance through the twentieth century. Witty and erudite, challenging in its interpretations and provocative in the questions it poses, the Manuels' anatomy of utopia is an adventure in ideas.

Last Voyage of the Valentina Santa Montefiore,2014-10-23 FROM THE NUMBER ONE BESTSELLING AUTHOR A tale of war, of Italy, of a beautiful young woman and a terrible tragedy from the number one bestselling author of Songs of Love and War. Italy, 1945 The war is over but its shadow still lingers. And deep in the lush countryside an eccentric aristocrat is savagely murdered in his beautiful palazzo. London, 1971. Years later, this unsolved crime touches the life of Alba, a hedonistic girl who lives on a houseboat in swinging Chelsea. Between these two distinctive times runs a thread of love, decadence and betrayal that takes Alba to the olive groves of the Amalfi Coast, rich with the scent of figs, the drama of wartime and the lingering decay of tragedy. The past unfolds revealing a secret web of partisans and Nazis, peasants and counts and in the centre of it all, an alluring woman of mystery: her mother... ***PRAISE FOR SANTA MONTEFIORE***

"Cum essem in Constantie...": Raffaele Fulgosio and the Council of Constance 1414-1415 Martin J. Cable,2015-10-05 In Cum essem in Constantie, Martin John Cable presents a study of the Padua university jurist Raffaele Fulgosio (Fulgosius) (1367-1427) and his work as an advocate at the Council of Constance in 1414-15. Through the use of archival material and evidence drawn from Fulgosio's works, the book reveals a vivid picture both of teaching practice at a medieval university and the life and output of a working lawyer in early fifteenth-century Italy. The book recreates much of

Fulgosio's workload at Constance and his involvement there in debates about representation, imperial and papal power and the Donation of Constantine.
