Feminist Theology and the Challenge of Difference Margaret D. Kamitsuka, 2007-07-20 In the early years of contesting patriarchy in the academy and religious institutions, feminist theology often presented itself as a unified front, a sisterhood. The term feminist theology, however, is misleading. It suggests a singular feminist purpose driven by a unified female cultural identity that struggles as a cohesive whole against patriarchal dominance. Upon closer inspection, the voice of feminist theology is in fact a chorus of diverging perspectives, each informed by a variety of individual and communal experiences, and an embattled scholarly field, marked by the effects of privilege and power imbalances. This complexity raises an important question: How can feminist theologians respect the irreducible diversity of women's experiences and unmask entrenched forms of privilege in feminist theological discourse? In *Feminist Theology and the Challenge of Difference*, Margaret D. Kamitsuka urges the feminist theological community to examine critically its most deeply held commitments, assumptions, and goals-especially those of feminist theologians writing from positions of privilege as white or heterosexual women. Focusing on women's experience as portrayed in literature, biblical narrative, and ethnographic writing, Kamitsuka examines the assumptions of feminist theology regarding race and sexuality. She proposes theoretical tools that feminist theologians can employ to identify and hopefully avoid the imposition of racial or sexual hegemony, thus providing invaluable complexity to the movement's identity, and ultimately contributing to current and future Christian theological issues. Blending poststructuralist and postcolonial theoretical resources with feminist and queer concerns,

Feminist Theology and the Challenge of Difference makes constructive theological proposals, ranging from sin to christology. The text calls feminist theologians to a more rigorous self-critical approach as they continue to shape the changing face of Christian theological discourse.

Alice Walker's The Color Purple ,2009-01-01 Alice Walker's Pulitzer Prize winning novel The Color Purple is a tale of personal empowerment which opens with a protagonist Celie who is at the bottom of America's social caste. A poor, black, ugly and uneducated female in the America's Jim Crow South in the first half of the 20th century, she is the victim of constant rape, violence and misogynistic verbal abuse. Celie cannot conceive of an escape from her present condition, and so she learns to be passive and unemotional. But The Color Purple eventually demonstrates how Celie learns to fight back and how she discovers her true sexuality and her unique voice. By the end of the novel, Celie is an empowered, financially-independent entrepreneur/landowner, one who speaks her mind and realizes the desirability of black femaleness while creating a safe space for herself and those she loves. Through a journey of literary criticism, Dialogue: Alice Walker's The Color Purple follows Celie's transformation from victim to hero. Each scholarly essay becomes a step of the journey that paves the way for the development of self and sexual awareness, the beginnings of religious transformation and the creation of nurturing places like home and community.

Fight Like a Girl Laura Barcella, 2019-08-01 Nearly every day there's another news story or pop cultural anecdote related to feminism and women's rights. #YesAllWomen, conversations around consent, equal pay, access to contraception, and a host of other issues are foremost topics of conversation in American (and worldwide) media right now. Today's teens are encountering these issues from a different perspective than any generation has had before, but what's often missing from the current discussion is an understanding of how we've gotten to this place. *Fight Like a Girl* will familiarize readers with the history of feminist activism, in an effort to celebrate those who paved the way and draw attention to those who are working hard to further the cause of women's rights. Profiles of both famous and lesser-known feminists will be featured alongside descriptions of how their actions affected the overall feminist cause, and unique portraits (artist's renderings) of the feminists themselves. This artistic addition will take the book beyond simply an informational text, and make it a treasure of a book.

Lewis, Alan Paton, Ignazio Silone, Alice Walker, Elie Wiesel, and Charles Williams, Robert McAfee Brown illustrates the liberating power of fiction by enabling the reader to enter their worlds. Brown asserts that although there is no faith that offers ironclad guarantees against future struggles, the wisdom of these authors can help us toward praising and rejoicing.

Orange Proverbs and Purple Parables W. R. Brookman,2015-05-18 In the words of Saint Augustine, the Bible is long, complicated, and difficult to read. *Orange Proverbs & Purple Parables* is a book about reading the Bible. How does one become a more spiritually discerning and critically appreciative reader of the Holy Scriptures? What does it take to become a better interpreter of biblical texts? This book explores wide-ranging approaches and considerations germane to the enterprise of reading. The catch phrase used throughout the book is that of reading the Holy Scriptures as scripture. What goes into reading the Bible as scripture? What are some of the major elements inherent in this endeavor that should be of concern to the one who aspires to become a deep, thoughtful reader and an effective interpreter? This book weaves through a labyrinth of characters and disciplines as it explores this enterprise of reading the Holy Scriptures. The likes of Chomsky, Augustine, neuroscience, Barth, linguistics, theological interpretation, Origen, metaphor theory, devotional reading, and Jerome, along with many more people and fields of inquiry, are all garnered to encourage the reader in an exploration of the enterprise of reading the Holy Scriptures.

The Different Faces of Politics in Literature and Music Mario Vassallo,Andre P. DeBattista,2023-12-06 This book highlights the links between politics and governance and the arts. The essays in the volume show how literature and music have challenged those in power risking political censure. In addition, they also try to delineate how patronage has been used for propaganda, or to stir up national fervour. They focus on the tension and symbiosis between the politician and the artist foregrounding how they have always tried to influence, challenge, and, in some cases, undermine one another. This volume will serve as an indispensable source for researchers and academics in political science, the humanities and performing arts.

Vernaculars in the Classroom Shondel Nero,Dohra Ahmad,2014-06-20 This book draws on applied linguistics and literary studies to offer concrete means of engaging with vernacular language and literature in secondary and college classrooms. The authors embrace a language-as-resource orientation, countering the popular narrative of vernaculars as problems in schools. The book is divided into two parts, with the first half of the book providing linguistic and pedagogical

background, and the second half offering literary case studies for teaching. Part I examines the historical and continued devaluing of vernaculars in schools, incorporating clear, usable explanations of relevant theories. This section also outlines the central myths and paradoxes surrounding vernacular languages and literatures, includes productive ways for teachers to address those myths and paradoxes, and explores challenges and possibilities for vernacular language pedagogy. In Part II, the authors provide pedagogical case studies using literary texts written in vernacular Englishes from around the world. Each chapter examines a vernacular-related topic, and concludes with discussion questions and writing assignments; an appendix contains the poems and short stories discussed, and other teaching resources. The book provides a model of interdisciplinary inquiry that can be beneficial to scholars and practitioners in composition, literature, and applied linguistics, as well as students of all linguistic backgrounds.
