Open Fantasy Anthony Uyl,2016-08-14 The crawling dungeon awaits. Dark terrors lurk within its depths that need brave adventurers to go and clean out. In Open Fantasy you can take the role of a wide variety of non-class based characters to clean out as many dark and dangerous places as your heart may desire. Of course the game master may have something to say about this, depending on whether you've bribed her with enough soda and chips tonight. Open Fantasy is an OpenD6 system that allows for great flexibility and character building options. Literally anything is possible within the options listed within these pages, the only limiting factor is your own imagination along with the dungeon your game master builds for you to explore.
