The Editors

Fact Hunt Larry Bundy Jr, 2020-02-06 A bumper collection of facts about video games from YouTuber extraordinaire, Larry Bundy Jr, this book will debunk myths and urban legends, delve into developers' biggest successes and failures, explore the odd characters behind the games and unearth the obscure, the forgotten, the cancelled and the abandoned aspects of the gaming world. For the past decade, Larry has painstakingly trawled through countless old magazines, routinely harassed developers, and blackmailed journalists to uncover these amazing tidbits and anecdotes that would have fallen by the wayside of history. Now he has compiled them into a fun, full-colour book with sections on botched game launches, pointless peripherals, unreleased video game movies, weird guest fighters and much, much more. Along the way, he has invited a few famous gaming guests, including Stuart Ashen and Did You Know Gaming?, to provide their favourite quips for your personal perusal. So whatever your level of knowledge about video games, you're guaranteed to learn a ton of entertaining new information.

The Incomplete Framley Examiner The Editors, 2021-10-14 In 2001, fans of the internet were introduced to scanned pages from spoof local newspaper The Framley Examiner. Packed with humdrum and preposterous news stories, classified ads, local business features and headlines that seemed to have been typed while asleep, it skewered the banal madness of small-town existence, perfectly encapsulating the British national character. Framley's strange yet familiar community - stuffed with its own cast, insane geography and rich local history - struck a chord with those who recognised their own home towns in its reflection. The website was loved and shared by an eager public as well as famous fans from Little Britain, The Simpsons and the Cambridge Centre for Theoretical Cosmology (Professor Stephen Hawking was a Framley enthusiast). Marking the twentieth anniversary of the website's first appearance The Incomplete Framley Examiner combines the pages of the original book, published in 2002, with all the pages published online in the years since and brand new material for a bigger, more luxurious, toilet-proof compendium for the annals of history.
