When Worlds Collide Gino Gammaldi, 2014-12-12 This book was inspired by Gino's avid interest in science fiction from a very early age. He has a firm belief in the existence of extraterrestrial life. The two main characters from his earlier book, *The Secret at St. Marys*, are reunited in this story. They are transformed into their alter egos who take us on a journey of goodwill and intrigue in sectors of the universe yet uncharted. In this book, we experience the thrill of travelling to strange new worlds and meeting aliens that are like nothing ever before encountered. There are the Sebemos of the planet Xulud. They have a body that looks like rough stone and are shaped like a long macaroni noodle. There are six spindly-like tentacles around their bodies, and they have a face that resembles a computer chip. Their leader is Gray Munchkin. There are the Gubeiggas of the planet Esile. They are almost like humans, but with pointy heads and wings. They are quite good-looking. Their leader is Queen Becca. There are the Cyclozorgs of the planet Ocat, who want to change the way the Sebemos and the Gubeiggas live. They have bodies that are half-bear and half-giraffe. There are the Brainoids of the planet Barbabeetle, who are very wise and want to help Omsoc and Etnorb. This race looks like beautiful sunflowers, with faces that have some humanlike characteristics. Their leader is Onigiul. The immortal, wise one is Aznagarb. There is also the aspiration of new hope for peace and harmony among those who seek this. Our two travelers achieve what seems to be the impossible, against all odds and great danger to themselves.

When Worlds Collide T. Max Friesen, 2013-05-16 Interactions between societies are among the most powerful forces in human history. However, because they are difficult to reconstruct from archaeological data, they have often been overlooked and understudied by archaeologists. This is particularly true for hunter-gatherer societies, which are frequently seen as adapting to local conditions rather than developing in the context of large-scale networks. *When Worlds Collide* presents a new model for discerning interaction networks based on the archaeological record, and then applies the model to long-term change in an Arctic society. Max Friesen has adapted and expanded world-system theory in order to develop a model that

explains how hunter-gatherer interaction networks, or world-systems, are structured—and why they change. He has utilized this model to better understand the development of Inuvialuit society in the western Canadian Arctic over a 500-year span, from the pre-contact period to the early twentieth century. As Friesen combines local archaeological data with more extensive ethnographic and archaeological evidence from the surrounding region, a picture emerges of a dynamic Inuvialuit world-system characterized by bounded territories, trade, warfare, and other forms of interaction. This world-system gradually intensified as the impacts of Euroamerican colonial activities increased. This intensification, Friesen suggests, was based on pre-existing Inuvialuit social and economic structures rather than on patterns imposed from outside. Ultimately, this intense interacting network collapsed near the end of the nineteenth century. *When Worlds Collide* offers a new way to comprehend small-scale world-systems from the point of view of indigenous people. Its approach will prove valuable for understanding hunter-gatherer societies around the globe.

When Worlds Collide Jordan Silver, 2017-10-03 He was the son of an old family, a family not only of wealth but a great history going back hundreds of years. As such his future had been mapped out at birth. He knew his duty and had never given it much thought. Until his years in the marines showed him a different world. Still, he was more than happy to follow the status quo, until he met her. She was the daughter of the groundskeeper, someone they both knew would never be accepted by his peers and definitely not by his mother. But how could he deny the heat between them each time they meet? Or ignore what his heart tells him each time he looks into her eyes? Will he defy convention, turn his back on his duty to his family name? Or will he give in and condemn himself to a life of misery without her?

When Worlds Collide Mark Brown, 2014-03 *When Worlds Collide* is an erotic supernatural thriller in which Gabriel Michaels is a best-selling author who has lived alone in his large three-story house near Port Angeles, Washington ever since his ex-wife nearly kills him in a fit of rage a dozen years ago. Fearful of commitment, Gabe's heart is finally awakened to the possibility of being able to love again when a beautiful new waitress named Charlie Evans starts working at his favorite diner. With the awkwardness of a teenager, he begins a torrid and tumultuous relationship with this brash, young woman nearly half his age who already has one male in her life, an over-protective Alaskan malamute named Max who thinks he's human as well. Meanwhile, Gabriel has just begun to work on his eleventh novel, but after a few weeks he realizes that something isn't quite right as the characters he's writing about begin to take over the story, leading him to believe that there is something sinister and evil lurking beneath the lines of prose on his computer. As he continues to record their story, he soon discovers the boundary between their world, and this world is beginning to blur. But that is just the beginning. Just weeks into his roller coaster relationship with Charlie, he begins to experience dreams with such realism, vividness, and rich

detail, it comes as no surprise when he learns that he is now able to consciously control and manipulate what happens within his dreamscape. But he soon becomes aware that he has caught the attention of a powerful and seemingly unstoppable malevolent entity that has now set its sights on killing not only his friends and framing him for the heinous crimes, but perhaps his last best chance at love, Charlie Evans. Realizing all three worlds are somehow connected to each other, and responsible for the intense sexual desires he is experiencing and writing about, he knows that if there is any chance left at getting his own life back in order, he's got to solve the mystery in all three worlds before they collide, killing not only him and the woman he's falling in love with, but everyone he knows and cares about.
