

Battle Of Kasserine Pass

Charles Whiting

The Battle Of Kasserine Pass: An Examination Of Allied Operational Failings Major Vincent M. Carr Jr.

USAF,2015-11-06 The Battle of Kasserine Pass proved to be a shock both to American military forces in the field and to the American public at home. The defeat of the Allied forces in the battle put doubt into the minds of many—all of whom assumed the righteous democracies of the western Allies could not be defeated in the field by the armies of Fascism. The defeat suffered by the Allies had nothing to do with right versus wrong, however, but was very much a product of a number of operational shortcomings on the part of the Allies. Poor logistics, failures on the part of American leadership, lack of unity of effort on the part of the Allies, the lack of combat experience, and inferior equipment all combined to contribute to the failure at Kasserine. Despite the setback at Kasserine Pass, the Americans proved quick learners, and applied the lessons of the North African experience to the remainder of their campaign in the European theater.

Rommel's Last Victory Martin Blumenson,2021-11-21 This book, first published in 1968, examines the disastrous defeat suffered by inexperienced American troops, newly landed in North Africa, at the hands of Rommel. The news of Kasserine shocked the United States militarily and politically, and led to swift changes in equipment and tactics. This book traces the battle through to its aftermath in 'a remarkable piece of battlefield investigation' (Manchester Evening News).

Lessons in the Art of Warfare Blake Ball,2007

An Army at Dawn Rick Atkinson,2007-05-15 WINNER OF THE PULITZER PRIZE AND NEW YORK TIMES BESTSELLER

In the first volume of his monumental trilogy about the liberation of Europe in World War II, Pulitzer Prize winner Rick Atkinson tells the riveting story of the war in North Africa. The liberation of Europe and the destruction of the Third Reich is a story of courage and enduring triumph, of calamity and miscalculation. In this first volume of the Liberation Trilogy, Rick Atkinson shows why no modern reader can understand the ultimate victory of the Allied powers without a grasp of the great drama that unfolded in North Africa in 1942 and 1943. That first year of the Allied war was a pivotal point in American history, the moment when the United States began to act like a great power. Beginning with the daring amphibious invasion in November 1942, *An Army at Dawn* follows the American and British armies as they fight the French in Morocco and Algeria, and then take on the Germans and Italians in Tunisia. Battle by battle, an inexperienced and sometimes poorly led army gradually becomes a superb fighting force. Central to the tale are the extraordinary but fallible commanders who come to dominate the battlefield: Eisenhower, Patton, Bradley, Montgomery, and Rommel. Brilliantly researched, rich with new material and vivid insights, Atkinson's narrative provides the definitive history of the war in North Africa.

Kasserine Pass. Rommel's Last Victory: the Battle of Kasserine Pass, by Martin Blumenson Martin

BLUMENSON,Erwin Johannes Eugen ROMMEL,1968

First Blood Charles Whiting,1984

Defeat at Kasserine: American Armor Doctrine, Training, and Battle Command in Northwest Africa, World War II Major Mark T. Calhoun,2015-11-06 The 1st Armored Division was the first American armored unit to enter combat against German panzer divisions in World War II. A product of the contentious mechanization process between the First and Second World Wars, the division soon found itself to be outmatched by its German foe. Following a relatively easy victory against the Vichy French after the amphibious landings of Operation Torch, the division lost a series of battles to the Germans, culminating in a decisive defeat at Kasserine Pass. Doctrine (both institutional and equipment), training, and battle command all proved to be problematic for the division. The central question is: Did the 1st Armored Division lose the battle of Kasserine Pass because of deficiencies in American armor doctrine, training, or battle command? An analysis of the Tunisian campaign focusing on these three areas demonstrates that faulty training and inept battle command were partially responsible for the division's defeat; however, the primary reason the 1st Armored Division lost the battle of Kasserine Pass was that it operated in accordance with flawed institutional doctrine and utilized inferior equipment.

King of Battle Boyd L. Dastrup,1992

Tanks In The Great War Pasquale De Marco, 2025-07-14 The Panzer IV was the backbone of the German armored forces during World War II. It was a medium tank that was produced in greater numbers than any other German tank, and it saw action on all fronts. The Panzer IV was a reliable and versatile tank that was feared by its enemies. This book tells the story of the Panzer IV, from its design and development to its combat history. It examines the Panzer IV's strengths and weaknesses, and it explores the impact that the tank had on World War II. The book also takes a close look at the men who crewed the Panzer IVs. These men were some of the most skilled and experienced soldiers in the German military, and they played a major role in the tank's success. The Panzer IV is a fascinating tank with a long and storied history. Its story is one of innovation, adaptation, and ultimately, defeat. But the Panzer IV remains a symbol of German engineering and military might, and it continues to fascinate people to this day. Whether you are a history buff, a military enthusiast, or simply someone who is interested in learning more about one of the most iconic tanks of World War II, this book is for you. Inside, you will find: * A detailed history of the Panzer IV, from its design and development to its combat history * An examination of the Panzer IV's strengths and weaknesses * A look at the men who crewed the Panzer IVs * A discussion of the impact that the Panzer IV had on World War II This book is packed with rare photographs, detailed illustrations, and firsthand accounts from veterans who served in the Panzer IV. It is the definitive guide to this legendary tank. If you like this book, write a review!

Disaster at Kasserine Charles Whiting, 2003 Those who imagined that the arrival of a major American force in North Africa would immediately tip the balance against Rommel's Afrika Korps were to be proved badly wrong. In his typically thorough and fast moving style Charles Whiting examines the disastrous events at Kasserine in 1943.
