An Exposition of the Old and New Testament. In Six Volumes ... By Matthew Henry ... Vol. 1. [-6.] ,1790

The Wisdom Background and Parabolic Implications of Isaiah 6:9-10 in the Synoptics Donald E. Hartley,2006

The Wisdom Background and Parabolic Implications of Isaiah 6:9-10 in the Synoptics seeks to understand the divine act of fattening in Isaiah 6:9-10 and how it shapes one's understanding of parables in the Synoptic Gospels. The author approaches the topic from within a wisdom matrix and lays an historical-exegetical foundation for understanding these and other critical passages in the New Testament. Readers will follow the Isaian text through varied traditions revealing a marvelous unity in terms of the divine action and the human condition. College and seminary courses focusing on hermeneutics, wisdom outside the wisdom corpus, and the Synoptic Gospels will find this book innovative, challenging, and provocative.

A Body of Practical Divinity, Consisting of Above One Hundred Seventy Six Sermons on the Lesser Catechism, Composed by the Reverend Assembly of Divines ... with a Supplement of Some Sermons on Several Texts of Scripture. To which is Added, The Art of Divine Contentment ... The Third Edition, Corrected and Amended

Thomas WATSON (Rector of St. Stephen's, Walbrook.),1807

Contemporary British Musicals: 'Out of the Darkness' Clare Chandler,Gus Gowland,2024-02-08 The shortest runs can have the longest legacies: for too long, scholarship surrounding British musical theatre has coalesced around the biggest names, ignoring important works that have not had the critical engagement they deserve. Through academic interrogation and industry insight, this unique collection of essays recognizes these works, shining a light on their creative achievements and legacies. With each chapter focusing on a different significant musical, a selection of shows spanning 2010s are analysed and the development and evolution of the genre is explored. Touching on key, hit shows such as SIX, Matilda, Everybody's Talking About Jamie, The Grinning Man and Bend it Like Beckham, each chapter discusses different theatrical elements, from dramaturgy and musicology to reception, and also includes an interview with a practitioner related to each musical, providing in-depth understanding and invaluable practical and industry knowledge. Identifying the intersectionality between industry insight and academic analysis, Contemporary British Musicals: 'Out of the Darkness' challenges the narrative that the British musical is dead : creating a new historiography of the British musical that celebrates the work being created, while providing a manifesto for the future.
