Martin Moling

The Rumor Elin Hilderbrand, 2015-06-16 A friendship is tested in this thrilling page-turner from New York Times bestselling author Elin Hilderbrand (Us Weekly). Madeline King and Grace Pancik are best friends and the envy of Nantucket for their perfect marriages, their beautiful kids, their Saturday night double dates with their devoted husbands. But this summer, something's changed, and if there's anything Nantucket likes better than cocktails on the beach at sunset, it's a good rumor. And rumor has it... that Madeline, a novelist, is battling writer's block, with a deadline looming, bills piling up, and blank pages driving her to desperation — and a desperately bad decision; and that Grace, hard at work to transform her backyard into a garden paradise, has been collaborating a bit more closely than necessary with her ruggedly handsome landscape architect. As the gossip escalates, and they have the possible loss of the happy lives they've worked so hard to create, Grace and Madeline try mightily to set the record straight — but the truth might be even worse than rumor has it.

The Oxford History of the Novel in English Simon Gikandi, 2016-09-05 Why did the novel take such a long time to emerge in the colonial world? And, what cultural work did it come to perform in societies where subjects were not free and modes of social organization diverged from the European cultural centers where the novel gained its form and audience? Answering these questions and more, Volume 11, *The Novel in Africa and the Caribbean since 1950* explores the institutions of cultural production that exerted influence in late colonialism, from missionary schools and metropolitan publishers to universities and small presses. How these structures provoke and respond to the literary trends and social peculiarities of Africa and the Caribbean impacts not only the writing and reading of novels in those regions, but also has a transformative effect on the novel as a global phenomenon. Together, the volume's 32 contributing experts tell a story about the close relationship between the novel and the project of decolonization, and explore the multiple ways in which novels enable readers to imagine communities beyond their own and thus made this form of literature a compelling catalyst for cultural transformation. The authors show that, even as the novel grows in Africa and the Caribbean as a mark of the elites' mastery of European form, it becomes the essential instrument for critiquing colonialism and for articulating the new horizons of cultural nationalism. Within this historical context, the volume examines works by authors such as Chinua Achebe, Nadine Gordimer, George Lamming, Jamaica Kincaid, V.S. Naipaul, Zoe Wicomb, J. M. Coetzee, and many others.

Rock Music in American Fiction Writing, 1966-2011 Martin Moling, 2021-09-20 Can rock music help us understand literature? *Rock Music in American Fiction Writing, 1966-2011* argues that a close analysis of the rock music incorporated into a literary text—an investigation of the lyrics, a musicological exploration of the sounds and rhythms, a cultural-historical inquiry into the production and reception of a song—may yield exciting new insight into and expand our understanding of American literary production from the mid-20th century onwards. Reading major works by Joyce Carol Oates, Alice Walker, Don DeLillo, Jeffrey Eugenides, Sherman Alexie and Jennifer Egan from such a rock-musicological vantage point, *Rock Music in American Fiction Writing* adds a new dimension to recent work in American literary criticism by seeking to establish rock music as an analytical tool for literary investigation. The book concentrates on the way these literary artists have struggled to come to terms with the dichotomies inherent in rock music—its liberating and revolutionary impulses as well as its adherence to the bleakest laws of consumer capitalism—in their work. By combining a musicological with a literary analysis, *Rock Music in American Fiction Writing* highlights the crucial and complex role rock music has played in shaping the artistic outlook and cultural sensibilities of literary artists since the 1960s in America and beyond.

The Crises of "Language and Dead Signs" in Ludwig Tieck's Prose Fiction William Crisman, 1996 Critical account of the works of Ludwig Tieck, the German Romantic writer, from a linguistic viewpoint. Although twentieth-century literary

criticism has focused on language as a topic of discussion, critical evaluations of Romanticism and Romantic writers rarely deal with it in terms derived from the philosophy of language. This book evaluates the most prolific German Romanticist, Ludwig Tieck (1773-1853), from such a linguistic viewpoint, arguing that concerns in his work can be seen as forerunners of later language analysis, from speech-act theory to theories of reference. It covers Tieck's whole career, from his youth to his final novel, *Vittoria Accorombona*, providing a comprehensive analysis of this major author's work; it will also be of interest to those interested in the linguistic aspects of Romanticism.

The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams, 2007 In this expertly crafted, richly detailed guide, Raymond Leslie Williams explores the cultural, political, and historical events that have shaped the Latin American and Caribbean novel since the end of World War II. In addition to works originally composed in English, Williams covers novels written in Spanish, Portuguese, French, Dutch, and Haitian Creole, and traces the profound influence of modernization, revolution, and democratization on the writing of this era. Beginning in 1945, Williams introduces major

trends by region, including the Caribbean and U.S. Latino novel, the Mexican and Central American novel, the Andean novel, the Southern Cone novel, and the novel of Brazil. He discusses the rise of the modernist novel in the 1940s, led by Jorge Luis Borges's reaffirmation of the right of invention, and covers the advent of the postmodern generation of the 1990s in Brazil, the Generation of the Crack in Mexico, and the McOndo generation in other parts of Latin America. An alphabetical guide offers biographies of authors, coverage of major topics, and brief introductions to individual novels. It also addresses such areas as women's writing, Afro-Latin American writing, and magic realism. The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel, national literary traditions, and the work of individual authors. From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization, *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive, accessible portrait of a thoroughly diverse and complex branch of world literature.
