Blood Circuits Jonathan Risner, 2018-08-01 Examines how recent Argentine horror films engage with the legacies of dictatorship and neoliberalism. Argentina is a dominant player in Latin American film, known for its documentaries, detective films, melodramas, and auteur cinema. In the past twenty years, however, the country has also emerged as a notable producer of horror films. *Blood Circuits* focuses on contemporary Argentine horror cinema and the various "cinematic pleasures" it offers national and transnational audiences. Jonathan Risner begins with an overview of horror film culture in Argentina and beyond. He then examines select films grouped according to various criteria: neoliberalism and urban, rural, and suburban spaces; English-language horror films; gore and affect in punk/horror films; and the legacies of the last dictatorship (1976–1983). While keenly aware of global horror trends, Risner argues that these films provide unprecedented ways of engaging with the consequences of authoritarianism and neoliberalism in Argentina. "Blood Circuits is an important and much-needed contribution to the fields of Latin American cinema and popular culture, and genre film studies with a focus on horror cinema. It offers original and innovative directions that will pave the way for new studies in different areas of film studies: the internationalization of horror that unfolds a problematic relationship between the United States and the Global South, the use of punk horror as a form of affect, and the development of new kinds of pleasures and displeasures in the spectator." — Victoria Ruétalo, coeditor of *Latsploitation*, *Exploitation Cinemas*, and *Latin America*

Moon Cuba Christopher P. Baker, 2018-01-30 Moon Travel Guides: Your World, Your Way Enchanting music, incredible cuisine, classic cars, and stunning natural beauty: Cuba may be just an island, but it has a big impact on everyone who visits. Dive right in with Moon Cuba. Easy-to-use itineraries, with week-long trip suggestions tailored for adventurers, party animals, nature-lovers, beach bums, history buffs, and more Activities and unique ideas for every traveler: Hike the revolutionary trails of the Sierra Maestra trod by Fidel Castro and Che Guevara, or relax on sparkling beaches. Central American Migrations in the Twenty-First Century Mauricio Espinoza, Miroslava Arely Rosales Vásquez, Ignacio
Sarmiento, 2023-11-21 Central American Migrations in the Twenty-First Century is an interdisciplinary approach to human
mobility in Central America and beyond--

El actual cine poético hispanoamericano e ibero-peninsular Júlia González de Canales Carcereny, 2022-10-10 Este libro
busca contribuir al impulso del estudio del actual cine poético hispanoamericano e ibero-peninsular, analizando aquellos
modos contra-narrativos que enfatizan las particularidades formales del medio audiovisual, a la vez que rebajan el desarrollo
del contenido --desplazando la acción fuera de plano. El presente libro parte asimismo de la premisa que la modernidad
cinematográfica constituye el marco de referencia teórico-artístico al que muchos directores de cine poético recurren para
elaborar sus propuestas filmicas. Por ello, se propone también analizar las estrategias de composición vinculadas a la
tradición cinematográfica de la modernidad que han sido críticamente reexaminadas en las películas producidas en el ámbito
hispanoamericano e ibero-peninsular durante las primeras dos décadas del siglo XXI. This book explores the shared approach
to Spanish and Latin American filmmakers with experimental film practices and strategies of composition and links these to a
tradition of cinematic modernity that is being critically re-assessed by these filmmakers. By adopting a decidedly
transnational perspective, the author investigates the distinctive elements of contemporary poetic cinematographic
productions that shape present-day Hispanic art house cinematic productions. Thus, the book reassesses the notion of poetic
cinema as an interstitial film practice. The author first examines the multiple meanings that the notion of poetry in cinema
has historically had. Second, she explores how Hispanic cinema inherited the artistic principles of European cinematic
modernity, blending them with the Latin American cinematographic tradition of neorealist influence.

Journal of Film and Video , 1986

Bogotá filmica Bejarano, Julio Alberto, Salazar Arenas, Oscar Iván, Cortés, Deivis Alberto, Calderón Acero, Camilo, Caicedo
González, Juan Diego, Durán Castro, Mauricio, Barón Leal, Alfredo, Becerra Vanegas, Sergio, 2011-12-23 Las relaciones que se
tejen entre el cine y el patrimonio cultural en esta ciudad son constitutivas de las prácticas de memoria; pero también de la
cotidianidad, de la creación y de la historia: las imágenes en movimiento y sus narrativas, al ser puestas en contexto en un

territorio específico como Bogotá, reactivan procesos de identificación, reconocimiento y apropiación. Siguiendo esta línea, la presente publicación se constituye en el resultado del importante trabajo realizado desde dos entidades adscritas a la Secretaría de Cultura, Recreación y Deporte de la Alcaldía Mayor de Bogotá: el Instituto Distrital de las Artes (IDARTES) y el Instituto Distrital de Patrimonio Cultural (IDPC). En 2011, a través de la convocatoria de estímulos titulada “Bogotá Fílmica: el cine y patrimonio cultural de Bogotá, estas dos entidades premiaron la realización de seis ensayos críticos que hoy hacen parte de esta publicación y que abarcan temáticas referidas a la relación de la historia y la memoria; el espacio, el urbanismo y la arquitectura; los imaginarios del cine en la ciudad; las salas, los cineclubes y la crítica. Los ensayos, según el caso, tomaron en consideración las producciones realizadas en Bogotá en formato cinematográfico (8, 9 y ½, 16 y 35 mm) de corto y largometraje que cubrieran el periodo 1915-2011. Además de estos ensayos, la publicación incluye otros textos que complementan las temáticas propuestas y cuenta con un anexo digital compuesto por una filmografía, hemerografía y bibliografía sobre cine y Bogotá a lo largo del siglo XX que contó con el apoyo de estudiantes de la universidades Javeriana, Jorge Tadeo Lozano y de los Andes en términos de recolección y organización de la información iconográfica y fílmica.

Cinesonidos Jacqueline Avila,2019-09-16 During Mexico's silent (1896-1930) and early sound (1931-52) periods, cinema saw the development of five significant genres: the prostitute melodrama (including the cabaretera subgenre), the indigenista film (on indigenous themes or topics), the cine de añoranza porfiriana (films of Porfirian nostalgia), the Revolution film, and the comedia ranchera (ranch comedy). In this book, author Jacqueline Avila looks at examples from all genres, exploring the ways that the popular, regional, and orchestral music in these films contributed to the creation of tropes and archetypes now central to Mexican cultural nationalism. Integrating primary source material--including newspaper articles, advertisements, films--with film music studies, sound studies, and Mexican film and cultural history, Avila examines how these tropes and archetypes mirrored changing perceptions of mexicanidad manufactured by the State and popular and transnational culture. As she shows, several social and political agencies were heavily invested in creating a unified national identity in an attempt to merge the previously fragmented populace as a result of the Revolution. The commercial medium of film became an important tool to acquaint a diverse urban audience with the nuances of Mexican national identity, and music played an essential and persuasive role in the process. In this heterogeneous environment, cinema and its music continuously reshaped the contested, fluctuating space of Mexican identity, functioning both as a sign and symptom of social and political

change.

Transatlantic Cinephilia Rielle Navitski, 2023-11-21 In the two decades after World War II, a vibrant cultural infrastructure of cineclubs, archives, festivals, and film schools took shape in Latin America through the labor of film enthusiasts who often worked in concert with French and France-based organizations. In promoting the emerging concept and practice of art cinema, these film-related institutions advanced geopolitical and class interests simultaneously in a polarized Cold War climate. Seeking to sharpen viewers' critical faculties as a safeguard against ideological extremes, institutions of film culture lent prestige to Latin America's growing middle classes and capitalized on official and unofficial efforts to boost the circulation of French cinema, enhancing the nation's soft power in the wake of military defeat and occupation. As the first book-length, transnational analysis of postwar Latin American film culture, *Transatlantic Cinephilia* deepens our understanding of how institutional networks have nurtured alternative and nontheatrical cinemas.

Mujer, diversidad y cine en Colombia Valderrama-Burgos, Karol, 2023-07-30 La representación de la mujer en el cine de Colombia ha tendido a estar asociada a nociones de sumisión, victimización o sexualización, sugiriendo una cierta uniformidad, invisibilidad y repetición acerca de su existencia social y cinematográfica. A pesar de esta complejidad cultural e histórica, existe una serie de producciones colombianas hechas en el nuevo milenio que trascienden los sesgos de género patriarcales y las dicotomías morales sobre la mujer en la pantalla grande. Teniendo en cuenta la sanción de la Ley de Cine 814 de 2003, la cual ha tenido un impacto positivo en el sector cinematográfico colombiano, este libro propone examinar de forma inédita, conjunta y crítica, diversas maneras en que las mujeres son representadas en un grupo de películas de ficción colombianas del siglo XXI. Bajo un prisma interdisciplinario de estudios de cine, feministas, poscoloniales y subalternos, este trabajo ofrece un enfoque temático y un análisis textual de un total de doce películas en el que se analizan imágenes de la mujer en el cine de Colombia, reconociendo sus raíces en las normas que ha establecido el patriarcado, y sus eventuales transgresiones. De este modo, este libro explora e invita a celebrar representaciones diversas y emergentes de la mujer entendiendo el silencio y la sumisión como factores subversivos, los tipos de emancipación de la mujer dentro de grupos al margen de la ley, y la sexualidad y el deseo de las mujeres como agentes de cambio al hablar de la feminidad. Esta obra argumenta que la Ley de Cine creó un espacio para que los y las cineastas representaran los límites de las normas de género hegemónicas en la sociedad colombiana y los esfuerzos que se vienen haciendo para desafiarlas a través de su cine.

Ateneo, 1953

Transition Cinema Jessica L. Stites Mor, 2012-05-27 In *Transition Cinema*, Jessica Stites Mor documents the critical role filmmakers, the film industry, and state regulators played in Argentina's volatile and unfinished transition from dictatorship

to democracy. She shows how, during periods of both military repression and civilian rule, the state moved to control political film production and its content, distribution, and exhibition. She also reveals the strategies that the industry, independent filmmakers, and film activists employed to comply with or circumvent these regulations. Stites Mor traces three distinct generations of transition cinema, each defined by a seminal event that shifted the political economy of national filmmaking. The first generation of filmmakers witnessed and participated in civil uprisings, such as the Cordobazo in 1969, and faced waves of repression, violence, and censorship. This generation gave rise to vibrant underground exhibitions and film clubs and eventually became symbolically linked to the Peronist Left and radical militancy. Following the 1983 return to civilian rule, a second generation of political filmmakers emerged at the center of public debates, when Buenos Aires became the locus for state-level cultural programs to address human rights and collective memory. Building on that legacy, a third generation of filmmakers explored new modes of activist and political filmmaking aided by digital technology. They pioneered new genres such as the street phenomenon of cine piquetero and introduced resistance politics and social movements into highly visible public spaces. In this captivating work, Stites Mor examines how social movements, political actors, filmmakers, and government and industry institutions, all became deeply enmeshed in the project of Argentina's transition cinema. She demonstrates how film emerged as the chronicler of political struggles in a dialogue with the past, present, and future, whose message transcended both cultural and national borders.

Escuela Nacional De Cine Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the ability of words has become much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such is the essence of the book **Escuela Nacional De Cine**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
