The Borghese Collections and the Display of Art in the Age of the Grand Tour Carole Paul,2017-07-05 The redecoration of the exhibition spaces at the Borghese palace and villa, undertaken together with the reinstallation of the family's vast art collections, was one of the most important events in the cultural life of eighteenth-century Rome. In this comprehensive study, Carole Paul reconstructs the planning and execution of the project and explains its multifaceted significance: its place in the history of Italian art, architecture, and interior design at a complex moment of transition from baroque to neoclassical style, as well as its unrecognized but profound influence on the development of the modern art museum. The study shows how the installations and decorations worked together to evoke traditional themes in innovative ways. Addressed primarily to a new audience of tourists from abroad, the thematic content of the spaces celebrated the greatness of the Borghese family and of Roman tradition, while their stylistic diversity and sophistication made a case for the continued vitality - even modernity - of Roman art and culture. Designed for the exercise of a highly refined social performance, these sites helped to model the experience of art as a form of enlightened modern civility.

La Mostra d'Oltremare nella Napoli occidentale. Ricerche storiche e restauro del moderno Aldo

Aveta,Alessandro Castagnaro,Fabio Mangone,2021 [Italiano]: Il presente lavoro nasce con un duplice obiettivo: andare più a fondo nella conoscenza di un caposaldo urbano e al tempo stesso contribuire a delineare per esso uno scenario futuro adeguato al suo valore, a partire da un corretto recupero delle multiformi e pregiate architetture che lo compongono. La necessità di approfondimento ha riguardato azioni e temi plurimi: esaminare il retroterra del progetto della Mostra d'Oltremare, individuato nei nuovi studi non soltanto nel dibattito cittadino su un adeguato spazio per le esposizioni da collocarsi preferibilmente ad occidente, ma anche in interessanti e autoriali soluzioni preliminari, finora sconosciute, che hanno condizionato la conformazione definitiva; mettere in luce la specificità dei singoli elementi del complesso, sopravvissuti o scomparsi, senza limitarsi ai casi più noti e celebrati, ma anche a quelli meno indagati e più difficili da

interpretare, senza trascurare gli spazi aperti e il verde; approfondire anche quelle architetture non interpretabili nella linea della modernità, e tuttavia ugualmente emblematiche di quella fase, per cui meritevoli di conservazione; non limitare l'attenzione alla fase eroica, ancorché discutibile, della prima fondazione, ma analizzare con la medesima acribia anche quelle successive, a partire dalla problematica ricostruzione e risignificazione del Dopoguerra; non arrestarsi alla pur vasta ricognizione sistematica di fonti indirette finora non indagate – dai tanti archivi, a scala non solo cittadina ma nazionale, ai quotidiani e alla stampa coeva – ma interrogare con metodo scientifico le stesse consistenze materiali degli edifici; infine, non direzionare lo sguardo solo sul passato e sulla storia della Mostra e delle singole architetture, ma proiettarlo sul futuro individuando le migliori strategie di recupero, restauro e conservazione./[English]: The present work was born with a twofold objective: to go deeper into the knowledge of an urban landmark and, at the same time, to outline a future scenario aligned to its value, starting from a proper recovery of the multiform and valuable architecture that compose it. The deepening arises from the need to study multiple actions and themes: to examine the background project of the Mostra d'Oltremare identified in the new studies, not only in the city debate on a suitable space for exhibitions to be preferably located to the west, but also in authorial preliminary solutions, until now unknown, which have conditioned the final conformation; to highlight the specificity of the single elements of the complex, the survived and the disappeared ones, without limiting the study to the best known and most celebrated cases, but also to the less investigated and difficult to interpret ones, without neglecting the open spaces and the green areas; to deepen also those architectures that cannot be interpreted in the line of modernity but equally emblematic of that phase, therefore worthy of preservation; not limiting attention to the heroic, albeit debatable, phase of the first foundation, but analyzing with the same acumen the subsequent ones, starting with the problematic reconstruction and redefinition of the post-war period; not stopping at the systematic reconnaissance of indirect sources that have not been investigated until now - from the many archives, not only on a city but also on a national scale, to the newspapers and the press of the time - but questioning the same material consistency of the buildings with a scientific method; finally, not focusing only on the past and on the history of the Exhibition and of the single architectures, but projecting it into the future by identifying the best strategies of recovery, restoration and preservation.

Le belle Francesca Cappelletti, 2024-01-30 Nella seconda metà del Seicento, nei più importanti palazzi nobiliari, intere stanze erano destinate a ospitare i ritratti delle «donne famose» del tempo, quasi a catalogarle. Dame contemporanee, influenti personaggi di corte o bellezze leggendarie la cui fama si diffondeva velocemente fra i circoli dell'aristocrazia europea. Mogli di principi o future madri di cardinali, anelli fondamentali di alleanze politiche e pedine insostituibili di complesse strategie familiari. Personaggi celebri per la loro bellezza, spesso all'origine di passioni incoercibili e di eventi drammatici. Queste tele, note come «le Belle», popolavano le maggiori collezioni italiane ed europee. Una moda che aveva precedenti illustri e che Francesca Cappelletti racconta con appassionata ammirazione e competenza in queste pagine. Un

affascinante viaggio che ci accompagna nelle camere dedicate ai ritratti femminili della cinquecentesca collezione Farnese, o in quella del cardinale Pietro Aldobrandini, nipote di Clemente VIII, passando per le «Stanze delle Veneri», allestimenti fra il mitologico e il licenzioso in cui erano esposti capolavori della pittura rinascimentale raffiguranti le dee e le eroine delle favole antiche, in un tributo non solo a Venere, dea dell'amore, ma anche alle grazie delle protagoniste, spesso sfortunate, dei miti ovidiani. La presenza in questa storia di alcune straordinarie figure catalizzatrici, come per esempio Clelia Farnese, Lavinia Fontana o Maria Mancini, è un ulteriore invito a riflettere «sulle metamorfosi del ritratto femminile, ma anche sul ruolo di alcune donne, sulla loro capacità di mettere in scena se stesse, di creare un personaggio in grado di autorappresentarsi e di generare forme di ritratto». Avvicinandosi ai loro volti fino a sfiorarli, Francesca Cappelletti ne disvela passioni, paure e speranze, ma soprattutto offre una nuova prospettiva per indagare il ruolo della donna nella storia.

Al cinema con lo psicoanalista Vittorio Lingiardi, 2020-09-29T00:00:00+02:00 Prefazione di Natalia Aspesi Questa volta la poltrona dell'analista non è dietro lo schermo, per spiegare, ma davanti, per guardare. Vittorio Lingiardi non recensisce i film che ha visto, ma li rivede insieme ai suoi lettori, cercando di cogliere, pellicola dopo pellicola, le immagini che precedono il pensiero e lo producono. Perché una mente che incontra una storia non è più la stessa. E viceversa. Al cinema con lo psicoanalista è una raccolta di sedute sui film (e qualche serie) di questi anni - dallo 007 di Spectre al canaro di Dogman, dalle onde di Fuocoammare al potere dei ricordi di Dolor y gloria - ma anche su classici come La finestra sul cortile visti con gli occhi del lockdown. A raccogliere i temi e scandire la lettura, sei stanze poetiche: le donne, i cavalieri, l'arme, gli amori, le cortesie, l'audaci imprese.

La collezione Paoletti. Seconda parte Lucia Pirzio Biroli Stefanelli, 2016-02-05T00:00:00+01:00 Secondo di tre volumi (I-III), il Catalogo di Lucia Pirzio Biroli Stefanelli costituisce la pubblicazione integrale della collezione di stampi in vetro utilizzati nella prima metà del XIX secolo da “Bartolomeo Paoletti e Pietro figlio dimoranti di studio in piazza di Spagna num. 49” per la produzione in serie di impronte in scagliola di cammei e intagli in pietra dura di tutte le epoche, dall'antichità alla fine del XIX secolo. Il Catalogo è completato dalla ricostruzione dell'attività dei Paoletti a Roma e da un'analisi storico-critica della raccolta.

When somebody should go to the books stores, search opening by shop, shelf by shelf, it is really problematic. This is why we allow the ebook compilations in this website. It will unquestionably ease you to see guide **Galleria Borghese Amore E Psiche** as you such as.
