

Never Cease To Amaze Me

Steve Moody

Miscellanea Derek Payne,2023-12 A few poems and prose, with some exploring the futility of war. Imaginary talks with characters that have made their mark. Some fantasy, some humour and some horror stories to tickle the spine at Halloween - and let's not forget Christmas. And why not try to explain ghosts! There are also a few whodunits for the budding detective. When engrossed in a book, I find punctuation and style disappear and only the story matters. Everything else seems irrelevant. My mind only absorbs what it thinks is the most important For this reason I have written some of the work with a subtle difference in style, to see if it spoils the enjoyment. My bet is - you won't mind.

The Bishop Emgee,2019-09-23 The Bishop is based loosely around the game of chess but essentially it deals with the people involved in this particular microcosm of society and the clash that occurs when three different cultures collide - the American, the British and the Australian. Madison Chatfield, a New York journalist whose career has stalled after a regrettable incident in the office when she is sent off on a graveyard assignment to England. Thanks to her unwavering ambition and her eye for a scoop, she meets up with Tobias Byron, the reigning champion; a reclusive but very opinionated Englishman and Gary Bridgewater, a young, laid-back Australian who flaunts all the establishment rules but, who is in fact the future of the game. The story follows these three characters through the relationships they strike up with each other - thanks primarily to the game which takes them from England to Boston and New York and then back again to the UK - and is sprinkled with a healthy dose of pertinent political and social commentary as it makes its way - via the inevitable betrayal of trust - towards its rather unexpected conclusion.

FROM RAGS TO RESOLVE; AND FROM REVOLUTION TO REPARATIONS! Marvin A. Smith,2025-08-19 My grandparents, parents, aunts and uncles had the most unfortunate experience to come along during the terror of "Jim Crow"! Life for them was such that they had absolutely no reason to be optimistic, hopeful, confident, expectant, encouraging, visionary or enthusiastic about their future. One must keep in mind that this was just 75 years after the American Civil War and the "Black Codes", 63 years after Reconstruction ended, and the introduction of "Jim Crow" laws that enforced racial segregation in the Southern United States. These "Jim Crow" laws were enacted by white Democratic dominated state legislatures throughout the South. This was a time when white people in the South were "Democrats"! We, African-Americans, must understand this political reality of names demonstrates that these major or minor political parties by any

other names are comprised of so-called white people, racists, persistently manipulating the system to retain white supremacy or white power whether they were called Democrats (DemoKKKrats), or Republicans (RepubliKKKlans)! They were all so-called white people; they were all “domestic terrorists” working in tandem in efforts to preserve, maintain the status quo and advance white supremacy, under the banner of states’ rights! The so-called white people came to a strategy to compensate the indigenous people, the Native Americans, for the multitude of atrocities committed against them; but have never adequately compensated the Native Americans! They designed a strategy to compensate the Japanese for the World Wars II internment camps that the Japanese Americans were illegally and unconstitutionally assigned and restricted to. The Japanese were never adequately compensated either! The German government found an acceptable policy to allow the Jews to be compensated for the brutal atrocities of Hitler and his Nazi regime, but the Nazis compensation certainly didn’t bring back the 6,000,000 people killed! However, the atrocities against us, African-Americans, were most egregious and we should have received compensation through Reparations a long time ago! You so-called white people will not get away from paying us, African-Americans, the Reparations you owe us, never! It is time for an African-American Revolution!

A School Custodian's Dilemma Daniel D. Johnson, 2013-10-29 Years ago, on a high school campus, built in the middle of a cornfield, a conversation transpired one day between two employees. After sharing a humorous moment, a suggestion was proposed by a secretary to record events occurring in the high school and middle school for nostalgic purposes. I thought it was an exceptional idea, but I decided to take it to the next level. I created a log book which provided the incentive for the manuscript. The wheels were set in motion. A multitude of drafts later, A School Custodians Dilemma was born.

Me Elton John, 2019-10-15 **INSTANT #1 NEW YORK TIMES BESTSELLER** In his first and only official autobiography, music icon Elton John reveals the truth about his extraordinary life, from his rollercoaster lifestyle as shown in the film *Rocketman*, to becoming a living legend. Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three he was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt, and boots with wings. Elton John had arrived and the music world would never be the same again. His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with Princess Diana and Queen Elizabeth; from friendships with John Lennon, Freddie Mercury, and George Michael to setting up his AIDS Foundation to conquering Broadway with *Aida*, *The Lion King*, and *Billy Elliot the Musical*. All the while Elton was hiding a drug addiction that would grip him for over a decade. In *Me*, Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble, and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you by a living legend.

Reach for the Stars Daniel McCool, 2015-01-15 Wrestling is as much a part of winter in Iowa as is snow and cold. Dreams of state championships begin in elementary school and, since 1972, come to fruition-or heartbreakingly fall short-at an arena in Des Moines in February or March. The tournament finals sell out, and individuals and teams carve their names on the sport's history tree each year. Some champions were deaf, some were amputees, but all earn the respect of thousands

for their work ethic-a hallmark of the state's populace. Is this heaven? No, it's better than that. It's high school wrestling in Iowa!

The Tangled Web of Wicca Rain Dove (Suzy Smith), 2014-10-25 I am a Traditionalist. A Traditional Wiccan High Priestess Witch. I am not a person with an Ivy League education. Nor am I a scholar with 6 or 7 degrees! I do not speak any language other than English, a few choice Spanish words and some pig latin. I don't use big fancy words where you have to have a dictionary to read the book and I don't use long, complicated sentences that you have to read 16 times to understand what I'm saying. I'm not a professional writer and even if I were, I felt this book needed to be written where anyone could read it without any difficulty no matter the level of reading one does or how long they've been on the path of Wicca. Most people will agree there have been many books written on the subject of Wicca. So many of them it can become confusing and frustrating for the Novice because most books are simply bits and pieces of Wicca thrown together coupled with a person's personal opinion and experience. There are many important details left out. Details that are inclusive in most Traditional Wiccan training. Keep in mind there's only one way to receive full training and it does not come from a book or from the internet. This book is different than your average how to book on Wicca. There are no spells. It is not about magic. There are no instructions on how to cast a Circle or how to call the quarters. There's plenty of books out there on all of those subjects. If that is the kind of book you were expecting, I am happy to inform you that it is not. This is a book that explains a (seemingly) fast disappearing perspective regarding important protocol and important elements that are missing in today's practices within the religion of Wicca in our American Wiccan communities today. A perspective (believed by many) that should return. The book also points out some of our problems and issues in the Wiccan community that are going on here today in the United States. Problems and issues that have arose since the occurrence of Wicca's massive growth spurt and the booming book and internet industry that surrounds it! This book is written based on my training, experiences, knowledge and information that I have personally gained over the years from walking and living the life of a Wiccan Witch. There is information contained within this book that you normally would not hear or know about Wicca unless you had (or have) a teacher. Teacher meaning a Traditional Wiccan High Priestess or Priest Witch to help you along, to guide, direct and train you. The sole purpose of this book is to give you some of that information that you would not receive without training, without an experienced High Priestess or Priest to give it to you. Much of it is information that you will not find in books and is vital to Traditional Wiccan practice. Some which is basic Wiccan protocol that has been passed down orally and/or verbally through the generations, some since the beginning of Wicca and its oral Traditions in the United States. Oral and verbal protocol that was (and still is) being given to Novices in their beginner level training in some of the working Traditional Covensteads. My hope is that it will provide the reader/s with a fresh (yet certainly not new) look at Wicca and hopefully help guide them in the direction that's most beneficial for them. If you find it to be controversial for, remember this is a

perspective coming from a Traditional Wiccan Witch who has been formally trained in a Tradition of Wicca in a Traditional Wiccan Coven. Either way, I hope anyone who reads it will get something from it even if its just a small something and that it will help in some way as you step onto the path of Wicca or onto the next crossroads of your journey in Wicca. Before you begin to read this book, please understand that I am not staking any claims that I am the Wiccan Guru or the Grand Poohbah of Wicca! I have never claimed such nor will I ever claim such ! So please do not take my words out of context or twist them in any way! I ask that you understand and know that my words are in no way conveying that a person is not legitimately Wiccan or not legitimately practicing Wicca if they don't do things the way I explain in this book or if they do not practice the way I do! It is not a book that says do it this way and no other or that my way is the only way or the best way. Not at all. The book was written for the reader/s to understand Wicca from a Traditional perspective and to come to their own conclusions about what to do (if anything) after reading it. Again, this is a book written from my own training and experiences and from the knowledge I have gathered over the years of walking this path. If you have questions about something that is stated in the book, please refer to the Facebook page that is set up for discussion of the book. I am sure some folks will go on with their usual way of doing things, regardless of what I have to say. And I wouldn't expect anything more or anything less. I do not wish to complicate things for anyone. I am in hopes it will answer some questions or rid the reader of any preconceived ideas or confusion she/he might have, maybe even eliminate some of the incorrect information you have come across during your seeking and/or walk in the path of Wicca thus far. If nothing else, maybe it will provoke thought on some new (yet not new) ideas. Not following any protocol, not having any criteria, not having or abiding by any rules of any kind is leaving a door wide open for Occult mayhem. In my own personal opinion I feel we're not far from it, if not already in mayhem. I feel it is time we make bigger changes. Changes that will help Wicca grow and prosper in a more positive way. It is a vision of mine to see changes taking place in the Wiccan community, changes that will bring the Traditional practices of Wicca back where they use to be and as a result bring a successful religion to the lands we live and to the path and religion that I care so much about. Wicca is not the be all or end all of Occult paths. Wicca is just one Occult path out of many that a person may learn or take. Learning as much as you can about as many of them as you can is always encouraged. But if you are interested in Wicca (in particular) and you live in the United States, it is wise to heed the advice of the older, trained and more experienced long term members of the Wiccan community who have practiced (paritcularly here) in the United States. Due to the the love and passion I have for Wicca, I have been called to write this book. I would like to thank every person who has been with me through this journey because all of you have contributed in my writing it. Both directly and indirectly. A thank you goes out to those of you who have purchased the book. I hope you enjoy reading it as much as I enjoyed writing it. ****NOTE**** ; If you do not agree with something I have stated in this book and wish to debate it, please be an adult about it and show your level of spiritual maturity by writing your own book in rebuttle to it. If you have something to say in defense or do not agree with

something and do not wish to write a book in rebuttle, please refer to the discussion page on Facebook that has been set up so we can talk about it. The one thing that I ask is that you have enough respect for me to not stoop to personal verbal attacks, my training or my own personal experiences and perspectives just because you don't agree with me! I would be most grateful for that! Thanks! Happy Reading! Rain Dove

Grand Deceptions G. S. Willmott, 2018-10-01 Grand Deceptions is a historical novel centred predominantly around Melbourne and Ballarat in Victoria Australia. England, Scotland and San Marino also play a part of this captivating story. The timeline begins in the 1850s and ends in the 1960s. Three well to do young men immigrate to Victoria; their reasons are all different but their ambitions are the same - make their fortune in the antipodes. The circumstances that drove their futures were deception. Two of the three men became victims of fraud and lost their fortunes. They hatched a plan to recover their newly developed wealth by becoming bushrangers. They disguised themselves in women's clothing, calling themselves The Banshees. Grand Deceptions follows the lives of the three men all of whom experience exciting and sometimes dangerous lives. I found this book a great read, I was impressed by the author's knowledge of early Victorian history and his introduction of characters from English settlers of the day. Given the ending, one would guess there might be a sequel in the wind! - Bill Simpson I think this is Garry's best book so far. I would have no hesitation in recommending this read to anybody who loves history, thrilling storylines and a book you can't put down. - Ian Jones I wasn't sure what I was getting myself into.

What I got was a page turning great read. I won't spoil the ending for those of you yet to read *Grand Deceptions*, I will just say be sure to put aside a few hours as you won't want to put it down until you see how it ends. - Kim Krarup Garry has outdone himself with this story. He has blended a great mix of fact and fiction and I found myself enthralled. I read *Grand Deceptions* in an afternoon which I very rarely manage to do with a book. I cannot recommend this book highly enough - do yourself a favour and get a copy, I guarantee you will not be disappointed - Tony Pittard As with Garry Willmott's *Serendipity* - A Gallipoli Love Story, which I read a while ago, *Grand Deceptions* is a fascinating blend of fact and fiction. I enjoyed the deft way the author weaves the men's stories, bringing in other characters and sometimes bringing the reader up to date on what happened to someone I assumed had been forgotten. For example, Anna's friend Jane was mentioned in passing... and then her story is revealed later in the book. *Grand Deceptions* is a fine historical tapestry giving a picture of a hundred years of turbulent history as a backdrop for the stories of some remarkable people. - Sally Odgers, author/editor

Memoirs of a Millennial Law Student Mic Villamayor, Ukiyoto Publishing, 2020-10-31 As a child, I remember being told that I had the potential to be a lawyer in the future. Looking back, I wonder if I was conditioned to want to be a lawyer or if I really did want to become one. But all of that is moot now and I will never know for sure. One thing I definitely know, however, is that I'm a lawyer now and I'm thankful that I went through everything I had to go through to become who I am today. This book serves as a memoir of some sorts, a collection of essays and short stories of a millennial going through law school and successfully hurdling the Bar.
