Best Buddies Birthdays Sally Mills Butzin,Charlotte Butzin Beal,2015-06-17 Do children really need over-the-top birthday parties with pony rides, bounce houses, corporate movie characters, food trucks, and themed decorations? Or destination parties that require renting nail salons, skating rinks, restaurants, and video arcades? Over-the-top parties can lead to more stress, despite parents urge to outsource party planning. In Best Buddies Birthdays, mother-daughter authors Sally Butzin and Charlotte Beal offer a detailed and specific guide on how to plan and host a fabulous party--without all the craziness--that will bring joy and satisfaction to the five- to ten-year-old child. It covers planning, sending invitations, buying prizes, offering refreshments, and writing thank-you notes. But its centerpiece is 50 clearly explained, child-tested party games and activities to choose from. This guide emphasizes the important life lessons children learn through Best Buddies Birthdays, including empathy, hospitality, graciousness, appreciation, sportsmanship, and kindness. Field-tested with real kids, Best Buddies Birthdays can bring back the joy and innocence of childhood, while instilling positive values and saving money. It takes a step away from the norm of over-the-top parties and embraces a more down-to-earth approach to giving children a special day.

The Complete Idiot's Guide to Social Media Marketing, 2nd Edition Jennifer Abernethy, 2012-04-03 The Complete Idiot's Guide® to Social Media Marketing, Second Edition, covers cutting-edge techniques for small and large businesses alike. Ask the Author Q: How has social media marketing changed business and personal lives? A: The playing field has been leveled for business. No longer do you need a 6 or 7 figure budget to reach people around the country or globe for that matter. Personally, many lives have been affected. Many people more connected, businesses have grown because of the connections, TV and singing careers have been launched, money has been raised for charity, books have been marketed and purchased, and so on. Q: What has been the most challenging part of utilizing social media? A: I think the learning curve. With all of these sites . . . they come with no directions and no LIVE phone number. Q: What has worked the best and worst

thus far? A: Facebook because of its broad reach really has worked for me, but many would argue that YouTube works the best; particularly since it is the search engine of choice with the 11-34 age group. Q: How can a person searching for a job use social media marketing? A: So many ways. . . . They need to be on LinkedIn with a professional looking profile, photo, and contact information. They could also utilize video to begin sharing their expertise. Candidates need to stand out in a crowd of millions so if they say . . . sent in a video introducing themselves and a video follow up email . . . that would wow them! Q: What is the newest thing since Twitter? A: I believe companies and individuals are starting to utilize audio for creating their own iTunes channel, and also location-based social media like FourSquare. I personally, am not sold on location based services as of yet from a safety point of view, but for retailers it can be a good thing. I believe video is going to explode in popularity in 2011 for the 35+ market as well. They just need to get comfortable being on camera!

Your Birthday, Your Card Robert L. Camp, 2008 According to an ancient, esoteric science, every day of the year is linked to one of the 52 playing cards in a standard deck. The card that corresponds to your birthday can reveal secrets about future lives, loves and destinies.

Culturally Sustaining Language and Literacy Practices for Pre-K-3 Classrooms Kindel Turner Nash, Alicia Arce-Boardman, Roderick D. Peele, Kerry Elson, 2022-09-23 Literacy educators are often unequipped to help young children contend with the world we inhabit, where linguistic, literate, and cultural pluralism are not always valued or sustained. In fact, educators are routinely bombarded by programs that position literacy as a simple, one-size-fits-all practice. This resource will help pre-K-3 teachers create and interpret literacy teaching processes, practices, and spaces that honor and extend children's fullness. It is coauthored by three New York City teachers from ethnically, racially, and linguistically diverse schools who share vivid examples and everyday stories from their own classrooms. Grounded in an accessible discussion of the value of culturally sustaining pedagogy and its potential to promote equity in elementary teaching, this book can be used as a practical introduction to CSP practices for early childhood teachers and teacher candidates. Book Features: Focuses on the capabilities of young children and their families, rather than perceived deficits.
