London George Philip & Son,2003-11-10 A fully revised edition of the definitive London Atlas. The atlas is substantially more detailed than those available from other publishers.The centre of London is shown with 42 pages at a massive scale of 10 inches to 1 mile. The rest of London is shown on 227 pages at the exceptionally clear scale of 5 inches to 1 mile.The Congestion Charging Zone is highlighted on the mapping. Postcode districts and boundaries are shown on both the main mapping and on a separate map.The atlas shows the locations of many thousands more named streets, courts, alleys, houses and estates than any equivalent atlas. This, coupled with a detailed index, has considerable benefits for professional users such as delivery drivers and tradesmen.Route-finding is much easier as through-routes are shown, giving the user the equivalent of local knowledge of an area, ideal for any driver and a real time-saver when avoiding main road queues. Furthermore, one-way streets and restricted turns are shown on the whole central London area. And a planning map shows main roads in and out of London.The index of streets and notable features is fully comprehensive and has been carefully designed to be easy to use and read. Hospitals, railway stations, schools, shopping centres, universities, industrial estates

and other such features are highlighted in red; places of tourist interest are shown in blue. The index includes postcodes. Main map scale: 5 inches to 1 mile and 10 inches to 1 mile
