A Road to Redemption Michelle Nash,2019-07-23 A Road to Redemption is the story of how one woman faced a past that haunted her for more than thirty years. The Pandora box of haunting memories that she had so neatly packed away sprang open like an unexpected jack-in-the-box. After thirty years of trying so hard to forget the terrifying memories of a five-year-old little girl, those same memories began to consume her like a California wildfire. Flashbacks of abuse began to rear its ugly head. The memories burnt so hot in her mind that they almost consumed her. Just as she thought the memories of a childhood of abuse were about to claim her life, God showed up in the least expected place. Michelle takes you on a journey of how she hit rock bottom and made it out of the pit and down the road of redemption. Michelle hopes this book will help others who have suffered in silence as a result of abuse. Her prayer is that they may grab onto the hope and healing that only comes from Jesus Christ.

Reformed Resurgence Brad Vermurlen,2020-11-02 One of the most significant developments within contemporary American Christianity, especially among younger evangelicals, is a groundswell of interest in the Reformed tradition. In Reformed Resurgence, Brad Vermurlen provides a comprehensive sociological account of this phenomenon known as New Calvinism and what it entails for the broader evangelical landscape in the United States. Vermurlen develops a new theory for understanding how conservative religion can be strong and thrive in the hypermodern Western world. His paradigm uses and expands on strategic action field theory, a recent framework proposed for the study of movements and organizations that has rarely been applied to religion. This approach to religion moves beyond market dynamics and cultural happenstance and instead shows how religious strength can be fought for and won as the direct result of religious leaders' strategic actions and conflicts. But the battle comes at a cost. For the same reasons conservative Calvinistic belief is experiencing a resurgence, present-day American evangelicalism has turned in on itself. Vermurlen argues that in the end, evangelicalism in the United States consists of pockets of subcultural and local strength within the cultural entropy of secularization, as religious meanings and coherence fall apart.

British Ruling Cases from Courts of Great Britain, Canada, Ireland, Australia and Other Divisions of the British Empire, Extensively Annotated ,1915 This series of reports is in a sense a continuation, but with a decided expansion, of the plan of the English ruling cases, as it takes the cases from the British empire, instead of from England only, but it continues the English ruling cases in the sense that it will include the most important cases from the English courts decided since that series terminated.--Pref.

The Preacher's Wife Kate Bowler,2020-09-15 Although most evangelical traditions bar women from ordained ministry, many women have carved out unofficial positions of power in their husbands' spiritual empires or their own ministries. The biggest stars write bestselling books, grab high ratings on Christian television, and even preach. Bowler offers a sympathetic and revealing portrait of megachurch women celebrities, showing how they must balance the demands of celebrity culture and conservative, male-dominated faiths. And black celebrity preachers' wives carry a special burden of respectability. A compelling account of women's search for spiritual authority in the age of celebrity. -- adapted from jacket
