El reparto de África: de la Conferencia de Berlín a los conflictos Roberto Ceamanos, 2024-04-08 Las fronteras africanas establecidas a finales del siglo XIX destacan no solo por ser "artificiales", sino sobre todo porque su creación es anterior a la de los estados que delimitan. Las potencias coloniales europeas invadieron el continente y acordaron repartírselo en la Conferencia de Berlín (1884-1885), pero lo que no deja de sorprender es que aquellas fronteras que nada tenían que ver con las etnias africanas anteriores se mantuvieran tras la descolonización. La explotación de los recursos naturales (diamantes, oro, petróleo, coltán...) y los conflictos que alimenta también se han mantenido; son conocidas sus consecuencias en países como Angola, Liberia, Sierra Leona, Sudán del Sur, Nigeria o la República Democrática del Congo. Ante el pesado lastre de la herencia colonial, junto con otros factores, cobra relevancia la idea que Mbuyi Kabunda recuerda en el prólogo: "África debe abandonar la lógica de economías rentistas o extractivas que ayer justificaron la colonización y hoy el acaparamiento de sus tierras para empezar a producir para África y para los africanos".

Iberian Visions of the Pacific Ocean, 1507-1899 R. Buschmann, 2014-10-28 In this work, Buschmann incorporates neglected Spanish visions into the European perceptions of the emerging Pacific world. The book argues that Spanish diplomats and intellectuals attempted to create an intellectual link between the Americas and the Pacific Ocean.

Procesos de verdad, justicia y reparación a las víctimas de desaparición forzada en el Sahara Occidental María López Beloso,2019-02-28 La tesis de la investigadora, defendida en 2017 en la Universidad de Deusto y dirigida por los profesores Felipe Gómez Isa y Carlos Martín Beristain, analiza el que califica de “conflicto olvidado” del Sahara Occidental desde la perspectiva de los derechos humanos abordando, en particular, el delito de desaparición forzada. Para ello, la autora, que formó parte del equipo de trabajo de la investigación que desembocó en “El Oasis de la Memoria”, analiza en detalle 95 casos de desaparición forzada, 86 de ellos recogidos en dicha publicación y los nueve restantes, en “Meheris: la esperanza posible”. La investigadora indica que es necesaria “una voluntad política real por transformar la realidad y romper con el pasado de violaciones de derechos humanos” y denuncia que “no se haya respetado el derecho de las víctimas a la verdad”. Los resultados del trabajo, según apunta López, se espera que sirvan para que las personas afectadas puedan defender sus derechos ante las instancias internacionales y la Audiencia Nacional española.

A History of International Law in Italy Giulio Bartolini,2020-04-02 This volume critically reassesses the history and impact of international law in Italy. It examines how Italy's engagement with international law has been influenced and cross-fertilized by global dynamics, in terms of theories, methodologies, or professional networks. It asks to what extent historical and political turning points influenced this engagement, especially where scholars were part of broader academic and public debates or even active participants in the role of legal advisers or politicians. It explores how international law was used or misused by relevant actors in such contexts. Bringing together scholars specialized in international law and legal history, this volume first provides a historical examination of the theoretical legal analysis produced in the Italian context, exploring its

main features, and dissident voices. The second section assesses the impact on international law studies of key historical and political events involving Italy, both international and domestically; and, conversely, how such events influenced perceptions of international law. Finally, a concluding section places the preceding analysis within a broader, contemporary perspective. This volume weighs in on the growing debate on the need to explore international law from comparative and local viewpoints. It shows how regional, national, and local contexts have contributed to shaping international legal rules, institutions, and doctrines; and how these in turn influenced local solutions.

La colonización Marc Ferro, 2000-03-18 Esta obra aborda las prácticas coloniales tanto de los europeos como de los árabes, turcos y japoneses, para establecer puntos en común y diferencias. Presentando el punto de vista de los ex colonizados, y no sólo la visión eurocéntrica de los vencedores, muestra la manera en que chocaron de frente los efectos de los movimientos de independencia debido a la mundialización de la economía y, más recientemente, al fenómeno que el autor denomina imperialismo multinacional.

Este libro de prácticas pretenden colaborar con este proceso, por ello, aunque en principio está destinado al ámbito universitario, se ha elaborado con un diseño abierto que permite una fácil adaptación a otros niveles educativos.

Eje cronológico de la evolución del procesamiento de la información (una cápsula del tiempo) Francisco José Serón Arbeloa,2023-10-20 Esta cápsula del tiempo, intenta mostrar la evolución ramificada que ha seguido el ser humano en relación con el procesamiento de la información, intentando contextualizar cada hito en el entorno político de su época. El objetivo fundamental que se pretende conseguir es ofrecer información que permita cubrir el habitual déficit en el conocimiento de la mayor parte de las personas que viven para y del procesamiento de la información. Para muchos de ellos, ese mundo es así y punto. Por ello, se intenta despertar el interés por la dimensión histórica del procesamiento de la información, recordando un principio general que afirma que el presente no puede entenderse sin una perspectiva del pasado.
