**Regresan siempre en primavera** Maribel Montes-Wolf,Iván Cepeda Castro,2005 La paz esta es el corazón de todas las aspiraciones humanas. Cada niño que viene al mundo trae un mensaje de paz. Sin embargo, en Colombia, varias generaciones de niños solo han vivido la guerra, el odio y la desolación. Tampoco ahora se puede estar gestando una paz cuando un silencio atronador enmascara el hecho de que, por obra de las fuerzas de seguridad y los paramilitares, las desapariciones forzadas han aumentado en un 100% estos últimos años que más de 1500 personas han sido asesinadas por esos paramilitares desde el inicio, en noviembre 2002, del proceso de paz que está negociando con el gobierno. Y que más de 170 sindicalistas han sido ejecutados desde la llegada al poder del presidente antiterrorista Álvaro Uribe Al efectuar una inmersión en el corazón de lo incomprendible el testimonio de Maribel Wolf reconoce la validez de la vida de todos los que han luchado y vivido un mundo más allá de esa desolación que pareciera ser la herencia de los niños colombianos. A través de su experiencia vivida, desde 1980 cuando llegó a Colombia por primera vez para realizar una investigación sobre los niños abandonados entregados en adopción en Francia, la autora afirma que los desaparecidos, entre los que se encuentran varios de sus amigos, no han muerto, que siguen buscando la verdadera paz que se construye a través de cambios profundos del poder autoritario económico y social que fue el origen de la guerra, aunque todavía no se estén dando. Para recordar esa necesidad ineludible los desaparecidos regresan siempre en primavera. Maribel Wolf es directora del departamento de relaciones internacionales en la ONG francesa Terre des Hommes y delegada en el ECOSOC Consejo económico y social de las Naciones Unidas desde 1987.

*Human Rights in Colombian Literature and Cultural Production* Carlos Gardeazábal Bravo,Kevin G. Guerrieri,2022-04-28 This volume explores how Colombian novelists, artists, performers, activists, musicians, and others seek to enact—to perform, to stage, to represent—human rights situations that are otherwise enacted discursively, that is, made public or official, in juridical and political realms in which justice often remains an illusory or promised future. In order to probe how cultural production embodies the tensions between the abstract universality of human rights and the materiality of violations on individual human bodies and on determined groups, the volume asks the following questions: How does the transmission of historical traumas of Colombia's past, through human rights narratives in various forms, inform the debates around the subjects of rights, truth and memory, remembrance and forgetting, and the construction of citizenship through solidarity and

collective struggles for justice? What are the different roles taken by cultural products in the interstices among rights, laws, and social justice within different contexts of state violence and states of exception? What are alternative perspectives, sources, and (micro)histories from Colombia of the creation, evolution, and practice of human rights? How does the human rights discourse interface with notions of environmental justice, especially in the face of global climate change, regional (neo)extractivism, the implementation of megaprojects, and ongoing post-accord thefts and (re)appropriations of land? Through a wide range of disciplinary lenses, the different chapters explore counter-hegemonic concepts of human rights, decolonial options struggling against oppression and market logic, and alternative discourses of human dignity and emancipation within the pluriverse.

*Historical Dictionary of Colombia* Harvey F. Kline, 2012-06-01 Colombia is the fourth largest country in South America and one of the continent's most populous nations. It has substantial oil reserves and is a major producer of gold, silver, emeralds, platinum, and coal, along with a significant number of natural resources. Colombia has also been ravaged by a decades-long violent conflict involving outlawed armed groups, drug cartels, and gross violations of human rights. Recently the country has made some progress towards improving security, and President Santos has pledged to continue to improve security by passing laws to strengthen the judicial system; a reform of the manner of distributing royalties paid by mining and petroleum companies; and a tougher law against corruption. The Historical Dictionary of Colombia covers the history of Colombia through a chronology, an introductory essay, appendixes, and a bibliography. The dictionary section has over 1,000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Colombia.

*Velásquez, el retador del poder* Martha Soto, 2017-05-02 Perseguido por agentes del Estado, graduado como enemigo del expresidente Álvaro Uribe y odiado por un sector del país, Iván Velásquez, el llamado magistrado estrella de la parapolítica, salió de Colombia en 2013, con el récord de haber obtenido evidencia para condenar a sesenta congresistas colombianos que sellaron siniestras alianzas con fuerzas paramilitares. De hecho, en los noventa ya había enfrentado a los jefes del

paramilitarismo y a Pablo Escobar, en una época en la que el destino lo juntó con Uribe. Aunque muchos creyeron que su salida del país coincidía con su retirada, pasados dos años, como cabeza de la Comisión Internacional contra la Impunidad en Guatemala, ya había desmantelado una red de corrupción y puesto tras las rejas a doscientos implicados, incluido el presidente de Guatemala, Otto Pérez. ¿Cómo logró todo esto? ¿Quién es este hombre que ha sobrevivido a por lo menos cinco montajes en su contra y planes para asesinarlo? A partir de la verdad consignada en expedientes y en decenas de testimonios de actores de todas las orillas, Martha Soto revela episodios inéditos de la vida de Velásquez, que reviven algunas de las más dolorosas y vergonzosas páginas de nuestra historia. Con rigor investigativo y con la trayectoria de Velásquez como hilo conductor, la periodista aborda capítulos oscuros y polémicos que involucran a las mafias y el paramilitarismo, a políticos, magistrados, congresistas y exfiscales, para hacer un aporte a la memoria del país, a veces esquiva pero sin la cual es imposible construir una Colombia en paz.

Jóvenes, memoria y violencia en Medellín Pilar Riaño Alcalá, 2006 Este libro explica de manera lúcida cómo funciona la memoria en tanto herramienta para sobrevivir, y cómo la violencia, en términos generales, surge en medio de un conjunto complejo de factores sociales, culturales y económicos. Esta obra, nos permite una comprensión sin esteticismo, de la violencia, asociada con la juventud en Medellín entre 1985 y 2000.

*La audacia de la paz imperfecta* Francisco de Roux, 2018-01-16 Francisco de Roux ha estado comprometido con la búsqueda de la paz desde hace décadas. Vivió en zonas afectadas por el conflicto y le hizo frente por medio de una resistencia pacífica a los guerrilleros y paramilitares que afectaban a las comunidades civiles que decían defender. Es un convencido de que la única manera de salir adelante, como sociedad y país, es reconciliándonos y aprovechando la oportunidad que abrió el acuerdo de paz. Este libro, escrito antes de que lo escogieran como presidente de la Comisión de la verdad, reúne sus reflexiones sobre el proceso que hemos vivido hasta finales de 2017 para salir del conflicto armado y es una invitación a cuidar el acuerdo que vamos a implementar ahora y en los años venideros. Francisco dice: he creído y trabajado durante décadas por esta paz positiva y al mismo tiempo limitada, vulnerable, criticable. Apoyarla es un acto de audacia, no de temeridad; es un acto moral, porque el país vive momentos de incertidumbre, serenados por la visita del papa Francisco en el mes de septiembre, y no tenemos certeza sobre el futuro.

**Prácticas artísticas y acciones colectivas en Bogotá: nuevas espacialidades en el siglo XXI** Fernando Escobar Neira, 2023-10-04 Durante las últimas décadas han tenido lugar numerosas iniciativas artísticas en Bogotá, que han logrado

cierta visibilidad y significación, gracias a su capacidad de incidir en la producción de espacios públicos, por su papel en la visibilización de sectores marginados de la ciudad, por la participación de sus agentes en las pugnas por la garantía de los derechos culturales de amplias franjas poblacionales, por la profundización de procesos democráticos, por impulsar la ampliación de las políticas culturales, entre otras particularidades. Esta indagación, que emerge de los estudios urbanos situados en América Latina, aborda las condiciones de emergencia y los alcances de intervenciones artísticas que, articuladas a acciones colectivas, han supuesto la transformación de microespacios de Bogotá entre 2000 y 2015, propiciando así el surgimiento de nuevas espacialidades en la ciudad. Para intentar responder a esta cuestión, este trabajo identifica los procesos sociales y los actores involucrados en la transformación de esos microespacios urbanos a partir de casos estudio. También discute y examina esas transformaciones, con el fin de entender su espacialidad y el tipo de recursos que movilizaron con ellas los actores sociales implicados. En conjunto, las cuestiones abordadas en esta publicación señalan y problematizan la presencia de numerosos idearios y representaciones sociales de lo artístico que han impulsado acciones colectivas en las escalas barrial y local de Bogotá. Estas acciones a su vez han sedimentado significados y prácticas de lo político y lo socio-espacial que pugnan permanentemente al articularse a ciertas prácticas artísticas contemporáneas, sus agentes e instituciones. Por ello, esta investigación se sirve de un marco conceptual amplio que incluye conceptos, nociones y reflexiones provenientes de distintos campos del conocimiento, como el de los estudios urbanos, las teorías del arte contemporáneo, los estudios culturales, la geografía cultural y urbana, las políticas culturales, entre otros.
