Digital Film and Television Culture Helle Kannik Haastrup, 2025-04-14  
Digital Film and Television Culture introduces a new framework for the aesthetic and cultural analysis of contemporary film and serial drama, stars on social media and movie awards shows. It examines contemporary digital media culture with four specific case studies, their cultural contexts and how audiences engage with them online. Drawing on two perspectives – the digital media circuit and the expanded cultural forum – as frameworks for the analysis, this book explores the complexity of film and television culture in the digital age. The analysis encompasses films with experimental storytelling techniques, from blockbusters to art films, coming-of-age serial drama as hybrid genre, the visual identity narratives of movie stars on social media and the broadcast movie awards as a cultural authority in the era of streaming. The book offers in-depth case studies of Everything Everywhere All at Once, Stranger Things, the performance of Zendaya and Timothée Chalamet on Instagram and the Academy Awards Ceremony as live media event genre. Each chapter includes a genre analysis, an examination of the cultural context and a micro-study of

how audiences engage on Letterboxd, Reddit or other social media. This timely, cross-disciplinary book is essential reading for students and scholars in film, media, cultural studies, celebrity and digital cultures and for anyone interested in contemporary film and television culture.

*Bazinga! Orange Hippo!*, 2025-03-06 Nearly fourteen billion years after the universe began, The Big Bang Theory became a pop culture explosion. Created by Chuck Lorre and Bill Prady, this endlessly quotable and brilliantly funny show turned nerd culture into prime-time gold, and even after its 2019 finale, it remains a streaming favourite. From the hapless Howard and romantically terrified Raj to lovesick Leonard and the supremely intellectual (but socially awkward) Sheldon, these lovable characters kept audiences laughing for 12 seasons, proving that science and social awkwardness can be hilariously relatable. With star cameos and pop culture references galore, The Big Bang Theory became one of the biggest shows in the world, spawning spin-offs and cementing itself in TV history as one of the most bingeable comedies ever made. This Little Guide to The Big Bang Theory is packed with iconic quotes, trivia, and behind-the-scenes facts, celebrating everything that made the show brilliant. Whether rewatching or discovering it anew, this tiny tome is your ultimate companion for all things Big Bang. Bazinga!

**Mastering the Craft of Diverse and Inclusive Screenwriting** Karla Rae Fuller, 2024-12-20 This accessible and informative textbook provides a guide to the craft of screenwriting with an emphasis on diverse perspectives, underrepresented groups and their screen stories. With case studies to aid understanding, the book explores the screenwriting process in stages, explaining how to create a logline, as well as character bios, writing and choosing a genre, differentiating between writing a treatment, a synopsis, composing an outline, incorporating the formatting process and finally creating a scene and sequence. The techniques specific to screenwriting will also be covered in the text such as writing dialogue and action, establishing setting and time period and most importantly mastering the craft of visual storytelling. At the same time, the textbook introduces concepts of content choices that are diverse and inclusive, such as stereotypes vs. archetypes, intersectional characters, underrepresented groups and themes such as social justice, systemic racism, class conflict, gender inequity and climate change. Mundo loco Slavoj Žižek, 2024-09-20 ¿Cómo describir el mundo en que vivimos? Žižek lo resuelve con pragmatismo: habla de un mundo loco, en el que las ideologías perdieron relevancia. A partir de tres ejes fundamentales: guerra, cine y sexo, todos los textos de este libro se hilvanan para (intentar) explicar un mundo en crisis. Lo que vemos últimamente es algo que solo podemos llamar tecnopopulismo: un movimiento político con una clara apelación populista (trabajar para el pueblo, para

sus intereses reales, ni de izquierda ni de derecha) que promete ocuparse de todos mediante una política racional y de expertos; un enfoque pragmático que no moviliza pasiones bajas ni recurre a eslóganes demagógicos. La vergonzosa paradoja que nos vemos obligados a aceptar es que, desde un punto de vista moral, el modo más cómodo de mantener una posición de superioridad es vivir en un régimen moderadamente autoritario.

*The Matter of Little Losses* Rachel Marie Kang, 2024-02-06 Life is full of love, but it is also full of loss. Through prose and poetry that gives voice to all the things we lose along the way, this gracious book will help you · ponder your loss without judgment · remember what was and make meaning of your memories · reflect on what is yet to be as you heal with hope You don't have to bury your pain, and you don't have to pretend you're over it just because the world thinks you should be. Let Rachel walk hand in hand with you, giving space for sorrow and welcoming you as you find your way along the path to healing.

**20 Seasons: Broadway Musicals of the 21st Century** Amy S. Osatinski,2023-08-03 20 Seasons: Broadway Musicals of the 21st Century catalogues, categorizes, and analyzes the 269 musicals that opened on Broadway from the 2000-2001 season through the 2019-2020 season. This book is the first to comprehensively examine the musicals that premiered on Broadway during this important historical period, which was bookended by the 9/11 terrorist attacks on one end and the Coronavirus pandemic on the other. It begins by exploring the historical context for the first 20 years of the 21st century and how this impacted American culture and theatre. Rather than chronologically, the musicals are then organized into categories based on their source material and whether they were original musicals or revivals, painting a detailed picture of the Broadway musical in first 20 years of the 21st century. Jukebox musicals, screen-to-stage musicals, revivals, and other original musicals are all covered, and each chapter ends with reading guides and discussion prompts. The book not only discusses what was produced, but by whom, uncovering the stark lack of representation for women and artists of color on Broadway musical creative and design teams. Additionally, the last chapter discusses the COVID-19 pandemic, the Broadway

shutdown, and what happened to the Broadway musical during the shutdown, including the response to the Black Lives Matter movement in the summer of 2020. 20 Seasons: Broadway Musicals of the 21st Century will appeal to fans and scholars of musical theatre, as well as students of Musical Theatre, Musical Theatre History, American Studies, and Pop Culture Studies.
