Blood and Home in Early Modern Drama Ariane M. Balizet, 2014-04-24 In this volume, the author argues that blood was, crucially, a means by which dramatists negotiated shifting contours of domesticity in 16th and 17th century England. Early modern English drama vividly addressed contemporary debates over an expanding idea of the domestic, which encompassed the domus as well as sex, parenthood, household order, the relationship between home and state, and the connections between family honor and national identity. The author contends that the domestic ideology expressed by theatrical depictions of marriage and household order is one built on the simultaneous familiarity and violence inherent to blood. The theatrical relation between blood and home is far more intricate than the idealized language of the familial bloodline; the home was itself a bloody place, with domestic bloodstains signifying a range of experiences including religious worship, sex, murder, birth, healing, and holy justice. Focusing on four bleeding figures—the Bleeding Bride, Bleeding Husband, Bleeding Child, and Bleeding Patient—the author argues that the household blood of the early modern stage not only expressed the violence and conflict occasioned by domestic ideology, but also established the home as a site that alternately reified and challenged patriarchal authority.

Flowers of Freethought Second Series G. W. Foote, 2024-01-03 *Flowers of Freethought: Second Series* by G. W. Foote is a thought-provoking exploration of freethought principles, challenging conventional beliefs with rationalism and skepticism.

Through essays and discussions, Foote delves into topics of atheism, secularism, and non-belief, advocating for critical thinking and enlightenment in the face of religious dogma. As a prominent figure in the secular movement, Foote dismantles religious arguments and debunks myths with a philosophical approach rooted in science and humanism. The book serves as a manifesto for those seeking to embrace reason and reject superstition, offering a platform for controversial ideas to flourish. Within its pages, readers encounter a wealth of insights on secular humanism and the importance of questioning established beliefs. Foote's eloquent prose and incisive analysis challenge readers to reconsider their perspectives on religion and society, fostering a deeper understanding of the complexities of faith and disbelief. *Flowers of Freethought: second Series* stands as a beacon of intellectual freedom, inspiring readers to embrace a worldview grounded in reason, skepticism, and critical inquiry. It is a must-read for anyone interested in exploring the intersections of philosophy, religion, and humanism in contemporary discourse.

Blood and Laughter Manjula Padmanabhan, 2020-03-25 A neighbourhood that turns a blind eye to a recurring gruesome crime. A game show that puts the lives of its contestants on the line. An insidious tableau that pits three artists against each other. A world where organs of the poor are commercially harvested for the rich. *Collected Plays* brings together, in a much-anticipated series, the dramatic works of Onassis Prize-winning playwright and author Manjula Padmanabhan. *Blood and Laughter*, the first volume, presents within its covers Padmanabhan's full-length plays - including the three-times cinematized *Lights Out*, the previously unpublished *Mating Game Show* and *Artist's Model*, and the award-winning *Harvest* - all known for their masterful portrayal of the dilemmas of morality, relationships and the idea of justice. Horror, anticipation and chilling realism mark each of these works, drawing readers and audiences alike to the edge of their seats. With new introductions to the works that affirm the relevance of the themes of the plays, this collection showcases the playwright's mastery of her art and reconfirms her standing among the leading dramatists of our time.

Apuleius and Drama Regine May, 2006-12-07 An exploration of the use of drama as an intertext in the work of the 2nd century Latin author Apuleius, who wrote the only complete extant Latin novel, the *Metamorphoses*, in which a young man is turned into a donkey by magic. All Latin and Greek is translated into English.

Family and the State in Early Modern Revenge Drama Chris McMahon, 2012-11-27 In this book, McMahon considers Early Modern revenge plays from a political science perspective, paying particular attention to the construction of family and state institutions. Plays set for close study are *The Spanish Tragedy*, *Hamlet*, *The Revenger's Tragedy*, *The Malcontent* and *The Duchess of Malfi*. The plays are read as unique events occupying positions in historical process concerning the privatisation of the family (by means of symbolism and concrete household strategies such as budgeting and surveillance) and the subsequent appropriation of the family and its methods by the state. The effect is that family becomes an unofficial organ of the state. This process, however, also involves the reform of the state along lines demanded by the private family.

McMahon's critical method, derived from the theory of Bourdieu, Bataille, and Girard, maps capital transactions to reveal emotionally charged, often idiosyncratic responses to issues of shared concern. Such issues include state corruption, the management of women, the performance of roles according to gender, the uses of surveillance, and the ethics of sacrifice.

'Blood Is Thicker Than Water' - Non-Royal Consanguineous Marriage in Ancient Egypt Joanne-Marie

Robinson, 2020-06-25 This volume presents, for the first time, evidence for non-royal consanguineous marriage in ancient Egypt. The evidence was collated from select sources from the Middle Kingdom to the Roman Period, and it has been used to investigate the potential economic and biological outcomes, particularly beyond the level of sibling and half-sibling unions.

Should Blood Blend with Milk Dena Fakhro, 2025-05-22 In *Should Blood Blend with Milk*, Dena Fakhro offers an account of Middle Eastern conflicts told from the perspective of Arabic poetry and the blood feud. Far from being confined to antiquity, verse promoting bloody retribution continues to be generated by armed groups, whereas among moderates there are lampoons which instead serve as protest and warning. Traditionally, blood vengeance is a requirement for settling scores and restoring honour to injured parties. By making wide use of poems ranging from pre-Islamic Arabia, the medieval caliphates and the modern map of the Middle East, Fakhro proves these texts belong to an epic continuum, employing recurrent language, while contextualising revenge as an aspect of sectarianism, border conflict between empires, anti-colonial resistance, and militant jihadism.

May God Avenge Their Blood Rachmil Bryks, 2020-05-20 *May God Avenge Their Blood: a Holocaust Memoir Triptych*

presents three memoirs by the Yiddish writer Rachmil Bryks (1912-1974). In *Those Who Didn't Survive*, Bryks portrays inter-war life in his shtetl Skarzysko-Kamienna, Poland with great flair and rich anthropological detail, rendering a haunting collective portrait of an annihilated community. *The Fugitives* vividly charts the confusion and terror of the early days of World War II in the industrial city of Łódź and elsewhere. In the final memoir, *From Agony to Life*, Bryks tells of his imprisonment in Auschwitz and other camps. Taken together, the triptych takes the reader on a wide-ranging journey from Hasidic life before the Holocaust to the chaos of the early days of war and then to the horrors of Nazi captivity. This translation by Yermiyahu Ahron Taub brings the extraordinary memoirs of an important Yiddish writer to English-language readers for the first time.

Blood and Oranges Christopher M. Lawrence, 2007 A compelling account of the intersection of globalization and neo-racism in a rural Greek community, this book describes the contradictory political and economic development of the Greek countryside since its incorporation into the European Union, where increased prosperity and social liberalization have been accompanied by the creation of a vulnerable and marginalized class of immigrant laborers. The author analyzes the paradoxical resurgence of ethnic nationalism and neo-racism that has grown in the wake of European unification and addresses key issues of racism, neoliberalism and nationalism in contemporary anthropology.

The Theatrical Legacy of Thomas Middleton, 1624-2024 William David Green, Anna L. Hegland, Sam Jermy, 2024-04-02 This volume celebrates Thomas Middleton's legacy as a dramatist, marking the 400th anniversary of Middleton's final and most contentious work for the public theatres, *A Game at Chess* (1624). The collection is divided into three sections: 'Critical and Textual Reception', 'Afterlives and Legacies', and 'Practice and Performance'. This division reflects the book's holistic approach to Middleton's canon, and its emphasis on the continuing significance of Middleton's writing to the study of early modern English drama. Each section offers an assessment of the place of Middleton's drama in culture, criticism, and education today through a range of critical approaches. Featuring work from a range of voices (from early career, independent, and seasoned academics and practitioners), the collection will be appropriate for both specialists in early modern literature and drama who are interested in both theory and practice, and students or scholars researching Middleton's historical significance to the study of early theatre.
