*Historical Dictionary of Burma (Myanmar)* Donald M. Seekins, 2017-03-27 Burma (Myanmar) is a Southeast Asian country that is emerging from crisis after more than a half century of hard-line military rule and cultural, diplomatic and economic isolation. With the dissolution of its military regime, the State Peace and Development Council, in 2011, a formally civilian but military-dominated constitutional government was inaugurated. By 2012, Burma's president, retired General Thein Sein, had established a working relationship with Daw Aung San Suu Kyi, the leader of the country's pro-democracy movement since 1988, and after a 2012 by-election she and members of her opposition party, the National League for Democracy (NLD), entered the new Union Parliament as legislators. However, even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015, Burma faces daunting challenges: it is still one of the poorest countries in Southeast, fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people's security and the environment are threatened by foreign economic exploitation. Religious discord is also widely evident, as Buddhist militants instigate violence against the country's religious minorities, especially Muslims. Today Burma's prospects are the most hopeful they have been for over half a century, as the country takes steps along the road to a more open society and economy. This edition of the *Historical Dictionary of Burma (Myanmar)* encompasses not only current developments, but also Burma's over 1,500 years-old recorded history and the most important features of its cultures, ethnicity, religions, society and economy. This is done through a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture.

**Two Millennia of Memorable Christian Women** Stanley M. Burgess, Ruth Vassar Burgess, 2020-08-19 For over 2,000 years, Christian women have struggled with inequities between the genders. This certainly has been true in matters religious. Christian women have shown ethical, moral and spiritual strength, while being deprived of leadership or power positions reserved for their male counterparts. In this tome, the authors celebrate a wide variety of such female heroines, drawn from early Christian, Roman Catholic, Orthodox, Protestant, Pentecostal and Charismatic groups, as well as a sprinkling of so-called heretical individuals. These women often have become saints, martyrs, visionaries, missionaries, and spiritual voices-models to all generations. At the same time, it must be remembered that many of them also carried and gave birth to children, raised them, and fulfilled the other functions required of them in their social contexts. The emphasis is on celebrating these memorable individuals.

**Folk Heroes and Heroines around the World** Graham Seal, Kim Kennedy White, 2016-03-14 This comprehensive collection of folk hero tales builds on the success of the first edition by providing readers with expanded contextual

information on story characters from the Americas to Zanzibar. Despite the tremendous differences between cultures and ethnicities across the world, all of them have folk heroes and heroines—real and imagined—that have been represented in tales, legends, songs, and verse. These stories persist through time and space, over generations, even through migrations to new countries and languages. This encyclopedia is a one-stop source for broad coverage of the world's folk hero tales. Geared toward high school and early college readers, the book opens with an overview of folk heroes and heroines that provides invaluable context and then presents a chronology. The book is divided into two main sections: the first provides entries on the major types and themes; the second addresses specific folk tale characters organized by continent with folk hero entries organized alphabetically. Each entry provides cross references as well as a list of further readings. Continent sections include a bibliography for additional research. The book concludes with an alphabetical list of heroes and an index of hero types.

Appalachian Children's Literature ,2010-04-13 This comprehensive bibliography includes books written about or set in Appalachia from the 18th century to the present. Titles represent the entire region as defined by the Appalachian Regional Commission, including portions of 13 states stretching from southern New York to northern Mississippi. The bibliography is arranged in alphabetical order by author, and each title is accompanied by an annotation, most of which include composite reviews and critical analyses of the work. All classic genres of children's literature are represented.

*Books Children Love (Revised Edition)* Elizabeth Laraway Wilson,2002-10-30 A love for reading is one of the most precious gifts that we can give children. It nurtures their imagination and creativity, lets them explore other worlds, and opens their minds to new truths and knowledge in appealing, inspiring ways. But how can we sort through thousands of children's books to discover the really worthwhile ones? Elizabeth Wilson offers us a newly revised, comprehensive guide to the very best in children's literature. Just as in the original volume, she comments on the tone and content of excellently written, captivating books in over two dozen subject areas. Hundreds of new titles have been added while retaining timeless classics and modern favorites-all of which respect traditional values. So that no matter what the children's ages are or whether they love fact or fiction, you can trust these books to share things that you can believe in and kids will delight in.

Gospel Witness David M. Gustafson,2019-02-14 In light of our increasingly post-Christian Western contexts, David Gustafson offers a mission-oriented ecclesiology that moves from missional theory to practices of missional engagement. Introducing “God’s human drama” as a way to explain the gospel within God’s redemptive story, he outlines specific ways for pastors and church leaders to shape a “gospeling” culture within their congregations. Gustafson expertly lays the foundations of and approaches to evangelism that are seminal and apt for the church today.

*Mary Slessor - Everybody's Mother* Jeanette Hardage,2010-03-25 This is the story of Mary Slessor, a petite redhead from the slums of Dundee who became one of the most influencing people in the land known to her compatriots as 'the white

man's grave'. Despite her eccentricities, this woman truly understood and connected with the Africans among whom she lived, so much so that the British government appointed her their first woman magistrate anywhere in the world and later awarded her the highest honor then bestowed on a woman commoner. Examining both the era and the influence of this extraordinary woman, the book reveals aspects of her public and private life that has previously been unanswered.
