Leave the Girls Behind Jacqueline Bublitz, 2024-10-29 The acclaimed author of the “tour de force” (The New York Times Book Review) *Before You Knew My Name* returns with a fresh suspense novel about a woman haunted by a serial killer and the ghosts he left behind. Ruth-Ann Baker is a college dropout, a bartender—and an amateur detective who just can’t stay away from true crime. Nineteen years ago, her childhood friend was murdered by suspected serial killer Ethan Oswald. Still tormented by the case, Ruth can’t help but think of the long-dead Oswald when another young girl goes missing from the same town. And when she uncovers startling new evidence that suggests Oswald did not act alone, she is determined to find his deadly partner in crime. Embarking on a global investigation, Ruth becomes close to three very different women—one of whom might just hold the key to what happened to the missing girl. And her childhood friend, all those years ago. From an author who “pushes the boundaries of crime fiction in all the right ways” (Alex Finlay, author of *The Night Shift*), *Leave the Girls Behind* is another spine-chilling thriller that will linger long after you finish the last page.

Troubled Pasts Jill Edy, 2006-07-15 A nation's collective memory does not simply exist. It is created. But what factors influence its form and content? And what roles do the news media play in fashioning our collective memory? Here Jill A. Edy observes the process of negotiating a meaning for the past as it unfolds in the news, exploring the ways that news practices, the relationships between actors who make the news, the expectations of news audiences, and the impact of current events affect the development of collective memories in a mass society. Using the 1965 Watts riots and the 1968 Democratic Convention in Chicago as case studies, Edy creates a useful framework for understanding how, over time, conflicting versions of events are resolved, what forms the resolutions take, and how those resolutions influence the representation of current news stories. Anyone who is interested in political communication and the role of media in public culture will find a wealth of insights in this valuable new book.

Surprised by God Gary W. Cooper, 2022-01-15 When God interrupts our lives with an unexpected event, we are faced with choices that will impact our ability to move forward. Gary Cooper experienced an unexpected event in his life that jolted him and sent him on a journey of spiritual renewal and self-discovery. As an immigrant from the Bahamas, Gary learned over

the years to adjust to new, challenging, and unfamiliar circumstances to succeed with a fulfilling life. He was caught off guard, however, when a sudden crisis came into his life and confronted him with uncertainty he had never faced before. His story unfolds of how he found the fortitude to face a crisis and discover the strength and courage that is found only in God. Gary gives an honest, unvarnished account of his experience but also speaks with helpful tips in dealing with his crisis. His story concludes with an admonition and hope for our present society. Gary currently lives in Chattanooga, TN.

Joining Forces Howard Fradkin, Dr.,2012-11-05 This inspirational book was written to empower male survivors of sexual victimization at any age to overcome the effects of trauma and learn to thrive. Male survivors often struggle to feel any sense of hope for the future, so Joining Forces is designed to inspire them and their allies with easily mastered skills developed over the course of psychologist Dr. Howard Fradkin's 30-year career, and the real-life experiences of other survivors who have learned to thrive. Each chapter invites survivors to dare to dream that they can take another step in their healing process by leaving their isolation behind; challenging their dysfunctional beliefs and replacing them with healthier, functional messages; practicing healing exercises; reading about the struggles and successes of men just like them; and learning how to build hope through the use of affirmations. This book is unique in that it is based on the experiences of over 800 participants in MaleSurvivor Weekends of Recovery. The tools taught during those workshops, plus many more developed through Dr. Fradkin's clinical experiences, are presented so that each survivor has an opportunity to use coping skills as he faces the challenges of his recovery. Survivors and their allies will learn that they are not alone in their struggles and that others have walked in their path, become stronger, and found a sense of freedom. They'll read about how to make healthier choices to enhance their relationships, emotional functioning, and job performance and to thrive in their lives.

Logical and Spiritual Reflections Avi Sion,2008-04-15 Logical and Spiritual Reflections is a collection of six shorter philosophical works, including: Hume's Problems with Induction; A Short Critique of Kant's Unreason; In Defense of Aristotle's Laws of Thought; More Meditations; Zen Judaism; No to Sodom.

Plastic Pasts Christopher Leffler,2023-11-20 This book uses plasticity as a metaphor for understanding how the past endures and evolves within the landscape, and the ways in which remembering shapes the sites we occupy and use. The plastic site is characterised both by its resilience, its form never entirely altered from an earlier mould, and by its malleability, which ensures that whatever persists is inevitably transformed. Embodied in its present configuration are the many moments that have produced it over time, and these are continually supplemented and modified. Surveying examples from Paris, Algiers and Marseille, and media as diverse as literature, film, photography, blogs and video games, Plastic Pasts interrogates how different communities and cultural producers have grappled with the present past in space as an enduring and dynamic memory. It argues that understanding sited memory as plastic entails recognising a multiplicity of immutable pasts that exist in a permanent state of ongoing evolution.

Knowing the Face of God, Revised Edition Tim Stafford, 2005-09-23 There is no deeper, more intense human longing than to know God is real and to see Him face to face. In some circles, having a personal relationship with God is synonymous with being a Christian. We are told, in fact, that we 'must' have such a relationship if we are truly God's children. But if we are honest, says Tim Stafford, we must admit that often there is a considerable gap between our talk and our experience. We want to know God. The problem is that we don't know how to know Him. How do we know God personally? After examining the traditional answers and finding their shortcomings for himself, Stafford began his own search for the means to knowing, personally, a personal God. 'Knowing the Face of God' is the moving record of his quest.

Reading Khaled Hosseini Rebecca Stuhr, 2009-09-03 One of the most important emerging novelists today, Khaled Hosseini has enjoyed critical success and popular accolades. His first book, *The Kite Runner*, was voted Reading Group Book of the Year in 2006 and 2007 and was made into a major motion picture. His second book, *A Thousand Splendid Suns*, seems destined to follow the same path. Written for book club members and students, this guide overviews Hosseini's works, themes, characters, and contexts and relates his fiction to current events and popular culture. Sidebars present interesting information, and chapters contain questions to stimulate book club discussions and student research. The volume closes with a selected, general bibliography of print and electronic resources. The book begins with a glance at Hosseini's life and his use of the novel form. It then looks at his novels, summarizing their plots and discussing his characters, themes, and contexts. The book gives close attention to his handling of current events in his works, and to the presence of his fiction in popular culture. Chapters include sidebars of interesting information, along with discussion questions designed to promote book club discussion and student research.

Goethe Richard Friedenthal, 2017-07-28 The study of Goethe's life is a task that each generation must undertake anew. Thus writes Richard Friedenthal, author of this rich biography. Spanning eight momentous decades of war, revolution, and social upheaval, Goethe's life reveals itself as one of conflict and dynamic development, of inner contradiction and unceasing creativity. As novelist, dramatist, and poet, Goethe produced epochal works of fiery romanticism, only later to dedicate himself to a classical ideal of purity and measure. His superb love lyrics immortalize a succession of ardent relationships; yet, in him too, was a strain of frigid egotism mingled with an Olympian detachment. The new introduction serves to place in perspective this outstanding work on the German master. He was capable of tirelessly exploring the external world as physiologist, geologist, and botanist. He was equally capable of plunging to the depths of profound subjective analysis. A minister of state, a model of distinguished probity, Goethe nonetheless lived a life of passionate seeking, eternally questioning official values. Nothing perhaps better sums up this vast complexity than his lifelong work, *Faust*, the supreme dramatization of man's quest on earth.

Mack Sennett's Fun Factory Brent E. Walker, 2010-01-13 This is a comprehensive career study and filmography of Mack Sennett, cofounder of Keystone Studios, home of the Keystone Kops and other vehicles that showcased his innovative slapstick comedy. The filmography covers the more than 1,000 films Sennett produced, directed, wrote or appeared in between 1908 and 1955, including casts, credits, synopses, production and release dates, locations, cross-references of remade stories and gags, footage excerpted in compilations, identification of prints existing in archives, and other information. The book, featuring 280 photographs, also contains biographies of several hundred performers and technical personnel connected with Sennett.

More Meditations Avi Sion, 2008-04-15 More Meditations is a sequel to the author's earlier work, Meditations. It proposes additional practical methods and theoretical insights relating to meditation and Buddhism. It also discusses certain often glossed over issues relating to Buddhism – notably, historicity, idolatry, messianism, importation to the West.

Ego of the Warrior Rob Sirstins, 2021-07-08 From rejection and utter self-hate to empowerment with self-love and unbelievable confidence. This is the story of a man's journey that almost killed him, to that of sharing his story with thousands around the world.

Freud's 'Outstanding' Colleague/Jung's 'Twin Brother' Gottfried M. Heuer, 2016-08-17 Otto Gross was the first analyst to link his work with radical politics, connecting inner, personal transformation with outer, collective change. Since his death in 1920 his work has been suppressed, despite his seminal influence on the developing analytic discipline and on the fields of sociology, philosophy and literature. Here Gottfried M. Heuer introduces Gross' life and ideas, using an innovative, historiographic methodology he terms trans-historical: a psychoanalytic, intersubjective, and trans-temporal approach to the past, aimed at 'healing wounded history' in the present. Heuer considers several previously unpublished sources to explore Gross's ideas and legacy as well as his unusually bohemian life. His use of the anarchist concept of mutuality to develop a relational and intersubjective approach in his own analytic theory and clinical practice was unique, and his work had a lasting, yet unacknowledged, influence on Freud, Jung (with whom he had the first recorded mutual analysis) and many other analysts. His ideas were appropriated by Max Weber, the founder of sociology, and by the philosopher Martin Buber, playing a pivotal role in what we now call 'modernity'. Heuer also explores Gross's paradigmatic father/son battle with his father Hans, who established the science of criminology, and touches upon Gross's links to the literary field of the early 20th century via Kafka, Werfel, et al., German expressionism and the Dada-movement, as well as the Anglo-American world through the work of D. H. Lawrence. This innovative, multi-faceted approach to Gross's work and its influence marks a turning point, putting him firmly on the map of the historiography of analysis as well as linking this field with the neighbouring disciplines of the history of law and criminology, literature, sociology and philosophy. In addition,

Gross continuing relevance for leading edge clinical and political ideas is addressed. This book will be essential reading for Jungian and Freudian analysts, psychotherapists and counsellors, academics and students of analysis, politics, history, criminology and sociology.
