The Sainly Politics of Catherine of Siena F. Thomas Luongo, 2018-07-05 Saint Catherine of Siena (1347-1380) has become a defining figure in the history of medieval religion and one of the main exemplars of the feminine turn in late medieval religious culture. Despite a hagiographical tradition and historiography that has placed Catherine at a mystic remove from the politics of her day, Catherine's public authority was shaped by politics, both locally in Siena and broadly within late-fourteenth-century contests between the papacy and the Republic of Florence for hegemony in central Italy. In *The Sainly Politics of Catherine of Siena*, F. Thomas Luongo combines literary-critical readings of Catherine's letters—she was the author of one of the largest collections of medieval letters—with political and social analysis. Drawing on a wide range of archival sources, Luongo investigates how Catherine's spiritual authority and sanctity were linked with contemporary political and cultural developments. He shows how the political situation of the church in Italy and a culture that privileged female spirituality and prophetic speech facilitated Catherine's emergence into a public role. The Catherine who emerges from Luongo's well-written pages is a splendid example of what can result when a historian asks fresh questions about a familiar figure's life and brings new materials and methods to bear in formulating answers. *The Sainly Politics of Catherine of Siena* offers a woman more complex and interesting than the figure portrayed in most contemporary scholarship.

Courageous World Changers Shirley Raye Redmond, 2020-01-07 WINNER OF CHRISTIANITY TODAY'S 2021 BOOK AWARD FOR CHILDREN & YOUTH Women of Fearless Faith Meet women who have used their God-given talents to live out their faith to the fullest. They come from a variety of backgrounds, eras, and ethnicities, but each one has answered the Lord's call on their life in bold and innovative ways. Children of all ages will be inspired by the stories of Corrie ten Boom—activist, author, and Holocaust survivor Laurie Hernandez—gymnast who won both gold and silver medals in her sport Florence Nightingale—health care reformer Madeline L'Engle—author of children's literature Katherine Johnson—trailblazing NASA mathematician These and the 45 other female spiritual role models featured in this book have made a profound impact on the world around them, and in many cases changed the course of history. Catherine of Siena Suzanne Noffke, 1996 Catherine of Siena was a driving force in both the mystical and political life of the Church, a remarkable achievement for a woman in the 14th century. This book offers perspectives on Catherine's vision of the Church--which is still clear six centuries later--from Suzanne Noffke, who has studied the life and writings of Catherine for nearly 20 years.

Touching God Ellyn Sanna, 2002 Touching God is a gentle invitation to an experience of God that is immediate and intimate. Drawing from both her own life and a range of sources, author Ellyn Sanna shows how the lived symbol is often more truly felt than the theology behind it. A profound awareness of this helps us counter a cold, abstract image of God and make all of life sacramental.

I Am Love Eric E. Puosi, 2007-12 In this work, which is both original and faithful to the Magisterium of the Catholic Church, the author develops a theological system that springs from an ontological-relational understanding of the Johannine passage. (Catholic)

Friendship Can Save the World Carrie Stephens, Morgan Stephens, 2023-09-26 God uses diverse friendships to fulfill his miraculous will in the world. In an increasingly polarized world, our collective ability to navigate friendships with people whose backgrounds, experiences, and views differ from our own has diminished. Along the way, valuing diversity has come to be seen by many Christians as a secular pursuit. However, we love and serve a diverse God (being three unique persons himself) who taught us to love those we tend to have a hard time loving: outsiders, enemies, foreigners, the poor, and the weak. In *Friendship Can Save the World*, Carrie and Morgan Stephens offer an invigorating retelling of Ruth, Boaz, and Naomi to help us love people unlike us. Weaving in real life stories from their multiethnic, multigenerational, and socioeconomically diverse church, they highlight the power of unique friendships in God's greater missional story. Readers will find inspiration to love and be loved more courageously as we all forge a path into a more redemptive future.

God without the Idea of Evil Jean-Miguel Garrigues, O.P., 2023-09-15 With rich theological language that will appeal to a broad audience, this beautifully written book offers a hopeful interpretation of the problem of evil that plagues our time. In *God without the Idea of Evil*, well-known French Catholic theologian Jean-Miguel Garrigues, O.P., seeks to rise above the apparent contradiction of faith and the existence of evil, suffering, and death. Originally published in France as *Dieu sans idée du mal* in 1982, a revised second edition came out in 1990, and in 2016 the book was released again with a foreword by Cardinal Christoph Schönborn, which serves as the basis for the present translation. At its heart, this book contemplates the mystery of our election by God, which is expressed in the very fact of our existence. Garrigues addresses compelling theological topics—the concept of moral evil, the “redemptive charity” of Christ, the “journey” of human liberty, and the process of “nature becoming history”—with precise, poetically charged language that remains accessible. Garrigues makes a passionate defense of the innocence of God in the face of moral evil. By enveloping us in his look, as Cardinal Schönborn writes in the foreword, “God encounters us in the very gift of being that he bestows upon us, and his eyes do not see our sin.” The book invites us to rediscover in the eyes of Jesus the eternal, continually renewed charm of the divine gaze. We are

illuminated and inspired by a vision of God who “does not see us through the evil in us,” but rather loves us from the infinite depths of his creative charity.

Hunger Sharman Apt Russell, 2008-08-01 Every day, we wake up hungry. Every day, we break our fast. Hunger explores the range of this primal experience. Sharman Apt Russell, the highly acclaimed author of *Anatomy of a Rose* and *An Obsession with Butterflies*, here takes us on a tour of hunger, from eighteen hours without food to thirty-six hours to seven days and beyond. What Russell finds—both in our bodies and in cultures around the world—is extraordinary. It is a biological process that transcends nature to shape the very fabric of societies. In a fascinating survey of centuries of thought on hunger's unique power, she discovers an ability to adapt to it that is nothing short of miraculous. From the fasting saints of the early Christian church to activists like Mahatma Gandhi, generations have used hunger to make spiritual and political statements. Russell highlights these remarkable cases where hunger can inspire and even heal, but she also addresses the devastating impact of starvation on cultures around the world today. Written with consummate skill, a compassionate heart, and stocked with facts, figures, and fascinating lore, *Hunger* is an inspiring window on history and the human spirit.
