Gang-Stalking and Mind-Control: The Destruction of Society Through Community Spying Networks A. K.

Forwood, 2011-02-24 A secret underground lurks throughout society, a sophisticated network of secret 'policing' units that are cropping up in every community. It is made up of people from all walks of life who are operating as a fascist secret police force against all freedom-loving citizens of the western world. They pretend to be serving a good cause, but they are creating terror in our neighborhoods and destroying lives, one person at a time. This secret network is not only used for targeting individuals with systematic harassment, but those within it are often involved in sexual exploitation, blackmail, satanism, and mind-control. Gang-Stalking and Mind-Control takes an inside look at the sinister side of this growing epidemic. Written by a target, for targets.

Gangstalking Liz B. Johnston, 2024-11-26 Gangstalking is a novel persecutory belief system. Victims believe they are harassed by a group of unknown stalkers, perhaps connected with the mafia, CIA or law enforcement. Victims describe themselves as targeted individuals (TIs). People who identify as TIs have perpetrated mass shooting incidents as revenge or to draw attention to the problem. Social media has allowed the concept to spread globally and there are millions of posts about gangstalking online. However there are only a handful of published academic research studies of gangstalking. This book summarizes current academic research about gangstalking, with a focus on the ethical dilemmas involved in researching this unique concept. Gangstalking research is necessarily intersectional, spanning the fields of criminology and law enforcement; counselling; psychology; and social media; but does not clearly fit into any one defined field. Understanding gangstalking involves exploring ethical issues and paradoxes, and can also lead to new theories illuminating the puzzle of paranoia. This is a genuinely unique book; the first academic book on gangstalking. It brings together researchers and experts from many different fields and perspectives.

Shapeshifting and Psychic Possession: Gangstalking Secrets Of The Master Builders Of Illusion Eliza M Parr, This incredible photographic full color 292 page book affirms the reality of shape shifting, sacred knowledge guarded and kept hidden by the hierarchs who have controlled the evolution of worldly illusion since the beginning of civilization. A shocking expose of the inter dimensional aspect of gang stalking/organized harassment and its connection to the Master Builders This sequel is the, pictorial companion to its predecessor: Gang stalking and Psychic Possession, Servants of The Master Builders of Illusion, which aimed to connect the seemingly opposing relationship between self realization and the existence of the world controlled by the Master Builders. Contains the only known genuine footage, in step by step frames, showing the act of human shape shifting-as it occurs. Genuine photographs of shape shifting entities, portals and UFO phenomena, taken covertly by the author, a targeted individual and victim of gang stalking, over three years How inter dimensional portals and other non worldly phenomena are camouflaged as ordinary 3D phenomena-in plain sight Explains how the gang stalking, sensitization and bizarre St Theater rituals are used to bring these entities through the veil Shows how the shape shifted human looking entities are formed-what directs and inhabits them What prevents us from seeing the shape shifting How the gang stalkers manage to bend the laws of space and time Imbibing blood, negative energy and human Chi PSI balls: negative electromagnetic energy beings, attached to you for control and surveillance Why the shape shifting gang stalkers don't think and act like individuals Contents Include How inter dimensional worlds really work conjoined with this one An inter dimensional symbiosis An introduction to gang stalking and St theater Where do they come from? Satana Central Scott Barry, 2018-08-22 This is a collection of my blog full of a bunch of random garbage posts of nonsense about random political and other stuff. Also a decent self-help book.

Ghosted! Brian Laythe,,James Houran,Neil Dagnall,2022-07-19 Reports of paranormal experiences vary tremendously, but are often associated with ghosts, haunted houses, and otherwise eerie circumstances. There exist both classic and modern texts on ghosts and haunted or possessed people, places and spaces; many discuss traditional ideas regarding such phenomena or utilize now-outdated research in highly academic and technical ways. This book offers a very different approach in reviews provided by a leading-edge research program devoted to who has ghostly experiences and why. With new insights both global in scale and multidisciplinary in scope, this collaboration by five researchers uncovers consistent evidence that anomalous experiences represent a very real Haunted People Syndrome--a term describing anomalous experiences that manifest recurrently to the same percipients and are interpreted as ghostly--with implications for future research across academia. The participation of new citizen scientists (the field investigators and researchers among us) is invited in furthering the exploration of paranormal mysteries. Photos and figures illustrating concepts and models are included, as is a glossary.

Hideout In the Apocalypse John Stapleton,2016-11-10 Hideout in the Apocalypse is about surveillance and the crushing of Australia's larrikin culture. In the last three years the Australian government has prosecuted the greatest assault on freedom of speech in the nation's history. The government knew from international research that when it introduced the panopticon, universal surveillance, into Australia it would have a devastating impact on the culture. When people know they are being watched, they behave differently. Dissent is stifled, conformity becomes the norm. This is the so-called chilling effect. Hideout in the Apocalypse, in the great tradition of The Lucky Country, takes Australia's temperature half a century on from Donald Horne's classic cautionary tale. Now the future has arrived. Forced by a plethora of new laws targeting journalists to use novelistic techniques, in his latest book veteran news reporter John Stapleton confirms the old adage, truth is stranger than fiction. Hideout in the Apocalypse takes up the adventures of retired news reporter Old Alex, first encountered in the book's predecessor Terror in Australia: Workers' Paradise Lost. But as befits the times, this book is more fantastical, intimate and politically acerbic in its portrait of his beloved country. Alex believes he has been under abusive levels of government surveillance since writing a book called Terror in Australia, and as a natural empath can hear the thoughts of the surveillance teams on his track, the so-called Watchers on the Watch. Alex also believes he is a cluster soul sent with others of his kind to help save the Earth from an impending apocalypse, and has the capacity to channel some of history's greatest writers. Australia might have the worst anti-freedom of speech laws in the Western world, but how can you sue a character like that? Stapleton's essential theme: a place which should have been safe from an impending apocalypse, the quagmire of religious wars enveloping the Middle East, is not safe at all. Ideas are contagious, and the Australian government is afraid of them. Australia is a democracy in name only. The war on terror has become a war on the people's right to know, justifying a massive expansion of state power. Alex's swirling head, lifelong fascination with sociology, literature and journalism, and his

deep distress over the fate of the Great Southern Land, makes him the perfect character to tell a story which urgently needs to be told.

The See-Through Veil Jennifer Wilde,2022-01-26 This story is a written account, and personal testimony, of the last 10 years of my life. I have chosen to write, and to share it with others. As to anyone else, who may be experiencers of what many are calling, narcissistic abuse, black magic, and mind-control rituals, and manipulation. It is a personal testament of God's revealing his presence, in my life. The discovery of "angel numbers", signs, symbols, apparitions, angels, dream premonitions, my journey through spiritual realization (as to reality, and who I am, as a person).

How to deal with a stalker Michael Wenkart,2014-06-04 Stalking is an increasingly prevalent and disturbing problem in today's society, made worse and more frightening by the internet and the increasing amount of legal and illegal surveillance that is happening. Cyberstalking has become such a problem that it has had to be enshrined in law as a distinct crime. It is, therefore, important that potential innocent victims are able to spot the signs that they are being, or about to be, stalked, what to do to prevent and dissuade the stalker and what rights and resort they have against the perpetrators. This compilation covers all this as well as looking at self-defence as a means of protection - and its legal implications and the increasingly relevant issue of surveillance and 'gang stalking.' You have the right to protection- and informing yourself is the first step in this process.

Watching You Lisa Jewell,2025-07-29 Melville Heights is one of the nicest neighborhoods in Bristol, England. It's the sort of place where doctors and lawyers and old-money academics live. It's not the sort of place where people get stabbed in the back thirty times with a kitchen knife in their own homes. Someone must have seen something--

Targeted: "If I Die, This Program Killed Me!" (Mind Control Technology Book Series) Book 7 of 7 Renee Pittman,2024-02-16 Book VII in the Mind Control Technology Book Series Pure, undeniable, sinister personalities today are at the helm of brilliant, advanced psychophysical technologies, who are inhumanely destroying lives of men, women, and children. They are devoid of compassion believing it cannot be proven and this mentality officially sanctioned. Neuroweapons, Nanotechnologies, the Brain Computer Interface (BCI), Artificial Intelligence (AI), join the ongoing scientific goal of Transhumanism and are all the foundation of ongoing human experimentation generation to generation. Testing has exploded progressing humanity towards what many consider Digital Slavery. Pittman is left no choice but to continue exposing this program while targeted by beamed assaults and high-tech terrorism, in the mist of death threats to Pittman and her family, combined with relentless efforts to tarnish her reputation. The fact is covert campaigns to publicly discredit activists and destroy credibility and interpersonal relationships are still a common tactic used by COINTELPRO agents. Make no mistake about it, this morbid secret, high-tech behavioral modification, ongoing mind control experimentation program will kill to preserve the reality of what is monstrously happening today, and when looking at the full picture, can you blame

them?

Who Am I? Tony, 2013-06-14 This book was written during some of the most intense, compounding, and suffering moments that I experienced. What is meant literally to be head pounding and raging emotional cycles of extreme bliss to chaos and back. This book is a creation through me of that nature and the strength for which is preserved within it. It is a story of survival, knowledge, and wisdom. An expression of the catacomb of life force that is also the representation of us all, not as a tomb, but as a vault of knowledge, experiences, and wisdom built on the ages of human existence from the beginning to the end. I want you all to know that in the end, I found gratitude for the experience even though the vortex was the most horrifying place to go. Many have suffered its fate to a dismal ending of suicide, yet I am a survivor, one who has converted its negative energies to the positive force. This force that is passed from one to another, looking to focus in, had found itself challenged by my own wit, desires, and struggles to find the truth. The knowledge of its existence and the beholder of its cycle should be known by all of us so that it can be nourished for the good of humanity, not the control of them. The Satanist views of the days past have been inverted for the enlightenment has taken hold and will endure for the future existence of humanity. My experience was like the Manchurian candidate 7 billion fold. God bless him who has the strength to withstand this vortex in the next cycle. God bless you all.

Day Thief - A Guide to Seeing the Elite and the Coming Years Dante Phoenix, 2023-05-09 The War on Terror, widespread government corruption, the systematic erosion of our liberties, economic collapse...these are just a few of the signs of the times we are living in. Told through the true story of his own persecution at the hands of illegal government programs, Dante Phoenix shows how each person is part of a gathering storm that will culminate in a final consolidation of world power, by the Elite. Those within government and corporations who consider themselves above the average citizen. A final consolidation of world power in the near future, IF ordinary citizens do nothing to change things for the better. Dante Phoenix points out what is wrong and offers a positive message and solution for how to change things for the better. Not simply a book of doom and gloom but a message of Self-Empowerment for the individual, and masses. A message of UNITY and positive energy. As a result of knowing about two cover-ups, persecuted by government agents involved in government programs known as COINTELPRO and Gang Stalking, Dante Phoenix puts his observations of government agent tactics to good use, showing us how the world around us differs underneath the surface. Like a detective with insider knowledge, Dante Phoenix puts pieces of many different puzzles together to show us a bigger picture that is being woven by these Elite. A few of the pieces of the puzzle that Dante fits together include Terrorism as the new Red Scare, and how it is used for the same purposes. The planned collapse of the U.S and world economy. The Elite's fears and plans to shut down the Internet and to completely change it, because it has brought unity of the people around the world. Grey Laws, laws written with deliberate double meaning for misuse: laws, Acts, and programs which are about targeting the people. China's switch to

democracy to win the world over, while all other countries switch to Chinese Democracy and throw out freedom. The Elite's plans to install an antichrist/dajjal figure by misusing knowledge of a long-prophesized event- THE RAPTURE, and by misusing hidden-unknown of technology for staging fake world miracles. An insider with an insider's knowledge, a man who sees not just the movie, but who like a producer or director, sees how the movie is made. The result of almost twenty years of being within an illegal government program. The specific result of learning from observation and experience, the actions, psychology, and mindset of a corrupt and dangerous psychopath and agent, known as The Clown.

A "Perfect" Crime Carl H. Sneider, 2015-04-25 This book is not a crime fiction novel. This is a firsthand report and a true report on how governments or large organisations have succeeded in planning and executing the commission of a perfect crime in Australia. It reports on organised, aggravated group stalking attacks being carried out by groups or gangs of persons acting covertly under the cover of darkness with use of advanced electronic devices without cause or regard for basic human rights. Evidence in detail is provided in Appendices to the book taken from firsthand observations or from transcriptions of contemporaneous handwritten notes set down daily in six years of personal diaries. Due to the perpetrators clever use of highly skilled individually contracted surveillance role players in squads of differing and rotating stalker offenders and their training and use of advanced stand-off electronic scanning, listening, sound projection equipment it has proven nearly impossible for the victim or law enforcement authorities to gather enough credible reliable and sufficient evidence to support the swearing out of an official criminal complaint before the court. Therefore, we have the perfect, practically unsolvable crime.

International Handbook of Threat Assessment J. Reid Meloy, Jens Hoffmann, 2021 This introductory chapter sets forth three foundations for threat assessment and management: the first foundation is the defining of basic concepts, such as threat assessment and threat management; the second foundation outlines the similarities and differences between threat assessment and violence risk assessment; the third foundation is a detailed overview of the research findings, theoretical avenues, measurement instruments, and developments in practice over the past quarter century. The goal of our chapter is to introduce the professional reader to the young scientific field of threat assessment and management, and to clarify and guide the seasoned professional toward greater excellence in his or her work--

Random Violence Joel Best, 1999-03-02 A major contribution to the literature on social problems, crime, and social deviance, and a fine example of what is currently the best-established theoretical approach to this material. It is laudably interdisciplinary, draws admirably from 'high' and 'low' culture, and over all asks some very challenging questions.—Philip Jenkins, Pennsylvania State University *Random Violence* extends the growing scholarly literature on the social construction of social problems by showing us how currently trendy folk knowledge obscures the most perplexing problems in American society and how it serves to foster a climate of social distrust.—Donileen Loeske, University of South Florida

Musings: Socio-Political and Spiritual Thoughts of a Targeted Individual Fredricka Gaines, 2021-05-30 This book is the chronicle of the life of a targeted individual. It lays out the growth and struggles of a disenfranchised American family during the era of the second great migration. It provides insight into the experiences that shaped the author's psyche as she pursued, what seemed to be at times, the elusive American dream. It documents the withering of that American dream which is gradually replaced by a living nightmare. The author shares a step-by-step outline of the terrifying events that left her paralyzed with fear. Through her sometimes wavering faith, she manages to summon enough spiritual strength to survive the initial mental, emotional and physical onslaught. Only after recognizing a meaningful purpose for her life did she experience a "resurrection" of life. She writes of finding a true purpose in life and of hope for stemming the tide of moral decline in America.

Escaping the Rabbit Hole West Mick, 2018-09-18 The Earth is flat, the World Trade Center collapse was a controlled demolition, planes are spraying poison to control the weather, and actors faked the Sandy Hook massacre.... All these claims are bunk: falsehoods, mistakes, and in some cases, outright lies. But many people passionately believe one or more of these conspiracy theories. They consume countless books and videos, join like-minded online communities, try to convert those around them, and even, on occasion, alienate their own friends and family. Why is this, and how can you help people, especially those closest to you, break free from the downward spiral of conspiracy thinking? In *Escaping the Rabbit Hole*, author Mick West shares over a decade's worth of knowledge and experience investigating and debunking false conspiracy theories through his forum, MetaBunk.org, and sets forth a practical guide to helping friends and loved ones recognize these theories for what they really are. Perhaps counter-intuitively, the most successful approaches to helping individuals escape a rabbit hole aren't comprised of simply explaining why they are wrong; rather, West's tried-and-tested approach emphasizes clear communication based on mutual respect, honesty, openness, and patience. West puts his debunking techniques and best practices to the test with four of the most popular false conspiracy theories today (Chemtrails, 9/11 Controlled Demolition, False Flags, and Flat Earth) — providing road maps to help you to understand your friend and help them escape the rabbit hole. These are accompanied by real-life case studies of individuals who, with help, were able to break free from

conspiracism. With sections on: the wide spectrum of conspiracy theories avoiding the “shill” label psychological factors and other complications (and concluding with) a look at the future of debunking Mick West has put forth a conclusive, well-researched, practical reference on why people fall down the conspiracy theory rabbit hole and how you can help them escape.
