

Tatiana Tavares Brockton Ma

Terza A. Silva Lima-Neves

Cabo Verdeans in the United States Terza A. Silva Lima-Neves, 2024-05-15 In the last thirty years, there has been a shift in the Cabo Verdean community in the ways it perceives itself ethnically and racially, in the creation of opportunities for socio-economic mobility, and in the pursuit of new migratory patterns within the United States to take advantage of these opportunities. Existing scholarship on the historical and contemporary experiences of Cabo Verdeans in the US has been hyper-focused on racial and ethnic identities, neglecting the space for Cabo Verdeans to share their stories, which makes this collection unique. *Cabo Verdeans in the United States: Twenty-First Century Critical Perspectives* edited by Terza A. Silva Lima-Neves centers Cabo Verdean stories as told by Cabo Verdeans to explore community building and challenges in the twenty-first century. The contributors examine questions of solidarity, loss of innocence, and what it means to live authentically and exist intentionally in safe spaces. They offer critical reflections on traditional cultural gender norms, and they discuss the intersections of cultural stigmas, mental and physical health, and access to care. Using interviews and personal experiences, the contributors challenge existing Cabo Verdean scholars to see the value in documenting their experiences and contributions in the United States.
