Return to Allah before it's too late Junaid Ul Islam, About the book:- The book, *Return to Allah before it's too late* is a motivational stories based book for the youth. A book which is dedicated towards a cause ie., towards the enlightenment of the youth. As far as the present society is concerned, people especially the youth are more and more attracted towards this materialistic world, without realising or knowingly or unknowingly forgetting the fact that this world is temporary- A bridge between us and the final abode which is Akhirah (The Hereafter). Westernisation and Modernization are enormously catching up the brains of youth and therefore, this book emerges as a 'Ray of Hope' and a 'Ray of Light' to enlighten the minds of our people especially the youth and to make them realise the short comings of this world and to give them a message towards goodness, towards The Divine: The Majesty Allah and towards the betterment of this world too. The book explores the limitations of this world and reflects upon how we can raise ourselves beyond our desires by our very own actions. The book will take you on a ride to Rumi's World and Iqbal's Poetry who followed Rumi and won't fail in bringing one to tears whilst the stories it mentions along with the most beautiful and breaking conversation of the heart and the man of the heart. The book leaves almost nothing untouched from Deen (Religion) to Duniyah (World) to make one fall in love with

The Creator of this world. A great gift with pearls of wisdom from the young writer Junaid Ul Islam.

A Literary History of Medicine Emilie Savage-Smith, Simon Swain, Geert Jan van Gelder, 2024-03-25 A Literary History of Medicine by the Syrian physician Ibn Abī Uṣaybi‘ah (d. 1270) is the earliest comprehensive history of medicine. It contains biographies of over 432 physicians, ranging from the ancient Greeks to the author’s contemporaries, describing their training and practice, often as court physicians, and listing their medical works; all this interlaced with poems and anecdotes. These volumes present the first complete and annotated translation along with a new edition of the Arabic text showing the stages in which the author composed the work. Introductory essays provide important background. The reader will find on these pages an Islamic society that worked closely with Christians and Jews, deeply committed to advancing knowledge and applying it to health and wellbeing.

Interpretation of the Thirtieth Part of the Holy Qur'an Mohammad Amin Sheikho, 2012-05-01 In Am'ma Part there is a reference to sensible and material cosmic miracles to be deeply contemplated with clear thinking so that they may become passages that lead those who seek to recognize the Grand God to get a link with their Provider. If they continue this contemplation until they perceive the greatness of these miracles they will be able to perceive the Majesty of He who perfectly created them; and then their spirit, having submitted before the making and magnified it, will turn to submit and magnify the Maker. At this point they will move from witnessing by physical eye to witnessing by heart and spirit and thus His Light (glory to Him) will flow into the spirits of those who aspire to see Him, allowing them to realize His Magnificence. This is a spiritual witnessing before which a spirit bows and to which it returns in every bowing of every prayer, and in this way our prayer to God and our communication with Him become real not only formal ones.

Community Translation Erika Gonzalez, Katarzyna Stachowiak-Szymczak, Despina Amanatidou, 2023-02-03 Community translation or public service translation is on a global scale often unregulated and dependent on individual awareness, good will and even charity work. The social impact and mission of community translation, the key role of the translator’s psychosociocultural awareness and its role depending on local and global changes in human migration and linguistic diversity make community translation a constantly evolving and yet under-investigated activity and profession. This book covers key practical and theoretical approaches towards community translation, providing insights into the current state of the field and the latest research, trends, guidelines, initiatives and gaps. Combining knowledge in the areas of translator ethics, pedagogy, legal, and social and health-related settings, this volume covers community translation in a wide range of countries and regions. Community Translation: Research and Practice is an essential guide both for those studying and working in this area worldwide. This volume is a springboard for further studies and research in this emerging field. Reading for Justice Ashley S. Boyd,Janine J. Darragh,2023-03-27 This book illustrates how middle level English language arts teachers can draw upon young adult literature to facilitate students' understanding of issues of oppression and allow them opportunities for social action. Each chapter centers on one novel that represents a contemporary topic including the refugee crisis, Indigenous rights, trauma, and bullying. In each, authors provide pre-, during-, and after reading strategies for teaching that connect the social issues in the texts to students' lives and to the world around them. Research, writing, and digital literacies are emphasized throughout. Authors also include topics for teaching at the intersections of the focal topic with other areas of social justice. Finally, they provide a multitude of avenues for student action, emphasizing the need to move readers from understanding and awareness to asserting their own agency and capacities to effect change in their local, national, and global communities. Additional resources are also included as extensions, such as documentaries, young adult literature companions for study, connected music, and supplementary lesson plans.
