Hammer Complete Howard Maxford,2019-11-08 Think you know everything there is to know about Hammer Films, the fabled Studio that Dripped Blood? The lowdown on all the imperishable classics of horror, like *The Curse of Frankenstein*, *Horror of Dracula* and *The Devil Rides Out*? What about the company's less blood-curdling back catalog? This lavishly illustrated encyclopedia covers every Hammer film and television production in thorough detail, including budgets, shooting schedules, publicity and more, along with all the actors, supporting players, writers, directors, producers, composers and technicians. Packed with quotes, behind-the-scenes anecdotes, credit lists and production specifics, this all-inclusive reference work is the last word on this cherished cinematic institution.

Charles Dickens Donald Hawes,2007-03-13 Charles Dickens is without doubt a literary giant. The most widely read author of his own generation, his works remain incredibly popular and important today. Often seen as the quintessential Victorian novelist, his texts convey perhaps better than any others the drive for wealth and progress and the social contrasts that characterised the Victorian era. His works are widely studied throughout the world both as literary masterpieces and as classic examples of the nineteenth century novel. Combining a biographical approach with close reading of the novels, Donald Hawes offers an illuminating portrait of Dickens as a writer and insight into his life and times. This book will provide a short, lively but sophisticated introduction to Dickens's work and the personal and social context in which it was written.

State of play Robin Nelson,2013-07-19 Robin Nelson's *State of play* up-dates and develops the arguments of his influential TV Drama In Transition (1997). It is equally distinctive in setting analysis of the aesthetics and compositional principles of texts within a broad conceptual framework (technologies, institutions, economics, cultural trends). Tracing the great value shift from conduit to content (Todoreas, 1999), Nelson is relatively optimistic about the future quality of TV Drama in a global market-place. But, characteristically taking up questions of worth where others have avoided them, Nelson recognizes that certain types of quality are privileged for viewers able to pay, possibly at the expense of viewer preference worldwide for local resonances in television. The mix of arts and cultural studies methodologies makes for an unusual and insightful approach.

Melodrama in Contemporary Film and Television M. Stewart,2014-07-03 *Melodrama in Contemporary Film and*

Television debates the ways in which melodrama expresses and gives meaning to: trauma and pathos; memory and historical re-visioning; home and borders; gendered and queer relations; the family and psychic identities; the national and emerging public cultures; and morality and ethics.

Encyclopedia of Television Film Directors Jerry Roberts, 2009-06-05 From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium.

Victorians on Screen Iris Kleinecke-Bates, 2014-12-09 *Victorians on Screen* investigates the representation of the Victorian age on British television from the mid-1990s to the mid-2000s. Structured around key areas of enquiry specific to British television, it avoids a narrow focus on genre by instead taking a thematic approach and exploring notions of authenticity, realism and identity.

Adaptation in Contemporary Culture Rachel Carroll, 2009-09-30 *Adaptation in Contemporary Culture: Textual Infidelities* seeks to reconfigure the ways in which adaptation is conceptualised by considering adaptation within an extended range of generic, critical and theoretical contexts. This collection explores literary, film, television and other visual texts both as 'origins' and 'adaptations' and offers new insights into the construction of genres, canons and 'classics'. Chapters investigate both 'classic' and contemporary texts by British and American authors, from Jane Austen, Edgar Allen Poe and Charles Dickens to Bret Easton Ellis, P.D James and Sarah Waters. A diverse range of literary, film and television genres is examined, from romance to science fiction, the Western to the 'women's picture' and the heritage film to postmodern pastiche. With a thematic focus on key critical paradigms for adaptation studies - fidelity, intertextuality, historicity and authorship - this collection expands the field of adaptation studies beyond its conventional focus on 'page to screen' adaptations to include film remakes, video games, biopics, fan fiction and celebrity culture.

Upstairs and Downstairs James Leggott, Julie Anne Taddeo, 2014-12-11 The international success of *Downton Abbey* has led to a revived interest in period dramas, with older programs like *The Forsyte Saga* being rediscovered by a new generation of fans whose tastes also include grittier fare like *Ripper Street*. Though often criticized as a form of escapist,

conservative nostalgia, these shows can also provide a lens to examine the class and gender politics of both the past and present. In *Upstairs and Downstairs: British Costume Drama Television from The Forsyte Saga to Downton Abbey*, James Leggott and Julie Anne Taddeo provide a collection of essays that analyze key developments in the history of period dramas from the late 1960s to the present day. Contributors explore such issues as how the genre fulfills and disrupts notions of “quality television,” the process of adaptation, the relationship between UK and U.S. television, and the connection between the period drama and wider developments in TV and popular culture. Additional essays examine how fans shape the content and reception of these dramas and how the genre has articulated or generated debates about gender, sexuality, and class. In addition to *Downton Abbey* and *Upstairs, Downstairs*, other programs discussed in this collection include *Call the Midwife*, *Danger UXB*, *Mr. Selfridge*, *Parade’s End*, *Piece of Cake*, and *Poldark*. Tracing the lineage of costume drama from landmark productions of the late 1960s and 1970s to some of the most talked-about productions of recent years, *Upstairs and Downstairs* will be of value to students, teachers, and researchers in the areas of film, television, Victorian studies, literature, gender studies, and British history and culture.

Edinburgh Companion to Charles Dickens and the Arts Claire Wood, Juliet John, 2024-05-31 The *Edinburgh Companion to Charles Dickens and the Arts* explores Dickens's rich and complex relationships with a myriad of art forms and the far-reaching resonance of his works across the arts overall. This volume reassesses Dickens's prescient philosophy of art, both through a historical and a present-day lens and in the context of debates about the cultural value of the arts. Across thirty-three original essays, it outlines the ways in which Dickens broke down oppositions between high and low art, money and the aesthetic, the extraordinary and the ordinary, and art for its own sake and the social good. In doing so, it considers how Dickens prefigured the arts of the future, including rap music, television, fanfiction and global cinema.

Dickens Adapted John Glavin, 2017-03-02 From their first appearance in print, Dickens's fictions immediately migrated into other media, and particularly, in his own time, to the stage. Since then Dickens has continuously, apparently inexhaustibly, functioned as the wellspring for a robust mini-industry, sourcing plays, films, television specials and series, operas, new novels and even miniature and model villages. If in his lifetime he was justly called 'The Inimitable', since his death he has become just the reverse: the Infinitely Imitable. The essays in this volume, all appearing within the past twenty years, cover the full spectrum of genres. Their major shared claim to attention is their break from earlier mimetic criteria - does the film follow the novel? - to take the new works seriously within their own generic and historical contexts. Collectively, they reveal an entirely 'other' Dickensian oeuvre, which ironically has perhaps made Dickens better known to an audience of non-readers than to those who know the books themselves.

Hannibal Lecter’s Forms, Formulations, and Transformations Jessica Balanzategui, Naja Later, 2020-12-17 This book examines how the iconic character Hannibal Lecter has been revised and redeveloped across different screen media texts.

Hannibal The Cannibal Lecter has become one of Western culture's most influential and enduring models of monstrosity since his emergence in 1981 in *Red Dragon*, Thomas Harris' first Lecter book. Lecter is now at the centre of an extensive cross-mediated mythology, the most recent incarnation of which is Bryan Fuller's television program, *Hannibal* (NBC, 2013-2015). This acclaimed series is the focus of *Hannibal Lecter's Forms, Formulations, and Transformations*, which examines how Fuller's program harnesses the iconic character to experiment with traditional boundaries of genre, medium, taste, and narrative form. Featuring chapters from established and emerging screen and popular culture scholars from around the world, the book outlines how the show operates as a striking experiment with televisual form and formula. The book also explores how this experimentation is embodied by the boundary-defying character, the savage cannibalistic serial killer, practicing psychiatrist, and cultured art enthusiast, Hannibal Lecter. The chapters in this book were originally published as a special issue of the journal, *Quarterly Review of Film and Video*.

Queer Dickens Holly Furneaux, 2009-12-10 This book offers a radically new reading of Dickens. It argues that, rather than representing a largely conventional, conservative view of sexuality and gender, his corpus is distinctly queer, displaying a fascination with the diversity of gender roles, the expandability of notions of the family, and the multiplicity of sexual desire.

Adapting Television Drama Christopher Hogg, 2022-01-01 This book explores adaptation in its various forms in contemporary television drama. It considers the mechanics of adaptation as an ever-more prevalent form of production, most notably in the reworking of literary sources for television. It also explores the broader process through which the television industry as a whole is currently making necessary adaptations in how it tells stories, especially in relation to important concerns of equality, diversity and inclusion. Offering and analysing 16 original interviews with leading British television producers, writers, directors, production designers, casting directors and actors, and with a particular focus on female and/or minority-ethnic industry perspectives, the book examines some of the key professional and creative approaches behind television adaptations today. The book connects these industry insights to the existing conceptual and critical frameworks of television studies and adaptation studies, illuminating the unique characteristics of television adaptation as a material mode of production, and revealing television itself as an inherently adaptive artform.

British Television Drama Lez Cooke, 2015-04-09 This widely-respected history of British television drama is an indispensable guide to the significant developments in the area; from its beginnings on the BBC in the 1930s and 40s to its position in the twenty-first century, as television enters a multichannel digital era. Embracing the complete spectrum of television drama, Lez Cooke places programmes in their social, political and industrial contexts, and surveys the key dramas, writers, producers and directors. Thoroughly revised and updated, this second edition includes new images and case studies, new material on British television drama before 1936, an expanded bibliography and a substantial new chapter that explores the renaissance in the quality, variety and social ambition of television drama in Britain since 2002. Comprehensive and

accessible, this book will be of value to anyone interested in the rich history of British television and modern drama.

Adapting Television and Literature Blythe Worthy, Paul Sheehan, 2024-04-24 Adapting Television and Literature is an incisive collection of essays that explores the growing sub-category of television adaptations of literature and poetics. Each chapter questions inflexible notions of film / literature and adaptation / intertext, focusing judiciously on emergent or overlooked media and literary forms. These lines of enquiry embrace texts both within and beyond 'adaptation proper', to reveal the complex relationships between literary works, television adaptations, and related dialogues of textual interconnectivity. Adapting Television and Literature proposes, in particular, a 're-seeing' of four genres pivotal to television and its history: caustic comedy, which claims for itself more freedoms than other forms of scripted television; auteurist outlaw drama, an offbeat, niche genre that aligns a fixation on lawbreakers with issues of creative control; young adult reinventions that vitalise this popular, yet under-examined area of television studies; and transcultural exchanges, which highlight adaptations beyond the white, Anglo-American programming that dominates 'peak TV'. Through these genres, Adapting Television and Literature examines the creative resources of adaptation, plotting future paths for enquiries into television, literature and transmedial storytelling.
