The Origins of Tolkien's Middle-earth For Dummies Greg Harvey, 2011-04-27 J.R.R. Tolkien's novels of Middle-earth - The Hobbit, The Lord of the Rings trilogy, and The Silmarillion - have become some of the most famous, and most beloved, literary works of the twentieth century. And the Lord of the Rings films by director Peter Jackson have re-ignited interest in Tolkien and his works, as well as introduced his stories to a new generation of fans. Even if you've never read the novels and have only seen the films, you know that the world of Middle-earth is a complicated one. Tolkien took great care in representing this world, from creating new languages to including very particular cultural details that add to the richness of the world's fabric. Many other books have been written about Tolkien and his works, but none have come close to providing the kind of reference needed to comprehend the world of Middle-earth. That's what veteran Dummies author and unabashed Tolkien fan Greg Harvey attempts to do in The Origins of Tolkien's Middle-earth For Dummies. As the author says in his introduction to the book, this is not an encyclopedia or quick guide to all the diverse beings, languages, and history that make up Tolkien's Middle-earth. Nor is it a set of plot outlines for the novels. Rather, what you'll find in The Origins of Tolkien's Middle-earth For Dummies is a basic guide to some of the possible linguistic and mythological origins of Middle-earth, plus a rudimentary analysis of its many themes and lessons for our world. This book can help enrich your reading (or re-reading) of Tolkien's novels, and it will challenge you to think about the themes inherent in Tolkien's Middle-earth and

their implications in your own life. Here's just a sampling of the topics you'll find covered in *The Origins of Tolkien's Middle-earth For Dummies*: Exploring the main themes in Tolkien's works, including immortality and death; the heroic quest; love; fate and free will; and faith and redemption Investigating the diverse lands of Middle-earth – including the Shire, Gondor, and Mordor – and their significance Examining the different cultures of Middle-earth, such as Hobbits, Elves, Men, and those wily Wizards Touring the history of Middle-earth Understanding Tolkien's creation of new languages to enrich the story of Middle-earth Top Ten lists on the battles in the War of the Ring, online resources, and the ways the films differ from the novels So, whether you're reading Tolkien's novels or watching the films for the first time, or you've been a fan for many years and are looking for a new take on Tolkien's works, *The Origins of Tolkien's Middle-earth For Dummies* can help you enhance your reading or viewing experience for years to come.

Son of the Poison Rose Jonathan Maberry, 2023-01-10 *Son of the Poison Rose* marks the second installment of New York Times bestselling author Jonathan Maberry's epic, swashbuckling Kagen the Damned series. The Silver Empire is in ruins. War is in the wind. Kagen and his allies are on the run from the Witch-king. Wild magic is running rampant everywhere. Spies and secret cabals plot from the shadows of golden thrones. Kagen Vale is the most wanted man in the world, with a death sentence on his head and a reward for him—dead or alive—that would tempt a saint. The Witch-king has new allies who bring a terrible weapon—a cursed disease that drives people into a murderous rage. If the disease is allowed to spread, the whole of the West will tear itself apart. In order to build an army of resistance fighters and unearth magical weapons of his own, Kagen and his friends have to survive attacks and storms at sea, brave the haunted wastelands of the snowy north, fight their way across the deadly Cathedral Mountains, and rediscover a lost city filled with cannibal warriors, old ghosts, and monsters from other worlds. Along with his reckless adventurer brothers, Kagen races against time to save more than the old empire... if he fails the world will be drenched in a tsunami of bloodshed and horror. *Son of the Poison Rose* weaves politics and espionage, sorcery and swordplay, treachery and heroism as the damned outcast Kagen fights against the forces of ultimate darkness.

The Dragon in Winter Jonathan Maberry,2024-08-20 The Dragon in Winter brings New York Times bestselling author Jonathan Maberry's epic Kagen the Damned Trilogy to a wild conclusion! War is coming! War is here! The Witch-king of Hakkia, aided by terrifying dark forces, sits uneasy on his stolen throne. His enemies, led by Kagen the Damned and the Bloody Bastards have found the secrets of ancient magic they hope will defeat him. Strange forces gather on both sides - vast armies of both the living and the dead, devious trickster spirits, strange gods, warrior ghosts, undying vampires, blood plagues that drive people to murderous rage, immortal faeries, and Earth's last dragon. Kagen knows that he faces the impossible task of toppling a usurper whose dark magic conquered an empire in a single night. But the Damned fear nothing and there are no limits to what Kagen will do to destroy the Witch-king. With his allies he will tear apart the veils that separate our world from the infinite realms of supernatural magic. The Witch-king will not go down with a fight, and he is willing to drown the western lands in innocent blood to retain his stolen crown. Even if he rules over an empire of dust and blood. His power is growing and soon he will be unstoppable. But they are not the only forces at work in the world. Magic of all kinds is awakening and who can tell which side they will pick...or if they will pose a new and terrible threat to all! In the frozen North, the last dragon -tortured, captive, dying— cries out in despair. In the inky vastness of the outer dark that cry is heard! And something of incalculable power is coming in answer.

Bookworm Christopher G. Nuttall,2013-10-18 Elaine is an orphan girl who has grown up in a world where magical ability brings power. Her limited talent was enough to ensure a magical training but she's very inexperienced and was lucky to get a position working in the Great Library. Now, the Grand Sorcerer - the most powerful magician of them all - is dying, although initially that makes little difference to Elaine; she certainly doesn't have the power to compete for higher status in the Golden City. But all that changes when she triggers a magical trap and ends up with all the knowledge from the Great Library - including forbidden magic that no one is supposed to know - stuffed inside her head. This unwanted gift doesn't give her greater power, but it does give her a better understanding of magic, allowing her to accomplish far more than ever before. It's also terribly dangerous. If the senior wizards find out what has happened to her, they will almost certainly have

her killed. The knowledge locked away in the Great Library was meant to remain permanently sealed and letting it out could mean a repeat of the catastrophic Necromantic Wars of five hundred years earlier. Elaine is forced to struggle with the terrors and temptations represented by her newfound knowledge, all the while trying to stay out of sight of those she fears, embodied by the sinister Inquisitor Dread. But a darkly powerful figure has been drawing up a plan to take the power of the Grand Sorcerer for himself; and Elaine, unknowingly, is vital to his scheme. Unless she can unlock the mysteries behind her new knowledge, divine the unfolding plan, and discover the truth about her own origins, there is no hope for those she loves, the Golden City or her entire world.

Bookworm II Christopher G. Nuttall, 2014-01-03 Not every ugly duckling becomes a swan... In the wake of the disastrous attack on the Golden City, Lady Light Spinner has become Grand Sorceress and Elaine, the Bookworm, has been settling into her positions as Head Librarian and Privy Councillor. But any hope of vanishing into her books is negated when a new magician of staggering power appears in the city, one whose abilities seem to defy the known laws of magic. Johan is a Powerless, a person born to a magical family yet lacking powers of his own. His dreams of a better life are curbed by his family, who see him as a cripple at best and a burden at worst. But when a political protest goes horrifically wrong, Johan discovers that his true powers have merely been buried, waiting for their chance to explode into the world. As he comes to grips with his newfound talents, he discovers that he finally has a chance to realise his ambitions ... But for the Golden City, reeling after the devastation of six months earlier, he may be the greatest threat the city has ever seen. Elaine must unlock the mystery behind his powers before the political factions can kill him ... or use him to unleash a nightmare. Returning to well-loved characters from Christopher G. Nuttall's bestselling Bookworm and introducing new ones, Bookworm II: The Very Ugly Duckling explores power – and the effect it has on the human mind.

Bookworm III Christopher G. Nuttall, 2015-02-13 Elaine and Johan are preparing to leave Golden City, with Daria and the travellers, in order to search for the Witch-King. The Grand Sorceress instructs Inquisitor Cass to help them. But before Elaine can leave she is arrested by two Inquisitors on the orders of the Emperor. When she resists she is hit with a powerful spell that forces her to concentrate all her efforts on protecting her mind from its intrusion. Taken to the palace she finds that the Grand Sorceress has been removed and the Throne has accepted an heir to the Empire. Realising this has to be the work of the Witch-King, Elaine must defeat the spell that is eating away at her defences if she is to escape and destroy him. Meanwhile, Johan, Daria and Cass are trying to find a way to get to Elaine and break her out of the cell in which she is being held. The Golden City is still widely devastated from the disastrous battle for power that followed the death of the previous Grand Sorcerer. The recent escalating breakdown of social order can only be made worse by the return of an Emperor and the imposition of martial law. The Privy Councillors and Heads of the Great Houses succumb to the power of the new Emperor, as he amasses a huge army. It is up to Elaine and her friends, with some unexpected help, to prevent an all-out

war. The third instalment in the Bookworm series, *The Best Laid Plans* follows on immediately from the events in *The Very Ugly Duckling*, with Elaine and Johan joined by other favourite characters as they try to track down the Witch-King.

The wizards and the mages of Midgard with their Druid allies must prevent the forces of darkness from consuming both Molly and the world—and the Tervingian Kingdom, ruled by King Sigurd and Queen Gwynnalyn, must rise to the occasion and assemble its forces in order to save the world from the mad machinations of the most evil tyrant in the history of Midgard, the sorcerer of Dakkia, Adawulf Hister, brooding and scheming from his evil black stone castle.
