Single Mother in Charge Sandy Chalkoun, 2010-06-02 This must-have guide uses the latest research on the science of happiness to show single mothers how to transform feelings of fear, guilt, anxiety, and low self-esteem into feelings of power and freedom. There are 82 million mothers in the United States and Canada alone. This book is for them. Single Mother in Charge: How to Successfully Pursue Happiness employs the latest research on the science of happiness to show single moms how to be stronger, happier, and more balanced. Through it, they will learn to use their own power to improve the quality of their lives and those of their children. This hands-on guide starts with three critical lessons for personal transformation: the right belief, the right attitude, and taking action. Readers are then taught how to transform feelings of fear, anxiety, guilt, and low self-esteem into a positive, confident attitude. Once these barriers to happiness have come down, the single mother can use the 22 happiness strategies outlined in the book create a happier and healthier life for herself and her family.

Resistances to Fearlessness R. Michael Fisher, B. Maria Kumar, 2021-05-10 The current dominating worldview and its paradigms of operations are unhealthy and unsustainable. Ecological, economic, political and psychological health are at stake. As experts in a philosophy of fearism, they apply a critical perspective on the dominant Fear Paradigm as root cause of the global crises in the 21st century. They offer a worldview shift via the Fearlessness Paradigm. This is a second major book on this topic, of which the first was Fisher's The World's Fearlessness Teachings (2010). This follow-up book is deep, punchy and provocative. It points to the failure of the world to understand the spirit of fearlessness that has existed from the beginning of Life some four billion years ago. The authors, from diverse backgrounds, point to the resistances that work against the recognition and development of the natural 'gift' of fearlessness and the design of a Fearlessness Paradigm, both which can counter the abuses of the Fear Paradigm. With extensive research and philosophical thought, the authors dialogue in a fresh imaginative way to help readers and leaders in all walks of life to better understand what resistances they may have to escaping from what Fisher calls the 'Fear' Matrix.

My Grandfather's Gift of Psalm 1 Roxanne West-Johnson,2020-07-14 This book is a collection of stories encompassing the ups and downs I have faced in this walk called life. God has shown me how He has been guiding me all along, leading me to have a deeper faith in Him in all that I do and encounter. God's Word and love has given me the hope and encouragement I have needed. I know that He is always with me especially when I may not realize it at the time. The stories in this book display the steppingstones I have crossed and how God has led me through good, bad, sad and even funny times. He leads me to the next steppingstone I must cross. My Grandfather Reverend Elmer West gave me the gift of Psalm 1 in 1999. Since then I have learned how much grander God's plans are verses my own... I will not wither. I hope my book will give you inspiration, deepen your faith, and maybe even give you a laugh or two as you let God guide you through your own journey of steppingstones.

Stealing a Gift Jolita Pons,2004 This book studies the use of biblical quotations in Kierkegaard's pseudonymous works, as well as Kierkegaard's hermeneutical methods in general. Kierkegaard's mode of writing in these works--indeed, the very method of indirect communication--consists in a certain appropriation of the Bible. Kierkegaard thus becomes God's plagiarist, repeating the Bible by reinscribing it into his own texts, where it becomes a part of his philosophical discourse and relates to most of his conceptual constructions. The Bible might also be called a gift, but a gift that does not belong to Kierkegaard, one he merely passes along to his reader. The invisible omnipresence of God's Word in the pseudonymous

works, as opposed to the signed ones, forces us to revisit the entire distinction between the religious and the aesthetic.

The Fear Problematique R. Michael Fisher, 2023-11-01 The author, with over three decades of focused research on fear and fearlessness and 45 years as an emancipatory educator, argues that philosophy and philosophy of education have missed several great opportunities to help bring about theoretical and meta-perspectival clarity, wisdom, compassion, and practical ways to the sphere of fear management/education (FME) throughout history. FME is not simple, nor a luxury, it is complex. It's foundational to good curriculum but it requires careful philosophical critique. This book embarks on a unique transdisciplinary understanding of The Fear Problematique and how it can be integrated as a pivotal contextual reference for assessing the 'best' way to go in Education today and tomorrow. Educational philosophy is examined and shown to have largely 'missed the boat' in terms of responding critically and ethically to the insidious demand of having to truly educate ourselves when we are so scared stiff. Such a state of growing chronic fear, of morphing types of fear, and a culture of fear, ought to be central in shaping a philosophy of fear(ism) for education. The book challenges all leaders, but especially philosophers and educators, to upgrade their own fear imaginary and fear education for the 21st century, a century of terror likely to grow in the cascading global crises.

Unwrapping the Gift of Mercy David Bennett, 2017-12-13 As an internationally gifted speaker and author, David Bennett explains how God uses believers with the Gift of Mercy to benefit the Body of Christ. Using Biblical characters, great historical men of faith, and contemporary real-life people, David opens the heart and soul of Christians spiritually endowed with the Motivational Gift of Mercy. Beginning with Scripture, David defines and demonstrates the Gift of Mercy as it plays out in real life Christianity. Gleaning from the personal lives of past and present saints, David details how the believer with this Gift can be characterized, identified, motivated, and used in the Church of Jesus Christ today. David believes that for the body of Christ to function successfully each member must recognize his divine purpose and function for the health and growth of the body, and carry out his intended objectives and responsibilities in the power of the Spirit.
