Committed Winnie Chaplin-Knights,2006 Committed is a book written for those who prefer easy reading as opposed to

reading with a Thesaurus in front of them to find the meanings and context of certain words. It is a South African tale which explains the lives of very normal people living very normal lives together with the mundane and also the exciting day to day experiences of being with the Police force in and around Southern Africa. Skip, a Jack Russell belonging to Terry lives his life as no normal little dog would, and shows his undivided and devoted love to his mistress spending all day with her as she patrols and combats crime on the streets. For his size he is dynamite. He can perform as well as any trained police dog and it pays off in the end as he receives an award for bravery. Committed is about commitment: love, hate and revenge. It is a lesson of life to those who are still innocent and virginal to life's problems. It focuses on abuse on women and why it is that women in particular find it so difficult to remove themselves out of an abusive relationship. I hope that you will enjoy the simple but exciting way that the story unravels itself with a cryptic and mysterious dream that Terry frequently has.
