

# Jane Eyre Novel Online

**James J. Connolly,Patrick Collier,Frank Felsenstein,Kenneth R. Hall,Robert G. Hall**

**Jane Eyre** Charlotte Brontë,2006-06-29 'The masterwork of a great genius' William Makepeace Thackeray A novel of intense emotional power, heightened atmosphere and fierce intelligence, Jane Eyre dazzled and shocked readers with its passionate depiction of a woman's search for equality and freedom on her own terms. Its heroine Jane endures loneliness and cruelty in the home of her heartless aunt and the cold charity of Lowood School. Her natural independence and spirit prove necessary when she takes a position as governess at Thornfield Hall. But when she finds love with her sardonic employer, Rochester, the discovery of a shameful secret forces her to make a terrible choice. Edited with an Introduction and notes by STEVIE DAVIES

**Charlotte Brontë** Amber K Regis,Deborah Wynne,2017-07-21 Charlotte Brontë: legacies and afterlives is a timely reflection on the persistent fascination and creative engagement with Charlotte Brontë's life and work. The new essays in this volume, which cover the period from Brontë's first publication to the twenty-first century, explain why her work has endured in so many different forms and contexts. This book brings the story of Charlotte Brontë's legacy up to date, analysing the intriguing afterlives of characters such as Jane Eyre and Rochester in neo-Victorian fiction, cinema, television, the stage and, more recently, on the web. Taking a fresh look at 150 years of engagement with one of the best-loved novelists of the Victorian period, from obituaries to vlogs, from stage to screen, from novels to erotic makeovers, this book reveals the author's diverse and intriguing legacy. Engagingly written and illustrated, the book will appeal to both scholars and general readers.

**CliffsNotes on Brontë's Jane Eyre** Mary Ellen Snodgrass,Karin Jacobson,2004-10-28 The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. The latest generation of titles in this series also feature glossaries and visual elements that complement the classic, familiar format. Question Victorian—and present-day—society as you study Charlotte Bronte's popular novel with CliffsNotes on Jane Eyre. What is women's position in society? What is the relationship of dreams and fantasy to reality? What is the basis of an effective marriage? Bronte tackles all these questions and more through the story of her heroine Jane Eyre. CliffsNotes provides detailed plot summaries, critical commentaries, and a helpful character map to help you uncover all the insight this novel has to offer. Make your study of this timeless novel a success with CliffsNotes on Jane Eyre. Other features that help

you study include Character analyses of major players Critical essays A review section that tests your knowledge Background on the author, including career highlights Classic literature or modern-day treasure—you'll understand it all with expert information and insight from CliffsNotes study guides.

**Wide Sargasso Sea at 50** Elaine Savory, Erica L. Johnson, 2020-11-03 This book revisits Jean Rhys's ground-breaking 1966 novel to explore its cultural and artistic influence in the areas of not only literature and literary criticism, but fashion design, visual art, and the theatre as well. Building on symposia that were held in London and New York in 2016 in honour of the novel's half-century, this collection demonstrates just how timely Rhys's insights into colonial history, sexual relations, and aesthetics continue to be. The chapters include an extensive interview with novelist Caryl Phillips, who in 2018 published a novel about Rhys's life, an account of how Wide Sargasso Sea can be read through the lens of the #MeToo Movement, a clothing line inspired by the novel, and new critical directions. As both a celebration and scholarly evaluation, the collection shows how enduring Rhys's novel is in its continuing literary influence and social commentary.

**Yo' Mama, Mary Mack, and Boudreaux and Thibodeaux** Jeanne Pitre Soileau, 2016-12-14 Winner of the 2018 Chicago Folklore Prize and Winner of the 2018 Opie Prize Jeanne Soileau, a teacher in New Orleans and south Louisiana for more than forty years, examines how children's folklore, especially among African Americans, has changed. From the tumult of integration to the present, her experience afforded unique opportunities to observe children as they played. With integration in New Orleans during the 1960s, Soileau notes how children began to play with one another almost immediately. Children taught each other play routines, chants, jokes, jump-rope rhymes, cheers, taunts, and teases—all the folk games that happen in normal play on the street and playground. When adults—the judges and attorneys, the parents, and the politicians—haggled and shouted, children began to hold hands in a circle, fall down together to "Ring around the Rosie," and tease each other in new and creative ways. Children's ability to adapt can be seen not only in their response to social change, but in how they adopt and utilize pop culture and technology. Vast technological changes in the last third of the twentieth

century influenced the way children sang, danced, played, and interacted. Soileau catalogs these changes and studies how games evolve and transform as much as they are preserved. She includes several topics of study: oral narratives and songs, jokes and tales, and teasing formulae gleaned from mostly African American sources. Because much of the field work took place on public school playgrounds, this body of oral narratives remains of particular interest to teachers, folklorists, linguists, and those who study play. In the end, Soileau shows that despite the restrictions of air-conditioning, shorter recess periods, ever-increasing hours of television watching, the growing popularity of video games, and carefully scripted after-school activities, many children in south Louisiana sustain traditional games. At the same time, they invent varied and clever new ones. As Soileau observes, children strive through their folk play to learn how to fit into a rapidly changing society.

**The Edinburgh Companion to the Brontes and the Arts** Amber K. Regis, Deborah Wynne, 2024-12-31 The Bronte family produced and consumed art across a range of media and genres. Haworth Parsonage and the local region proved a crucible of inspiration not only for Charlotte, Branwell, Emily and Anne, but also for their parents. Here were fostered the creative ambitions of four of the nineteenth century's most provocative novelists, poets and visual artists. In turn, the Brontes now sustain heritage, tourism and creative industries that adapt and disseminate their lives and work, their likenesses and words, across the globe: in books, on a plethora of screens (film, TV, computer and phone), in discarnate audio (radio and podcasts) and embodied on stage. The essays collected here offer the first panoramic and sustained examination of the Brontes' lives, work and legacies in relation to the visual, musical, plastic and performing arts, tracing their influences and transformations across the lives and cultural afterlives of this extraordinary literary family.

**Millennials and Gen Z in Media and Popular Culture** Mary Z. Ashlock, Ahmet Atay, 2023-01-17 Millennials and Gen Z in Popular Culture examines media and popular culture forms for and about millennials and Generation Z. In this collection, contributors articulate the need for studying cultural artifacts connected to members of these generations. Rather than focusing on each generation specifically, this collection takes an intergenerational approach, placing them in dialogue with one another by focusing on media and experiences that are geared toward both. Scholars of media studies, popular culture, and sociology will find this book of particular interest.

**Leaving L.A.** Kate Christie, 2011-01-01 Movie star Tessa Flanagan has retired from the Hollywood grind with a string of popular and critical successes behind her. Now her days revolve around spending time with her daughter Laya and launching a new career in philanthropy. She doesn't expect a brief encounter with Eleanor Chapin, Laya's new kindergarten teacher, to make a lasting impression. As the end of the school year nears, however, Tessa realizes that her daughter's beloved Miss Chapin may be the perfect nanny for the summer. Natural and direct, Eleanor already understands Laya's need for life out of the public eye. Even though it means inviting a stranger into their household, Tessa is certain her own carefully guarded secrets will not be at risk. For Eleanor, L.A. is merely a stop between Boston and a long-awaited Ph.D. program. But the job

offer from Tessa Flanagan is so lucrative she is tempted to put her plans on hold. The idea of working closely with Tessa is equally enticing, but the job is about Laya. There's no reason not to take it—after all, she'll be leaving L.A. soon. Kate Christie explores the distance from Chicago's South Side to the Hollywood Hills, from bucolic New England to lush Kauai through the passionate connection between two women looking for home.

**Print Culture Histories Beyond the Metropolis** James J. Connolly, Patrick Collier, Frank Felsenstein, Kenneth R. Hall, Robert G. Hall, 2016-01-01 Print Culture Histories Beyond the Metropolis focuses attention to how the residents of smaller cities, provincial districts, rural settings, and colonial outposts have produced, disseminated, and read print materials.

Essays on Literature and Music (1985 – 2013) by Walter Bernhart Walter Bernhart, 2015-07-28 This volume is dedicated to the musico-literary oeuvre of Walter Bernhart, professor of English literature at Karl-Franzens-Universität Graz/Austria and pioneer in the field of intermedial relations between literature and other arts and media. It renders accessible a wide variety of texts which are sometimes no longer easily retrievable. The 37 texts collected here in chronological order span the period from 1985 to 2013 and thematically range from contributions to opera programmes and the discussion of musical aspects of Romantic and modernist poetry to inquiries into individual operas and composers as well as into theoretical aspects of word and music relations (e. g. the ways of setting poetry to music, musico-literary 'comparative poetics', the concept of 'genre' in music and literature, iconicity in both media, their narrative as well as metareferential and illusionist capacities). The volume is of relevance to literary scholars and musicologists but also to all those with an interest in intermediality studies in general and in the relations between literature and music in particular.

*Ambiguity in Charlotte Brontë's Villette* Olga Springer, 2020-02-17 Charlotte Brontë's final novel Villette (1853) is associated with ambiguity because of its open ending: Does M. Paul return to narrator-protagonist Lucy Snowe or is he killed in a storm raging on the Atlantic? Taking its famous ending as a starting point, this study explores Villette as a text in which ambiguity is all-pervasive in various ways. Among these is the narrator's ambivalent attitude toward herself and others, epitomised in her stylistic idiosyncrasies. The links between ambiguity and doubt are explored through an analysis of Lucy's signature phrase, I know not, expressive of her existential doubts and questioning attitude toward the world. The analysis moreover focuses on the motif of the oracle as a traditionally ambiguous utterance, and explores its relevance in the context of the generic tradition of Villette as a fictional autobiography. Another focus is the interplay of figurative and literal levels of meaning in the allegorical episodes, creating ambiguity.

**Love and Money** Michael Tratner, 2021-02-25 When people speak about love and money, they usually are referring to a conflict: love distorted by the desire for money. Such statements imply that love has a distinct form before economics interferes, but this book aims to show that such a view simplifies what is going on, because people have always been deeply

shaped by everything in the social order, including economics. So when people say that money is distorting love, what they are really saying is that the current relationship of love and economics is different from an earlier relationship. This book seeks then to demonstrate the intertwining of the discourses of love and money over a long history by focusing on moments when parallel conceptions appear in economic theories and love stories. The two discourses intersect because both seek to define qualities and behaviors of human beings which are most valuable and hence most desirable. Similar descriptions of valuable behaviors appear at roughly the same time in economic theories of how to acquire wealth and literary stories of how to find ideal lovers. By tracking mutual expressions of desire, value, and acquisition in economics and love stories, this book argues for the ubiquity of the intertwining of these discourses, while exploring shifts in conceptions of value. It focuses on four eras when economic and romantic conceptions of what is most desirable were actively changing in English discourses: the early modern 17th century, the Victorian 19th, the modernist 20th, and the postmodern present.

*On Style in Victorian Fiction* Daniel Tyler, 2022-01-06 Some writers of the Victorian period, as well as more recent critics, have argued that the prose style of Victorian fiction aims to efface itself or that an absence of style may in itself represent the nineteenth-century ideal. This collection provides a major assessment of style in Victorian fiction and demonstrates that style - the language, techniques and artistry of prose - is inseparable from meaning and that it is through the many resources of style that the full compass of meaning makes itself known. Leading scholars in the field present an engaging assessment of major Victorian novelists, illustrating how productive and illuminating close attention to literary style can be. Collectively, they build a fresh and nuanced understanding of how style functioned in the literature of the nineteenth century, and propose that the fiction of this era demands we think about what style does, as much as what style is.

*Bloom's how to Write about the Brontës* Virginia Brackett, 2009 Emily, Anne, and Charlotte Bronte were three sisters who left an indelible mark on the literature of their age. This book offers suggestions on how to write a strong essay. It helps students develop their analytical writing skills.

*Studying the Novel* Jeremy Hawthorn, 2016-11-03 Now in its seventh edition, Studying the Novel is an authoritative introduction to the study of the novel at undergraduate level. Updated throughout to reflect the profound impact of e-reading and digital resources on the contemporary study of literature, the book also now includes a wider range of international examples to reflect the growing field of world literature. Providing a complete guide to studying the novel in one easy-to-read volume, the book covers: · The form of the novel · The history of the novel, from its earliest days to new electronic forms · Realism, modernism and postmodernism · Analysing fiction: narrative, character, structure, theme and dialogue · Critical approaches to studying the novel · Practical guidance on critical reading, secondary criticism, electronic resources and essay writing · Versions and adaptations Studying the Novel also includes a number of features to help readers navigate the book and find key information quickly, including chapter summaries throughout, a comprehensive glossary of terms and an

historical timeline on the development of the novel, while annotated guides to further reading and discussion questions help students master the topics covered.

**The Age of Dystopia** Louisa MacKay Demerjian, 2016-02-29 This book examines the recent popularity of the dystopian genre in literature and film, as well as connecting contemporary manifestations of dystopia to cultural trends and the implications of technological and social changes on the individual and society as a whole. Dystopia, as a genre, reflects our greatest fears of what the future might bring, based on analysis of the present. This book connects traditional dystopian works with their contexts and compares these with contemporary versions. It centers around two main questions: Why is dystopia so popular now? And, why is dystopia so popular with young adult audiences? Since dystopia reflects the fears of society as a whole, this book will have broad appeal for any reader, and will be particularly useful to teachers in a variety of settings, such as in a high school or college-level classroom to teach dystopian literature, or in a comparative literature classroom to show how the genre has appeared in multiple locales at different times. Indeed, the book's interdisciplinary nature allows it to be of use in classes focussing on politics, bioethics, privacy issues, women's studies, and any number of additional topics.

**Composition and Copyright** Steve Westbrook, 2009-04-09 Drawing on connections between legal developments, new media technologies, and educational practice, Composition and Copyright examines how copyright law is currently influencing processes of teaching and writing within the university, particularly in the dynamic contexts of increasing digital literacy, new media, and Internet writing. Contributors explore the law's theoretical premises, applications to writing classrooms, and the larger effects of copyright law on culture and literacy. Central to the volume is the question of what may constitute infringement or fair use, and how the very definitions of these terms may permit or prohibit specific text-making activities. The essays cover a range of subjects, from students' appropriations of Internet images to using blogs in the classroom to the efforts by universities to claim legal ownership of professors' teaching and research materials. As new technologies and legislation are overturning traditional notions of intellectual property, this volume offers ways to navigate the issues in terms of pedagogy, research, and creating new media texts within the current legal framework.
