**Quotations from Georg Ebers** Georg Ebers, 2019-12-06 In Quotations from Georg Ebers, readers are presented with a meticulously curated collection of reflections and insights drawn from the prolific works of the 19th-century German novelist and Egyptologist. Ebers blends a rich narrative style with philosophical musings that echo the Romantic era's fascination with history, nature, and the human experience. The text transcends mere quotes, offering a thematic exploration of cultural identity, existential thought, and the intertwining of personal and societal narratives, which underscores the literary context of his time while remaining profoundly relevant today. Georg Ebers, celebrated for his historical novels such as *Uarda* and *Arachne*, was deeply influenced by his academic pursuits in philology and archaeology, as well as his travels to Egypt. These experiences not only shaped his narrative style but also enriched his understanding of ancient civilizations, informing the quotes collected in this volume. Ebers used his literature as a vehicle for deeper philosophical inquiry, earning him recognition as one of the early proponents of popularizing Egyptological themes in fiction. For readers interested in the intersections of literature, philosophy, and history, Quotations from Georg Ebers serves as an invaluable resource. This anthology not only reflects Ebers's literary genius but also offers profound insights that resonate beyond its historical roots, making it a must-read for scholars and enthusiasts alike.

**Where Angels Lose Their Way** Jason Marlis, 2005 Robert Shultz, author, philosophy professor and renowned expert on mythology and demonology, has been treading out the dregs of a life void of satisfaction. Suddenly, he finds his cynicism challenged by the most unlikely of visitors. His guest materializes out of the thin air, hovering several feet above the ground. She stands just less than four feet tall, her skin and hair are shades of golden white, and her eyes dance with sparks of color, like perpetual fireworks. She tells Robert she desires him to determine exactly what she is. Thus, the master of writing fictional accounts of angels is faced with the problem of naming this entity, who refuses to be considered an angel. Could she be an alien? Or perhaps a ghost drifting between planes? His questions lead him in circles as his guest provides only cryptic answers. At her request, he agrees to hear her life story. She hopes that he will catch something that she may have missed; something that will be clarified if he can answer what appears to be her most vital question, What purpose do I serve? The tale of her life leads Robert to a new world outside of human experience. Her story reflects many of the plights endured by humans, but taken to impossible extremes. There are beings that draw their power from light and others that thrive on darkness, living in the material world while exercising supernatural powers that none of them truly understand. Music permeates the air and shadows gain new treachery. It is a tale of dragons, wars and miracles; and it is a tale of true love.

Uncle John's Bathroom Reader Colossal Collection of Quotable Quotes Bathroom Readers' Institute, 2012-06-01 You'll never be at a loss for words again with this inspired collection of quotes, from bona fide wits to bona fide dimwits. Bob Hope once said, I grew up with six brothers. That's how I learned to dance--waiting for the bathroom. No doubt, lots of people will be learning to tango and foxtrot while they wait for the rabid readers of Uncle John's Colossal Collection of Quotable Quotes to emerge from the privy. The Bathroom Readers' Institute searched high and low for the wittiest, wisest and stupidest things ever said, and collected these remarks in one remarkable volume. With more than 4,000 quotations from 1,600 speakers and writers--from bona fide wits like Oscar Wilde and David Letterman, to bona fide dimwits like Britney Spears (who infamously quipped, I go to lots of overseas places, like Canada.)--there's no other book of quotations quite like this one.

*The Lost Girls* D. J. Taylor, 2020-02-04 The Booker Prize-nominated author of *Derby Day* delivers a sumptuous cultural

history as seen through the lives of four enigmatic women. Who were the Lost Girls? Chic, glamorous, and bohemian, as likely to be found living in a rat-haunted maisonette as dining at the Ritz, Lys Lubbock, Sonia Brownell, Barbara Skelton, and Janetta Parlade cut a swath through English literary and artistic life at the height of World War II. Three of them had affairs with Lucian Freud. One of them married George Orwell. Another became the mistress of the King of Egypt. They had very different—and sometimes explosive—personalities, but taken together they form a distinctive part of the wartime demographic: bright, beautiful, independent-minded women with tough upbringings who were determined to make the most of their lives in a chaotic time. Ranging from Bloomsbury and Soho to Cairo and the couture studios of Schiaparelli and Hartnell, the Lost Girls would inspire the work of George Orwell, Evelyn Waugh, Anthony Powell, and Nancy Mitford. They are the missing link between the Lost Generation and Bright Young People and the Dionysiac cultural revolution of the 1960s. Sweeping, passionate, and unexpectedly poignant, this is their untold story.

**Double Your Money with Weekly Options Condors** Jon Schiller, Jon Schiller Phd, 2010-09-22 The erratic behavior of the US and World Stock Markets required a change in trading strategy to avoid a loss of trading capital caused by enormous increases and decreases in the OEX and SPX during a trading day. My software program, SelfAdapDTN4, evolved during the last 10 years of tracking a great number of indices and many stocks. It became very complex to use for trading. In July 2010 I decided the complexity needed to be reduced for efficiency for the options trader. I renovated my software to focus on the best weekly options to consider for trading. By sorting thru the indices and stocks tracked by my old software I found there were several weekly options that were worth tracking in today's market. The new software program is SelfAdapJonWeeklyCndrs which emphasizes a simpler user interface. The size of the software was halved. Appendix B is an abbreviated version of the manual for the software .
