*Cassette Books* Library of Congress. National Library Service for the Blind and Physically Handicapped,1999

*Man Overboard* Wayne Stinnett,2022-07-05 Jesse McDermitt has returned to the Florida Keys. But things in the islands are different now. The locals are worried, but nobody can explain why. A sense of foreboding hangs in the humid July air. One of the locals, an investment banker, is waiting tables at the Rusty Anchor Bar and Grill. He seems a shell of the man he used to be a hollow man whose fortune and wife are gone. He's tight-lipped about how he came to be a guest in Rufus's little shack behind the bar. Something very sinister is going on—Jesse smells it. He's usually very good at rooting out the source of a problem, but is stumped this time. Until another tight-lipped hollow man shows up.

Licence to Thrill James Chapman,2000 Bondmania hasn't ebbed for 40 years and this book explains why Britain's most celebrated secret agent and the stories around him have enraptured the world for so long. Film stills.

**Men and Style** David Coggins,2016-10-11 New York Times Bestseller Men and Style reaches beyond standard “what to wear” advice: It is equal parts style guide and intriguing conversation about the masculine identity within the world of fashion. David Coggins explores the history of men's style and learns from some of the most notable tastemakers in the industry and beyond. Its essays and interviews discuss the lessons men learned from their fathers, the mistakes they made as young men, and how they emerged to become better men. Some of the most dapper men in the world discuss bad mustaches, misguided cologne choices, and unfortunate prom tuxedos. All the men here have arrived at a place in the world and have a keen understanding about how they fit in it. Men and Style celebrates singular men who've lived well and can tell us about how they earned their worldview. They're smart enough to absorb the wisdom that's hidden in the world, and even smarter to wear that wisdom lightly.

*One Day I'll Work for Myself: The Dream and Delusion That Conquered America* Benjamin C. Waterhouse,2024-01-16 From side-hustlers to start-ups, freelancers to small business owners, Americans have a special affinity for people who make it on their own. But the dream has a dark side. “One day I'll work for myself.” Perhaps you've heard some version of that

phrase from friends, colleagues, family members—perhaps you’ve said it yourself. If so, you’re not alone. The spirit of entrepreneurship runs deep in American culture and history, in the films we watch and the books we read, in our political rhetoric, and in the music piping through our speakers. What makes the dream of self-employment so alluring, so pervasive in today’s world? Benjamin C. Waterhouse offers a provocative argument: the modern cult of the hustle is a direct consequence of economic failures—bad jobs, stagnant wages, and inequality—since the 1970s. With original research, Waterhouse traces a new narrative history of business in America, populated with vivid characters—from the activists, academics, and work-from-home gurus who hailed business ownership as our economic salvation to the upstarts who took the plunge. We meet, among others, a consultant who quits his job and launches a wildly popular beer company, a department store saleswoman who founds a plus-size bra business on the Internet, and an Indian immigrant in Texas who flees the corporate world to open a motel. Some flourish; some squeak by. Some fail. As Waterhouse shows, the go-it-alone movement that began in the 1970s laid the political and cultural groundwork for today’s gig economy and its ethos: everyone should be their own boss. While some people find success in that world, countless others are left bouncing from gig to gig—exploited, underpaid, or conned by get-rich-quick scams. And our politics doesn’t know how to respond. Accessible, fast-paced, and eye-opening, *One Day I’ll Work for Myself* offers a fresh, insightful cultural history of the U.S. economy from the perspective of the people within it, asking urgent questions about why we’re clinging to old strategies for progress—and at what cost.

**Calm** Michael Acton Smith, 2016-03-17 This e-book is a shorter version of the paperback, with the same beautifully designed content excluding the practical exercise pages - perfect to dip in and out, and choose which bits work best for you. Join the Calm revolution. Modern life is hectic and relentless: trains delayed, endless emails filling the inbox, kids squabbling before bedtime... There has never been a more important time to rediscover your pause button. Calm is the book that will show you how to take back a little bit of peace, space and all-important calm. This book contains the simple tools, tricks and habits that will change the rest your life. It is a practical and pleasurable guide to twenty-first century mindfulness. Regular meditation is medically proven to be good for you - it increases focus and creativity, productivity and job satisfaction, mental and even physical health. But in reality most of us don't have time to sit on a cushion with our eyes closed for half an hour every day. And many people associate meditation with hard work and huge lifestyle shifts: you might be imagining Buddhist monks locked in a mountain retreat and living off gruel... This is where Calm comes in. Calm is about simple, achievable habits that work with the demands of your busy life instead of pretending those demands don't exist. Calm does not require specialist training: it uses abilities that every single one of us is born with, like creativity, spontaneity and simply noticing the world around you. Calm is not a set of rules that you need to worry about following or breaking. It is inspirational, practical and non-prescriptive. Onerous, time-consuming meditation might seem out of reach but everyone can achieve calm - including you. Calm combines extracts from fascinating neurological research with wisdom from history's great thinkers and

the real-life experiences of individuals across the globe. It demystifies mindfulness and shows you the many simple ways to be mindful while carrying on with your life. It is also a beautifully crafted object, filled with artwork and artistry, that will change your perspective by showing you the pleasures of the world anew. Take a walk with nowhere to go, savour a chocolate on the tip of your tongue, plant a seed, doodle aimlessly, turn off your mobile phone for five short minutes. Smile, breathe and go slowly. Michael Acton Smith has written a game-changing book, one that will finally balance everyone's need for calm with the realities of modern life. Join the Calm revolution. Calm your mind; change your world. Calm.com @calm

Cast Off Wayne Stinnett, 2022-11-01 After a terrible defeat in Key West, where the subject of Jesse McDermitt's identity fraud investigation gets away, and which almost costs him dearly, Jesse returns home to his island in the Content Keys, determined to keep those he loves safe from harm. He makes plans to fly his family and friends to the Leeward Islands for a very special occasion, unaware of events taking place on one small uninhabited island located a short distance from his destination—events that will suck him right back into the fray, as a past nemesis rears their head. Gold will turn even the most docile into greedy, dangerous people. When the question of rightful ownership is brought up, legal professionals and government officials on the island, as well as those from France argue over a treasure estimated to be worth \$20,000,000. But what is the price of one human life? The simple life isn't what it's cracked up to be, and danger abounds in the picturesque city of Gustavia, on the French island of St. Barts, and speeding Mini Mokes on steep mountain roads isn't the cause.

**The Bondian Cold War** Martin D. Brown, Ronald J. Granieri, Muriel Blaive, 2023-09-01 James Bond, Ian Fleming's irrepressible and ubiquitous 'spy,' is often understood as a Cold Warrior, but James Bond's Cold War diverged from the actual global conflict in subtle but significant ways. That tension between the real and fictional provides perspectives into Cold War culture transcending ideological and geopolitical divides. The Bondiverse is complex and multi-textual, including novels, films, video games, and even a comic strip, and has also inspired an array of homages, copies, and competitors. Awareness of its rich possibilities only becomes apparent through a multi-disciplinary lens. The desire to consider current trends in Bondian studies inspired a conference entitled 'The Bondian Cold War,' convened at Tallinn University, Estonia in June 2019. Conference participants, drawn from three continents and multiple disciplines – film studies, history, intelligence studies, and literature, as well as intelligence practitioners – offered papers on the literary and cinematic aspects of the 'spy', discussed fact versus fiction in the Bond canon, went in search of a global Bond, and pondered gender and sexuality across the Bondiverse. This volume of essays inspired by that conference, suitable for students, researchers, and anyone interested in Cold War culture, makes vital contributions to understanding Bond as a global phenomenon, across traditional divisions of East and West, and beyond the end of the Cold War from which he emerged.

**The New Asian Hemisphere** Kishore Mahbubani, 2009-04-28 For centuries, the Asians (Chinese, Indians, Muslims, and

others) have been bystanders in world history. Now they are ready to become co-drivers. Asians have finally understood, absorbed, and implemented Western best practices in many areas: from free-market economics to modern science and technology, from meritocracy to rule of law. They have also become innovative in their own way, creating new patterns of cooperation not seen in the West. Will the West resist the rise of Asia? The good news is that Asia wants to replicate, not dominate, the West. For a happy outcome to emerge, the West must gracefully give up its domination of global institutions, from the IMF to the World Bank, from the G7 to the UN Security Council. History teaches that tensions and conflicts are more likely when new powers emerge. This, too, may happen. But they can be avoided if the world accepts the key principles for a new global partnership spelled out in The New Asian Hemisphere.

The James Bond Phenomenon Christoph Lindner, 2003 Shanghai, long known as mainland China's most cosmopolitan city, is today a global cultural capital. This book offers the first in-depth examination of contemporary Shanghai-based art and design - from state-sponsored exhibitions to fashionable cultural complexes to cutting edge films and installations. Informed by years of in-situ research, the book looks beyond contemporary art's global hype to reveal the socio-political tensions accompanying Shanghai's transitions from semi-colonial capitalism to Maoist socialism to Communist Party-sponsored capitalism. Case studies reveal how Shanghai's global aesthetic constructs glamorising artifices that mask the conflicts between vying notions of foreign-influenced modernity and anti-colonialist nationalism, as well as the city's repressed socialist past and its consumerist present.

Alexander The Great's Art Of Strategy Partha Bose, 2004-05 An Invaluable Guide To Strategy Alexander The Great (356\_323 Bc) Was Arguably The Greatest Military Strategist, Tactician And Ruler In World History. By The Time Of His Death, Aged Thirty-Three, His Armies Had Conquered Virtually The Entire Known World, From The Shores Of The Mediterranean To The Foothills Of India. Roosevelt, Bernard Montgomery, Gandhi, Jack Welch And Lou Gerstner.

**Cyber Insecurity** Richard Harrison, Trey Herr, 2016-10-18 Growing dependence on cyberspace for commerce, communication, governance, and military operations has left society vulnerable to a multitude of security threats. Mitigating the inherent risks associated with the use of cyberspace poses a series of thorny public policy problems. In this volume, academics, practitioners from both private sector and government, along with former service members come together to

highlight sixteen of the most pressing contemporary challenges in cybersecurity, and to offer recommendations for the future. As internet connectivity continues to spread, this book will offer readers greater awareness of the threats of tomorrow—and serve to inform public debate into the next information age. Contributions by Adrienne Allen, Aaron Brantly, Lauren Boas Hayes, Jane Chong, Joshua Corman, Honorable Richard J. Danzig, Kat Dransfield, Ryan Ellis, Mailyn Fidler, Allan Friedman, Taylor Grossman, Richard M. Harrison , Trey Herr, Drew Herrick, Jonah F. Hill, Robert M. Lee, Herbert S. Lin, Anastasia Mark, Robert Morgus, Paul Ohm , Eric Ormes, Jason Rivera, Sasha Romanosky, Paul Rosenzweig , Matthew Russell, Nathaniel Tisa, Abraham Wagner, Rand Waltzman, David Weinstein, Heather West , and Beau Woods. • Learn more at the book's website at <http://www.cyberinsecuritybook.org>

**Bad Blood** Wayne Stinnett,2025-05-30 It's been three months since Jesse McDermitt had any time off to go back home to Florida. When two surprise openings on the leave roster open up, he and his friend Rusty Thurman jump on it, and head back to the Keys for some scuba diving. The husband of a local reporter's friend has nearly been killed. Not once, but four times in less than a month. The reporter is Jesse's new girlfriend and they become curious. How does a man survive four attempts on his life? Meanwhile, the man Jesse helped put away is doing time in Florida State Prison, hundreds of miles to the north. But Bear Bering isn't completely cutoff. His cousin, Chuck, is still working the tourist crowds in Key West and has learned that Jesse and Rusty are back in town. Suddenly, Jesse and his friends are in danger, and once again they are forced to leave. A biker gang, under Chuck Bering's direction, comes after Jesse and his friends. The leader, a mountain of a man named Sideshift, served time with Bear and both he and Chuck want to see Jesse and anyone around him crushed. Jesse and friends sail to Key West to find out who the bungling would-be murderer is, and everything comes to a head on Mallory Square, when the bikers, the murderer, and Bear's family all come at Jesse as one. Murder and mayhem in paradise...

**Vigilant Charity** Wayne Stinnett,2019-06-28 Charity Styles has been wandering the Pacific aimlessly aboard her beloved sloop, Wind Dancer, and only recently returned to the turquoise waters of the Caribbean. Entering a secluded cove in the Sea of Abaco, in the Bahamas, she runs into an old acquaintance and the woman's young daughter. The two have a few things in common, not the least of which are four men's bodies at the bottom of a 600-foot-deep blue hole on Hoffman's Cay. The reunion is fraught with "what ifs." What if Charity had enjoyed a normal childhood like her friend's young daughter? What if her mother hadn't abandoned her as a child? What if her father hadn't died when she was in college? What if Victor hadn't been murdered? Just as Charity begins to relax and truly enjoy the companionship of a good friend, disaster strikes. In an instant, she's faced with a terrible choice that will push Charity to her limits. Her action could mean the difference between life and death for both mother and daughter. When Charity's two worlds collide violently, a drug running operation is exposed, as well as a slick southern lawyer. Will Charity handle things in her usual way?

A Directory of Shakespeare in Performance Since 1991 J. O'Connor,K. Goodland,2016-04-30 Includes detailed listings of

all major Shakespeare plays on stage and screen, this book covers performances in North America since 1991. It uniquely explores each plays' performance history, as well as including reviews and useful information about staging. An engaging reference guide for academics and students alike.

**Rising Thunder** Wayne Stinnett, 2020-04-20 Paradise isn't always what it's cracked up to be. Few people know this as well as Jesse McDermitt, retired Marine and former government operative. In the aftermath of an intense mission in coastal Mexico, Jesse wants nothing more than to get back to his boat; to just sail away and forget all about the firefight and his warrior past. The Caribbean sun is warm, the azure water inviting, he has the woman of his dreams at his side, and everything seems to be smooth sailing. Until a severed leg is found tangled in a line securing Jesse's dinghy to his 61-foot sailing yacht, Salty Dog. The former owner of the appendage turns out to be the eighth victim of a lunatic who kills for money and a former Russian smuggler who won't pass up a chance for one more big score. Jesse is forced to don the warrior's mask once again. This time to catch a ghoulish killer who is stalking the villages and jungles outside Belize City.

**Sean Connery** Andrew Spicer, 2022-06-21 Sean Connery was one of cinema's most iconic stars. Born to a working-class family in Edinburgh, he held jobs as a milkman and an artist's model before making the move into acting. The role of James Bond earned him global fame, but threatened to eclipse his identity as an actor. This book offers a new perspective on Connery's career. It pays special attention to his star status, while arguing that he was a risk-taking actor who fashioned an impressive body of work. Beginning with Connery's early appearances on stage and television, including well-received performances in Shakespeare and Tolstoy, the book goes on to explore the Bond phenomenon and Connery's long struggle to reinvent himself. An Oscar-winning performance in *The Untouchables* marked the beginning of a second period of stardom, during which Connery successfully developed the character of the father-mentor. Ten years after his retirement from acting, he was still rated as the most popular British star among American audiences. Exploring how Connery's performances combine to form an all-encompassing screen legend, the book also considers how the actor embodied national identity, both on screen and through his public role as an activist campaigning for Scottish independence.
