A True Child of Papua New Guinea Maggie Wilson, 2019-05-08 Maggie Wilson was born in the highlands of Papua New Guinea to Melka Amp Jara, a woman of the highlands, and Patrick Leahy, brother of Australian explorers Michael and Daniel Leahy, who were among the first Australian explorers to encounter people in the Highlands of Papua New Guinea, during an expedition in search for gold. Maggie's life serves as a window into the complex social and cultural transformations experienced during the early years of the Australian administration in Papua New Guinea and the first three decades after independence. This ethnography--started as an autobiography and completed by Rosita Henry after Maggie's death in 2009--tells Maggie's story and the stories of those whose lives she touched. Their recollections of Maggie Wilson offer insights into life in Papua New Guinea today.

Introduction to Papua New Guinea Gilad James, PhD, Papua New Guinea is a sovereign state located in the western Pacific Ocean, comprising the eastern half of the island of New Guinea and its offshore islands. The country has a diverse population of over eight million people, with hundreds of different languages spoken throughout the country. The official languages are English, Tok Pisin, and Hiri Motu. The economy is mostly dependent on agriculture, mining, and oil and gas production. The country is known for its biodiversity, with over 800 languages spoken and more than 10% of the world's species of animals and plants found within its borders. Etiquette and Taboos around the World Ken Taylor, Victoria R. Williams, 2017-10-05 An interesting resource for learning about the cultural differences and characteristics of people across the globe, this encyclopedia covers the do's and don'ts of a breadth of countries and major ethnic groups. Readers of this one-volume reference will gain useful knowledge of what travelers should and shouldn't do when in countries outside of the United States. After a general introduction, approximately 100 alphabetically arranged entries cover topics such as greeting and meeting, appearance and dress, table manners, body language, social situations and hospitality, verbal communications, business etiquette, religious etiquette, gift-giving, and even netiquette regarding social media. Sidebars and images throughout make the text more accessible and engaging, and additional readings at the end of each entry as well as the bibliography offer opportunities for further research on the subject. The content also directly supports the National Geography Standards and the AP Human Geography curriculum for high school students as they learn about the cultural differences and characteristics of people in major ethnic groups across the globe.

Unexpected Richard Marples, 2019-05-30 Busilmin. If you can imagine the end of the world, Busilmin is it. Busilmin brings the definition of isolated to life. It is this isolation, this remoteness, that defines existence in the depths of the rainforest. Death is life. Life is death. Survival is the bridge. It is into the heart of this seclusion that Mission Aviation Fellowship chooses to fly; into depths of this need that we conveyed our very young family. Out of this beautiful land that we departed with our much older family, and a lifetime of near-unbelievable memories. This is not about planes. The aircraft are only the scenery for the tale. These are the stories of our years in Papua New Guinea. All families have stories. The backdrop for our narrative is the end of the world, and that brings a unique flavour to these accounts. The Sibilanga pig. The bullet at Aiyura. Crocodiles. Rainbows. Strange food. Places with stranger names. All with one thing in common: unpredictable, unforeseen, unanticipated, unexpected.

Cultural Dynamics of Religious Change in Oceania T. Otto, A. Borsboom, 2022-07-04 Developed from papers presented at the first European Colloquium on Pacific Studies this volume addresses the dynamics of contemporary Oceanic religions. South Sea Maidens Michael Sturma, 2002-03-30 From the first European contact with Tahiti in 1767, the myth of the South Sea maiden has endured through many incarnations. Although the maiden frequently provided an idealized antidote to Western women's self-assertion, the South Pacific also afforded a space where boundaries between the sexes could be relaxed and transgressed. From James Cook and Captain Bligh to James Michener and Margaret Mead, the Island girl has occupied a special place in the erotic imagination of the West. In a sweeping study that embraces history, literature, visual arts, anthropology and film, this study gives fresh insight into the myths and reality of a Western icon. While women from far off lands have always been presented as exotic and alluring, the South Sea maiden has come to symbolize feminine sexuality, as an integral part of the adventure, sensuality, and romance of the South Pacific. Everyone from early explorers to 19th century writers and artists to latter day anthropologists, film makers, and tourism promoters have extolled their virtues and their bodies. Sturma looks behind the popular cliché to reveal how the myth-making process reflected not only Western desires, but the cut and thrust of changing sexual politics. The result is an intriguing look at both South Sea image-makers and the women whom they found so seductive.

Reef and Rainforest Michael McCoy, 2010-10-01 Reef and Rainforest is a photographic portrayal of marine and terrestrial life in one of the world's most biodiverse regions – the tropics of north-eastern Australia, together with the South Pacific nations of Solomon Islands and Papua New Guinea. The photographs were taken over a period of more than 30 years while the author was living in the Solomon Islands and northern Australia. They depict life on the coral reefs, in the rainforests and in adjacent tropical savannahs. From detailed macro studies to sweeping scenics and aerials, the photographs are impressive for both their technical/compositional expertise and the unique insight they provide into the behavioural nuances of marine and terrestrial wildlife. Almost all the wildlife images are of free-living, non-posed subjects, photographed as they were encountered. Along with the stunning photography, the detailed and reflective captions are drawn from the author's experiences. Reef and Rainforest conveys the richness and diversity of the natural world with maximum visual impact.
